Independent Auditor's Report

To the Pension Board of
The Scripps Pension Plan – Albuquerque Publishing Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Scripps Pension Plan – Albuquerque Publishing Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PrimeGlobal An Association of Independent Accounting Firms

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following is a general description of The Scripps Pension Plan-Albuquerque Publishing Company (the "Plan"). Participants should refer to the Plan document for more complete information.

General-The Plan represents the participation of the Albuquerque Publishing Company (the "Company") in The Scripps Pension Plan, a defined benefit pension plan maintained by The E. W. Scripps Company ("Scripps"). Russell Investments Trust Company (the "Trustee") serves as the trustee of the Plan and manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On March 31, 2009, the Plan was amended to freeze the accrual of participants' plan benefits.

Pension Benefits-The Plan covers certain employees of the Company (principally employees not covered under a bargaining agreement). Normal retirement occurs upon attainment of age 65; however, early retirement may be elected if certain conditions are met. Vesting occurs after five years of credited service or upon normal retirement. The amount of monthly benefits is a function of participants' compensation, years of credited service, and in some circumstances, age. Retirement benefits are reduced 0.5% for each month participants are under age 65 at the time benefits commence. For participants who are considered to be early retirees (age 55 and 10 years of credited service), retirement benefits are reduced 5% for each year the participant is under age 62 at the time benefits commence. There is no post-retirement death benefit for participants retiring after December 31, 2010. Participants who became permanently and totally disabled before December 31, 2010 and after completing 15 years of credited service are entitled to accrued benefits, with no reduction for commencement prior to normal retirement age. The surviving spouses of participants may be entitled to death benefits under certain conditions. Contributions by participants are not required or permitted.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting-The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Subsequent Events-The Plan has evaluated all subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Investments-The Plan's investments in commingled trust funds are presented at fair value, which has been determined based on the fair value of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates-The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties-The Plan invests in commingled trust funds which have underlying investments including corporate debt instruments, mutual funds and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Expenses-Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Administration-Scripps is responsible for the administration of the Plan. Scripps provides the Plan with certain accounting and administrative services for which no fees are charged.

Payment of Benefits-Benefit payments to participants or their beneficiaries are recorded upon distribution.

3. **FAIR VALUE MEASUREMENTS**

As permitted by US GAAP, the Plan uses net asset value as a practical expedient to determine the fair value of all investment funds which do not have a readily determinable fair value and have the attributes of an investment company. In accordance with US GAAP, the investments that are measured at net asset value have not been classified in the fair value hierarchy. For all years presented, all investments have been valued using the net asset value.

The Plan's investments in commingled trust funds are based on the net asset value of the funds, all which have a daily redemption frequency and do not require a notice of redemption. At December 31, 2022 and 2021, the Plan had no unfunded commitments from redemption of commingled trust funds.

4. **FUNDING POLICY**

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2022 and 2021.

5. **INFORMATION CERTIFIED BY THE TRUSTEE**

The following is a summary of the unaudited information as of and for the years ended December 31, 2022 and 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by the Trustee or derived from information prepared by the Trustee. The plan administrator has obtained certifications from the Trustee that such information prepared by the Trustee is complete and accurate.

	2022	2021
Statements of net assets available for benefits:		
Investment in commingled trust funds	$ 19,023,733	$ 26,632,675
Receivable for investments sold	158,983	156,570
Statements of changes in net assets available for benefits:		
Net appreciation (depreciation) in fair value of commingled trust funds	(5,236,381)	943,935

All investment balances and information included in the supplemental schedule.

6. **ACCUMULATED PLAN BENEFITS**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the

time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2022 and 2021, were:

a. Life expectancy of participants - Pri-2012 generationally projected using Scale MP-2021 in both 2022 and 2021.
b. Average retirement age - 62 years in both 2022 and 2021
c. Discount rate - 5.50% in both 2022 and 2021

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2023 and 2022. Had the valuations been performed as of December 31, there would be no material differences.

