INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
TriMark Retirement Savings Plan
Mansfield, Massachusetts

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TriMark Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Information Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIMARK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of TriMark Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by TriMark ERF Holdings, LLC (the "Employer"). The purpose of the Plan is to accumulate retirement income for its employees which will supplement retirement benefits provided them by Social Security. The Plan is a contributory single-employer defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to participate in the Plan after the attainment of age 18 and the completion of 30 days of service.

Contributions

In the absence of an election made by employees to the contrary, employees who have met the eligibility requirements will be automatically enrolled in the Plan. Participants are automatically enrolled in the Plan at a contribution rate of 6% of eligible compensation, but may elect to contribute to the Plan up to 100% of eligible compensation, as defined in the Plan, including any bonuses received during the year from the Employer. Effective July 1, 2022, participants were able to participate in the automatic escalation program, which would increase the participant's contribution by 1% annually up to a maximum deferral rate of 12%. Participants who are at least age 50 before the end of the Plan year may make catch-up contributions equal to any whole number percentage of their eligible compensation or whole dollar amount. Participants may not contribute more than the maximum allowed by the IRC.

Employer contributions were discretionary. Through April 1, 2020, employer matching contributions were equal to 50% of participants' elective deferrals, up to 6% of participants' eligible compensation, after which time they were suspended. Employer matching contributions were reinstated effective March 1, 2021 at a rate of 25% of participants elective deferrals, up to 6% of participants eligible compensation. Effective January 7, 2022, employer matching contributions were increased to a rate of 50% of participants elective deferrals, up to 6% of participants eligible compensation.

Rollovers and transfers of funds from other qualified plans in which employees cease to participate are permitted and are fully vested.

Participant accounts

Contributions are paid to the trust, which is administered by the trustee who is responsible for receiving contributions, making distributions, maintaining accounts and records, and rendering an annual report. Participants designate their desired allocation of contributions to the Plan's investment funds and retain the right to change their investment allocation on a daily basis.

TRIMARK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Participant accounts (continued)

Participants' accounts are credited with their contributions and Employer contributions made on their behalf and charged with an allocation of administrative expense. The earnings (losses) generated by the trust investments are allocated to participants' accounts daily, based upon the proportionate value of all active accounts participating in the fund as of the valuation date, as defined in the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are fully vested in their contributions to the Plan and the gains (losses) thereon. Participants, with the exception of employees of the TriMark Strategic Equipment division ("Strategic") and Supply Corporation ("Supply") who terminated on or prior to September 30, 2014, are immediately vested in Employer contributions and the related allocated gains and losses.

Employees of Strategic and Supply who terminated on or prior to September 30, 2014, that are participants in the Plan are subject to the following vesting schedule for Employer contributions:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

A year of vesting service is equal to at least 1,000 hours of service in a plan year.

Notes receivable from participants

The Plan provides that a participant may request a loan from the participant's account for any purpose. The maximum loan which may be received cannot exceed the lesser of 50% of the participant's interest or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. Loans are secured by the balance in a participant's account and bear interest at rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid in level payments on at least a quarterly basis and must be completed within five years, with the exception of loans whose proceeds are used for the purchase of a participant's primary residence, which must be paid within 15 years.

Payment of benefits

Upon termination of employment, participants will be entitled to the amounts credited to their accounts that are vested, payable in a single lump sum or installment payments. In addition, participants who have terminated employment and still retain an account balance in the Plan may withdraw any portion of their vested account balance at any time.

TRIMARK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Hardship withdrawals

The Plan allows for hardship withdrawals from a participant's elective deferral account. Participants must exhaust all other options before financial hardship withdrawals are allowed.

In-service withdrawals

In-service withdrawals are permitted by the Plan up to 100% of a participant's account balance to participants who have attained the age of 59-½. Participants are required to take distributions as a required minimum distribution ("RMD") upon the earlier of the attainment of age 72 or retirement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The Plan holds an indirect investment in fully benefit-responsive contracts through its ownership in a common/collective trust fund ("CCT"). This CCT fund is comprised of guaranteed investment contracts, separate account guaranteed investment contracts, synthetic guaranteed investment contracts, money market mutual funds and other stable value products. Plan assets invested in a CCT are measured at net asset value ("NAV").

The investment in CCT funds is valued at the NAV per unit, as determined by the trustee at year-end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

TRIMARK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements

U.S. GAAP defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Unobservable inputs based on the Plan's assessment of the assumptions that market participants would use in pricing the asset or liability. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no change in the methodology used at December 31, 2022 and 2021:

Mutual funds: Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan administrator believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**TRIMARK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Employer pays certain professional fees and other expenses related to the Plan; therefore, such expenses are not included in the accompanying financial statements. Fees related to the administration of loans and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses charged directly to participants (revenue-sharing) are included in "Net depreciation in fair value of investments."

Subsequent events

The Plan administrator has evaluated subsequent events through October 12, 2023, the date that the accompanying financial statements were available to be issued. There were no subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. FAIR VALUE MEASUREMENTS

Assets measured at fair value are based on one or more of the following valuation techniques:

- (a) *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach*: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

<u>Description</u>	<u>Total at December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Valuation Technique</u>
Assets in fair value hierarchy, mutual funds	\$ 177,408,125	\$ <u>177,408,125</u>	\$ <u>-</u>	\$ <u>-</u>	(a)
Investments measured at NAV (1), common/collective trusts	<u>6,437,757</u>				
Investments at fair value	\$ <u>183,845,882</u>				

<u>Description</u>	<u>Total at December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Valuation Technique</u>
Assets in fair value hierarchy, mutual funds	\$ 209,847,823	\$ <u>209,847,823</u>	\$ <u>-</u>	\$ <u>-</u>	(a)
Investments measured at NAV (1), common/collective trusts	<u>6,702,399</u>				
Investments at fair value	\$ <u>216,550,222</u>				

(1) In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4. FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV PER SHARE

The following tables set forth summaries of the Plan's investments with a reported NAV per share at December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

(a) If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from, without audit, information prepared by Fidelity Management Trust Company ("FMTTC"), the trustee, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

NOTE 8. TAX STATUS

The Plan has adopted the Fidelity Volume Submitter Profit Sharing Plan with CODA (the "Volume Submitter Plan"). The Volume Submitter Plan has received from the Internal Revenue Service ("IRS") an opinion letter, dated March 31, 2014, indicating that the Volume Submitter Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investment options consist of shares of mutual funds that are managed by the trustee; accordingly, the related transactions, as well as those related to notes receivable from participants, qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue-sharing, rather than a direct payment.

FMTC provides certain administrative services to the Plan pursuant to a Service Agreement between the Employer and FMTC. Under this agreement, FMTC receives revenue from mutual fund service providers for services FMTC provides to the funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services to the Plan.

If the revenue received by FMTC from such mutual fund service providers exceeds the amount owed under the agreement, FMTC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, excess amounts totaling \$52,252 were allocated to the accounts of the participants and are included in other income. The Plan or Plan Sponsor may make a payment to FMTC for administrative expenses not covered by revenue sharing.
