Independent Auditor's Report

The Plan Administrator
Envelope Freedom Holdings, LLC
401(k) Plan
Ridgefield, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Envelope Freedom Holdings, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Envelope Freedom Holdings, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Envelope Freedom Holdings, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan sponsored by Envelope Freedom Holdings, LLC (the Company or Employer). The Plan is available to substantially all employees of the Company. Participation in the Plan commences on the first day of employment if the employee has reached age 18. Voya Institutional Trust Company (Voya) holds the Plan's investment assets and executes investment transactions as of and for the years ended December 31, 2022 and 2021. Officers of the Company are the trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to 75% of their pre-tax annual compensation, subject to certain limitations. Eligible employees are automatically enrolled in the Plan at 3% of the employee's pre-tax wages unless the employee affirmatively elects not to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute after-tax contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Leased employees, non-resident aliens, and Local 318 union members are not eligible to participate in the Plan.

For all participants, the Company makes a matching contribution. During fiscal year 2022, for participants who are not Local 1612 union members, the Plan contributed 35% of the first 6% of each participant's total deferred annual compensation. For participants who are Local 1612 union members, the Company contributed 0.50% of the first 6% of each participant's total deferred annual compensation. Total matching contributions for 2022 amounted to \$330,557. The Company may elect to make a discretionary profit-sharing contribution to the Plan; however, no profit-sharing contributions were made to the plan for the year ended December 31, 2022.

Benefit Payments

On termination of service, or upon death, disability, or retirement at normal retirement age, a participant, or his or her beneficiary, shall be entitled to a distribution equal to the vested value of his or her account in a lump-sum payment or in installments defined in the Plan. Hardship withdrawals are available to participants upon providing adequate documentation and approval.

Notes Receivable from Participants

A participant may borrow up to 50% (but not greater than \$50,000) of their vested interest in their account under a Plan loan provision. The loans are secured by the balance in the participant's account and bear interest based on local prevailing rates, as determined by the Plan administrator. The interest rate is calculated as prime rate plus 1%. The loans are repaid ratably through payroll deductions over the term of the loan over a period of five years or less, except for the purchase of a principal residence, which may be repaid over a reasonable period of time that may be longer than five years. Loans are stated at outstanding principal balance plus unpaid accrued interest. The

Envelope Freedom Holdings, LLC 401(k) Plan

Notes to Financial Statements

interest rates for loans outstanding as of December 31, 2022 were 4.25% to 6.50%. No more than one note is allowed at any time, and repayment of the entire balance is permitted at any time.

Vesting and Forfeitures

Participants are 100% vested at all times in their voluntary contributions. Participants will be 100% vested on the Company's matching contributions upon attaining two years of service. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the participant's non-vested interest in the Company matching contribution is forfeited and available to be used to reduce future Employer contributions or pay administrative expenses. During the year ended December 31, 2022, \$500 of forfeited account balances were used to pay administrative expenses and/or fund Employer contributions. As of December 31, 2022 and 2021, there were \$15,173 and \$11,772, respectively, in forfeited non-vested amounts available to be used to reduce future Employer contributions or pay administrative expenses.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged for withdrawals and with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the Plan's financial statements, in conformity with GAAP, requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses, as well as the disclosure of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Envelope Freedom Holdings, LLC 401(k) Plan

Notes to Financial Statements

Payments of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Transactional costs are paid by the Plan as deductions from the participants' accounts. Service charges and other expenses in the administration of the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The

Envelope Freedom Holdings, LLC 401(k) Plan

Notes to Financial Statements

hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820. There have been no changes in the valuation methodologies of these items held as of December 31, 2022 and 2021.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account - The Plan offers a brokerage option, Morgan Stanley Smith Barney, whereby participants can elect to invest their Plan accounts in numerous publicly traded securities and mutual funds not offered directly by Voya. The Plan's investments within Morgan Stanley Smith Barney accounts are valued at unadjusted quoted prices in active markets.

Collective Investment Trust - The Company has one collective investment trust (CIT) option that is stated at fair value, as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at NAV as a practical expedient to estimate fair value. The

Envelope Freedom Holdings, LLC 401(k) Plan

Notes to Financial Statements

practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. The fund's objective is to provide safety of principal, adequate liquidity, and competitive yield with low return volatility. Transfers from the fund to other investment options are allowed at any time, provided the transfer is not directed to a competing investment option and a transfer into a competing investment option from any non-competing investment option, or a partial surrender, has not occurred within 90 days. Transfers or surrenders into a competing investment option, from an investment other than the fund, are allowed at any time, provided that no prior transfers or surrenders from the fund have occurred within 90 days. A competing investment option is a fund with investment characteristics similar to the fund, as determined by the fund. Generally, Plan sponsor-initiated withdrawals and transfers may be subject to a 12-month hold on the assets, unless waived by the fund. The fund also reserves the right to delay or prioritize redemptions for the protection of the fund and its unit holders, should total redemption requests exceed the fund's liquid assets. There were no unfunded commitments as of December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,453,587	\$ -	\$ -	\$ 18,453,587

Total Investments, in the fair value hierarchy	\$ 20,440,112	\$ -	\$ -	20,440,112
Collective investment trust*				1,644,828
Total Investments, at fair value				\$ 22,084,940

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,174,965	\$ -	\$ -	\$ 24,174,965
Self-directed brokerage account	2,518,884	-	-	2,518,884

Collective investment trust*				1,617,813
Total Investments, at fair value				\$ 28,311,662

* Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient, are not required to be and have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Envelope Freedom Holdings, LLC 401(k) Plan

Notes to Financial Statements

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2022 and 2021.

5. Related Party Transactions and Party-in-Interest Transactions

The Company and Voya, the custodian of the assets, are parties-in-interest with respect to the Plan under the provisions of ERISA. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Fees incurred by the Plan for the investment management services are included as a reduction in the net depreciation in fair value of investments. These transactions are party-in-interest transactions which are exempt from prohibited transaction rules under ERISA.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, each participant automatically becomes 100% vested in all of his or her accounts under the Plan.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by Voya. Voya received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued.