As of December 31	**2022**	**2021**
Actuarial present value of accumulated vested benefits:		
Participants/beneficiaries currently receiving payments	$ 19,356,519	$ 19,161,748
Other participants	6,112,845	6,952,564
Total actuarial present value of accumulated vested benefits	25,469,364	26,114,312
Actuarial present value of accumulated unvested benefits- active participants	36,556	52,554
Total actuarial present value of accumulated benefits	$ 25,505,920	$ 26,166,866
For the Years Ended December 31	**2022**	**2021**
Actuarial present value of accumulated benefits- beginning of the year	$ 26,166,866	$ 27,159,116
Increases (decreases) due to:		
Changes in assumptions	—	67,543
Interest due to decrease in discount period	1,387,102	1,439,397
Benefit payments to participants or their beneficiaries	(1,893,657)	(1,976,528)
Actuarial (gains)/losses	(154,391)	(522,662)
Actuarial present value of accumulated benefits- end of year	$ 25,505,920	$ 26,166,866

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of commingled trust funds managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were approximately $73,800 and $100,600 for the years ended December 31, 2022 and 2021, respectively.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 3, 2013, that the Plan was designed in accordance with applicable regulations of the Internal Revenue Code. The Company and Plan management believe that the Plan is currently designed and operated in compliance with

the applicable requirements of the Internal Revenue Code and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

9. **PLAN TERMINATION**

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive the benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide these benefits, the priority of benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

Schedule SB, Part V
Summary of Plan Provisions

Plan Provisions

The plan was amended and restated effective January 1, 2018. All benefits are frozen as of March 31, 2009. We have taken into consideration through Amendment 2018-3, which changes the actuarial equivalence for the plan effective January 1, 2019 to use the greater of 417(e) segment rates and mortality and the current basis.

Covered Employees	All employees of Albuquerque Publishing Company not covered by a collective bargaining agreement, if hired on or before March 31, 2008.
Participation Date	Completion of 1,000 hours in first anniversary year or any subsequent plan year calendar. The plan was frozen as of March 31, 2009 and is closed to new entrants.

Definitions

Vesting service	Elapsed time from date of hire through termination.
Pension service	Elapsed time from date of hire with the company or in some circumstances, the date of the adoption of the plan, through the earlier of termination date or March 31, 2009.
Pensionable pay	Annual W-2 compensation plus elective deferrals adjusted for timing of bonus.
Average earnings	The average of the highest five consecutive calendar years of Pensionable Pay during the 11-year period ending on the earlier of participant's termination date or March 31, 2009.
Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.
Covered Compensation	Average of Social Security National Average Wage Base for the 35 complete calendar years which immediately proceed the 1st day of the month following the earlier of termination or March 31, 2009.

SCHEDULE SB ATTACHMENTS

Monthly pension benefit	Equal to the sum of the following: ■ The maximum of 1/12 of 1.0% of Average Earnings not in excess of Covered Compensation times Pension Service or $5.50 times years of Pension Service. ■ 1/12 of 1.25% of Average Earnings in excess of Covered Compensation times years of Pension Service.
Monthly preretirement death benefit	100% of the monthly pension benefit as of the date of death reduced for the 100% joint and survivor election and reduced for payment as early as the participant's date of death.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of Vesting Service.
Postponed retirement	Retirement after NRD.
Vested termination	Termination for reasons other than death or retirement after completing five years of Vesting Service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse.

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD.
Early retirement	Monthly pension benefit determined as of Early Retirement Date, reduced by lesser of 0.4167% for each month of payment before age 62 or the reduction using 417(e) interest and mortality.
Postponed retirement	Monthly pension benefit determined as of actual retirement date for employees younger than age 70-1/2; for participants over age 70-1/2, benefits are actuarially increased to reflect the time and period after age 70-1/2.

SCHEDULE SB ATTACHMENTS

Vested termination	Monthly pension benefit determined as of termination date, reduced by the lesser of 0.50% for each month of payment before 65 or the reduction using 417(e) interest and mortality.
Preretirement death	Monthly preretirement death benefit payable to a surviving spouse on behalf of an active employee or a terminated vested employee is reduced as stated above for employee's early retirement benefit or vested termination.

Other Plan Provisions

Postretirement death benefit	A lump sum equal to 3/12 of final average earnings limited to a maximum of $10,000 and a minimum of $2,500. The participant must be retired on or before December 31, 2010 and have not received a lump sum payment of benefits. For lump-sum payments, the actuarial equivalent is paid with the lump-sum.
Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 100% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are 50% joint and survivor annuity, 5-year or 10-year certain and life annuity, lump sum for values less than $10,000, a full lump sum benefit with ten years Vesting Service as of January 1, 1984 and a life annuity (for married participants). To receive a full lump sum benefit, the participant must meet the following criteria: ■ Ten years of vesting service as of January 1, 1984 ■ Active participant in the Scripps/Journal Pension Plan – Albuquerque Publishing Company on January 1, 1984 Lump sums are paid only if reason for termination is retirement. Actuarial equivalence for the annuity options is based on the greater of the benefit determined by tabular factors as defined in the plan document and the benefit determined using 417(e) interest and mortality. Actuarial equivalence for the lump sum option is based on the segment interest rates determined according to Code Section

	417(e)(3)(C) for the month of October in the year preceding the benefit commencement date and the mortality table in effect under 417(e)(3).
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

None.

