| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## **Independent Auditors' Report**

To the Trustees  
Swartley Bros. Engineers, Inc. Employee Profit Sharing Plan  
Souderton, Pennsylvania

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Swartley Bros. Engineers, Inc. Employee Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**1. DESCRIPTION OF PLAN**

The following description of the Swartley Bros. Engineers, Inc. Employee Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective December 31, 2022, the Plan was restated under a new Trustee. Some provisions of the Plan will change for 2023.

**General**

The Plan is a defined contribution plan covering all employees of Swartley Bros. Engineers, Inc. (the Company). A participant is eligible to participate in elective deferrals if they have completed one year of service and are age twenty-one or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**

Each year, participants may contribute to the Plan a discretionary amount, determined by the participant. The Plan has an automatic enrollment feature for new eligible employees. The employee will be automatically enrolled in the Plan once eligibility requirements are met and the deferral rate will be 3% unless adjusted by the participant. If an employee does not want to participate in the Plan they must choose the opt out feature within 60 days. Deferral percentages can be changed via the Plan website. Contributions are subject to certain Internal Revenue Code limitations. Additionally, participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may contribute to the Plan a discretionary amount, determined by the Company, not limited to current or accumulated net profits. In order to share in this profit sharing contribution, the employee must have one year of service, be twenty-one years of age or older and be actively employed on the last day of the Plan year. Each participant's allocation is equal to the discretionary contribution determined for the allocation group multiplied by the ratio of the participant's annual compensation to the total annual compensation of all participants in the allocation group. Classification to each group is based on the employee's title; ownership, upper management, supervisor and non-supervisor. The Company elected to contribute profit sharing contributions of \$610,000 and \$430,000 in 2022 and 2021, respectively.

**Excess Contributions Refundable**

At December 31, 2022, a payable of \$8,041 was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Code, plus the lost earnings on these amounts. At December 31, 2021, there were no excess contributions refundable.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution (if any), (b) investment earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**1. DESCRIPTION OF PLAN (continued)**

**Vesting**

Participants are immediately 100% vested in their contributions as well as the profit sharing contribution plus actual earnings thereon. As a result, there are no forfeited amounts.

**Payment of Benefits**

On termination of service, due to death, disability or retirement a participant receives a lump-sum amount equal to the value of the participant's account.

**Hardship Withdrawals**

Hardship withdrawals are permitted under certain restrictions.

**Notes Receivable from Participants**

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined annually by Merrill Lynch. Principal and interest are paid ratably through weekly payroll deductions.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America (US GAAP) and have been consistently applied in the preparation of the financial statements.

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain dividends are reported as dividends. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**December 31, 2022 and 2021**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Costs**

The audit fee and certain third party administrator (TPA) provided services such as compliance testing, preparation of Form 5500 and Summary Annual Report as well as Plan sponsor consultation on a variety of issues as needed, are paid by the Plan Sponsor.

TPA transaction fees for loan initiation, termination and mailing are charged to the respective participants' accounts.

Other fees based on investment decisions of the participant may be charged directly to participants' accounts. These fees are reflected in net investment earnings of that fund within the participant's account balance.

In 2022, the Plan incurred brokerage fees of \$20,122 as the Plan's broker is not a registered agent for Merrill Lynch. This amount is included in Plan administrative expenses and reduced Plan assets. In addition, the Plan received quarterly investment rebates totaling \$70,980. This amount is included in other income and increased Plan assets.

### 3. INVESTMENTS

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds are deemed to be actively traded.

*Stable Value Fund:* The stable value fund is held in a common collective trust and is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

During 2022, the Plan's investment income (loss) was as follows:

|                                               |                              |

During 2022, the Plan administrator approved a change in the Plan's Trustee and custodian. As such, on December 15, 2022, all assets, except for those held in the Morley Stable Value Fund, were liquidated. Cash and shares in the Stable Value Fund were then transferred to the new Trustee on the same day. During the transition, there was a blackout period from December 15, 2022 to December 31, 2022 where participants were unable to make changes to their accounts; however, employee contributions continued. Employee contributions and loan payments received during the blackout period were held in suspense by the Company. These employee deferrals were submitted to the new custodian in January, 2023. An employee contribution receivable of \$63,640 was recorded for the contributions and loan payments remitted during this time frame. At December 31, 2022, the Plan's cash remained in an interest bearing transition holding account, unallocated while investment mapping to the new funds was made and other administrative procedures performed. Participants were allocated the value of their account balance in 2023.

**5. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

**6. TAX STATUS**

The Plan was approved by the Internal Revenue Service in its most recent determination letter dated June 30, 2020. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal Form 5500, Annual Return/Report of Employee Benefit Plan, for the previous three years remains subject to examination by the Internal Revenue Service.

**7. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**8. RELATED PARTY TRANSACTIONS**

Plan investments are held in accounts managed by Principal Trust Company at December 31, 2022. Plan investments were held in accounts managed by Bank of America, N.A. (Merrill Lynch) at December 31, 2021. As custodians of the Plan's assets as defined by the Plan document, transactions with these Companies would qualify as party-in-interest transactions.

As more fully described in Note 4, the Plan's assets were transferred from Bank of American (Merrill Lynch) to Principal Trust Company on December 15, 2022.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

**9. RECONCILIATION OF FINANCIAL STATEMENTS TO FEDERAL FORM 5500**

The following is a reconciliation of amounts per the financial statements to the federal Form 5500:
