INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Guerbet Retirement Savings Plan
Richmond Heights, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Guerbet Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Guerbet Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Guerbet Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Guerbet Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Guerbet Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Guerbet Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Guerbet Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established effective January 28, 2002, as a defined contribution plan for the benefit of employees of Guerbet America, LLC (the “Company”) who meet the Plan’s eligibility requirements. The Plan was restated effective January 1, 2019. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective October 26, 2016, the Plan was amended to allow all union employees to participate in the Plan.

Effective January 1, 2018, the Plan was formally amended to allow participant directed deferral changes to take effect at the beginning of every month instead of the change taking effect quarterly.

Eligibility

Certain employees that have attained age eighteen and completed one month of service are eligible to participate, as defined in the Plan.

Contributions

Contributions are subject to Internal Revenue Code (“IRC”) limitations. Contributions to the Plan are funded on a per pay period basis.

Participants may make a minimum voluntary contribution and increase their voluntary contributions up to a certain limit of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees may contribute pre-tax dollars or on an after-tax Roth basis up to the maximum amount allowed by law. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. As defined by the Plan, the Employer has elected a safe harbor matching contribution. The safe harbor match is 100% of the participant’s elective deferrals that do not exceed 4% of the participant’s compensation. Additionally, The Company makes a 2% profit sharing contribution to all employees, unless specifically declined by the employee, based on eligible compensation.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of investment earnings and losses, and is charged with certain utilization-based fees, as applicable. Participants are entitled to the benefit that can be provided from the participant's vested account. Plan participants are able to direct the investment of their employee and employer contributions into various investment options offered under the Plan.

Vesting

Participants shall at all times be one hundred percent (100%) vested in salary deferrals, employer matching contributions, rollovers, and transfer contributions, plus actual earnings thereon.

Payment of benefits

After termination of employment for any reason, (e.g. resignation, death, disability, retirement etc.), a participant (or his/her beneficiary in the case of the participant's death) may elect to receive either a lump sum amount equal to the participant's vested account balance or to rollover their vested account balance to another qualified retirement plan or IRA, as described in the Plan document. Participants may also leave their account balance in the Plan until they reach age 59 ½. Additionally, participants may elect distributions under certain circumstances of financial hardship, as defined in the Plan document.

Notes receivable from participants

Participants are allowed to borrow from their Plan accounts. The minimum amount that a participant may borrow is \$1,000. The maximum amount that a participant may borrow is the lesser of: (i) 50% of the participant's vested balance; or (ii) \$50,000 less the highest loan balance outstanding in the previous twelve months. Participants are allowed to have two loans outstanding at a time. Loans are secured and bear a reasonable interest rate. Except for unpaid leaves of absence, loans must be repaid through payroll deductions. All outstanding loan balances are due within 90 days upon termination or are treated as taxable distributions unless repaid in full.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Guerbet Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts of assets and liabilities therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments to participants are recorded when distributed.

Administrative expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all Participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on number of Participants in the Plan.

Subsequent events

Subsequent events were evaluated through October 4, 2023, which is the date the financial statements were available to be issued.

3. CERTIFICATION OF INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from American United Life Insurance Company that all of the investment and participant notes receivable information provided by American United Life Insurance Company and included in the accompanying financial statements and Schedule of Assets (Held at End of Year) is complete and accurate. Information as to the investments in the accounts of American United Life Insurance Company, investment income (loss), interest, and all information appearing in the accompanying statements and supplemental Schedule of Assets (Held at End of Year) are presented in reliance solely upon this certification.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021.

Guerbet Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$45,225,818</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$45,225,818</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$55,313,156</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$55,313,156</u>

5. FIXED INTEREST ACCOUNT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

American United Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Benefits associated with a full or partial plan termination, insolvency of the Plan Sponsor, or aggregate terminations in any contract year in excess of 20% of the full contract value as determined on the day of the contract year may be subject to a surrender charge. These events are deemed to be unlikely thus no adjustment has been made to the investment value of the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the group annuity contract at December 31, 2022 and 2021, was \$6,220,815 and \$4,476,328, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and there is no underlying guarantee of a minimum crediting rate. Such interest rates are reviewed on a quarterly basis for resetting.

Notes to Financial Statements
December 31, 2022 and 2021

5. FIXED INTEREST ACCOUNT WITH AMERICAN UNITED LIFE INSURANCE COMPANY
(continued)

Certain events limit the ability of the Plan to contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition and competing investment options or deletion of equity wash provisions, or (3) termination of the contract by the Company. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The fixed interest account allows for termination of the contract by either party 90 days following the receipt of a termination notice, unless another date is agreed upon.

6. TAX STATUS

The custodian has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator believes that the Plan is being operated in compliance with the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan's fixed interest investment account is managed by American United Life Insurance Company, who is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid to the custodian for investment management services are incorporated into the return of the individual investments. Additionally, certain Plan expenses may be paid by the Company. Fees paid by the Plan to American United Life Insurance Company for the years ended December 31, 2022 and 2021 were \$25,415 and \$16,605, respectively.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