SCHEDULE SB ATTACHMENTS

Benefit commencement date:	
■ Preretirement death benefit	The later of the death of the active participant or the date the participant would have attained early retirement eligibility.
■ Deferred vested benefit	Age 65.
■ Retirement benefit	Upon retirement.
Form of payment	Single: 100% elect life annuity Married: 50% elect life annuity, 50% elect 100% joint & survivor annuity
Percent married	80% of males; 60% of females.
Spouse age	Male participants are assumed to be three years older than their spouse. Female participants are assumed to be three years younger than their spouse.
Administrative expenses	Administrative expenses are assumed to equal non-PBGC expenses paid from the trust from the prior year plus an estimate of the PBGC premiums for the current plan year that are to be paid from the trust. The amount included this year for expected administrative expenses is $415,293.
Loadings	None.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.

SCHEDULE SB ATTACHMENTS

Actuarial value of assets

An average value of assets is determined based on the market value as of the valuation date and the market values on the two preceding 12 month periods. Adjustments are made to the asset values for contributions, benefit payments, expenses and expected investment returns over the period between the respective preceding determination dates and the current valuation date, as applicable. Expected investment returns are equal to the expected return on assets assumed for ASC 715 calculations (5.50% for 2020, 5.50% for 2021). The rate of return used in determining the average value of assets is equal to the lesser of the expected rate and the third segment rate from the prescribed yield curve that applies to the appropriate earnings period.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with The Albuquerque Publishing Company and, based on that review, is not aware of any significant benefits required to be valued that were not.

Change in Assumptions and Methods Since Prior Valuation

- The segment rates used to calculate the funding target without regard to the community newspaper funding relief election were updated from an applicable month of September 2020 to September 2021.
- The mortality table used to calculate the funding target and target normal cost was updated to use the MP-2020 projection scale as specified in the regulations under §1.430(h)(3)-1.
- The assumed plan-related expenses added to the target normal cost were changed from $363,808 for 2021 to $415,293 for 2022. The method to determine the assumed plan-related expenses is unchanged.

There have been no changes in non-prescribed assumptions and methods since the prior valuation.

Sources of Data and Other Information

The plan sponsor through its third-party administrator, furnished participant data as of 1/1/2022. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

No data adjustments were made and we are unaware of any data adjustment made by the data provider.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law. The basis is not based on observed market data over certain periods of time, but is a “prescribed methods set by law”, as legislated by the SECURE Act.
Administrative expenses	Administrative expenses are assumed to equal non-PBGC expenses paid from the trust from the prior plan year plus an estimate of the PBGC premium expenses for the current plan year that are to be paid from the trust.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on anticipated turnover. Gains and losses are reviewed each year, and if a significant portion of the gain or loss is due to actual turnover different than assumed, Albuquerque Publishing Company and Willis Towers Watson will study actual experience to determine if the assumption should be changed.
Retirement	Retirement rates were based on anticipated retirements. Gains and losses are reviewed each year, and if a significant portion of the gain or loss is due to actual retirements different than assumed, Albuquerque Publishing Company and Willis Towers Watson will study actual experience to determine if the assumption should be changed.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in here, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Description of Weighted Average Retirement Age
as of January 1, 2022

A fixed population and the retirement rates described in the attached Actuarial Assumptions and Methods and shown below, were used to project the number of retirements per year for ages 55 through 70. Active plan participant characteristics as of January 1, 2022 were factored into the development of the retirement rates. Average retirement age was calculated by taking the weighted average of retirements by age, as shown below:

Average Active Age at January 1, 2022:	**56.8**
Average Eligibility Service at January 1, 2022:	**15.6**

Age:	Assumed Active BOY Count:	Average Service (*)	Retirement Rate	Number of Expected Retirements	Number of Remaining Actives	Number of Retirements Times Age

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

The funding calculations have been determined reflecting the election by Albuquerque Publishing Company of the funding relief provisions for community newspapers that were included in the Setting Every Community Up For Retirement Enhancement (SECURE) Act. We understand that Albuquerque Publishing Company has determined that the Albuquerque Publishing Company and the Scripps/Journal Pension Plan – Albuquerque Publishing Company satisfy the requirements to be eligible for these funding relief provisions based on the election made on September 15, 2020.
