Plan Administrator
Roane Transportation Services Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roane Transportation Services Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Roane Transportation Services Retirement Savings Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Plan Administrator
Roane Transportation Services Retirement Savings Plan

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Plan Administrator
Roane Transportation Services Retirement Savings Plan

Other Matter - Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Roane Transportation Services Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The Roane Transportation Services Retirement Savings Plan (the “Plan”) is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. Copies of this publication are available from the Plan Sponsor.

General

The Plan is a controlled group defined contribution plan covering substantially all full-time employees of Roane Transportation, LLC and Roane Metal Group, LLC (collectively, the “Plan Sponsor”) who have completed 90 days of service and are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective March 3, 2023, Roane Metal Group, LLC was sold, and a partial plan termination occurred as a result; accordingly, all affected participants became immediately 100% vested in their accounts.

Contributions

Each year, participants may contribute, on a pre-tax or post-tax basis, to the Plan, up to 100% of their eligible wages, as defined by the Plan Document, subject to the maximum contributions permitted by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute to the Plan amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan with a deferral election in the amount of 6% of compensation, increasing each year by 1%, up to a maximum withholding of 10% of compensation, as defined by the Plan Document.

The Plan Sponsor makes safe harbor matching contributions equal to 100% of participant deferrals up to 1% of eligible compensation plus 50% of participant deferrals from 1% to 6%. During 2022, a portion of the safe harbor matching contributions were remitted during the year, and the remainder of the safe harbor matching contributions were remitted during June 2023.

During 2021, the Plan recorded a \$70,110 contribution receivable from the Plan Sponsor for corrective qualified nonelective contributions for service periods through 2020 that is included in the Plan Sponsor contributions receivable as of December 31, 2021. The corrective qualified nonelective contribution was remitted to the Plan during November 2022 and December 2022.

Cash contributions receivables, if any, are unsecured.

Roane Transportation Services Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan Sponsor contributions, investment earnings and losses that are allocated based on each participant's relative account balance within the respective fund, and an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferral contributions, rollover contributions from other qualified plans, qualified nonelective contributions, and related earnings thereon.

For any Plan Sponsor safe harbor matching contributions, vesting is based on years of credited service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	100%

For any Plan Sponsor discretionary matching or profit-sharing contributions, vesting is based on years of credited service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of terminated participant's non-vested accounts may be used to pay plan expenses or to reduce future Plan Sponsor contributions to the Plan. If a terminated participant is rehired by the Plan Sponsor, then the participant may be entitled to a restoration of certain amounts forfeited, based on provisions in the Plan Document.

Roane Transportation Services Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures (continued)

As of December 31, 2022 and 2021, there was \$79,686 and \$69,049, respectively, in the forfeiture account, which is included in the Plan's assets. Plan Sponsor cash contributions receivable in the accompanying financial statements are reduced by \$96,646 and \$20,317 as of December 31, 2022 and 2021, respectively, for forfeitures used when the Plan Sponsor contributions were remitted in 2023 and 2022, respectively.

Payment of Benefits

On or after the age of 59½ or upon termination of service, death, disability, or retirement, a participant (or the participant's beneficiaries) may receive an installment or lump sum amount equal to the vested value of his or her account. In-service hardship withdrawals are available in certain circumstances.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, the participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as are the annual returns filed under applicable provisions of ERISA and the Internal Revenue Code (IRC).

Investments

Prior to February 19, 2022, the investments of the Plan were held by Principal Life Insurance Company, Principal Trust Company, and Principal Global Investors Trust Company (the "Former Custodians"), who maintained the investments under a group annuity contract in either various pooled separate accounts, various mutual funds, or a collective investment trust, which consisted of a stable value fund account. Effective February 19, 2022, the investments of the Plan are held by Empower Trust Company, LLC (the "Custodian"), who maintains the investments in various mutual funds and a fixed annuity option of Empower Annuity Insurance Company of America (EAICA).

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investments (continued)

Net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Generally, the Plan's investments are collateralized by the proportionate share of the respective investment's underlying net assets. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform and any collateral was insufficient is the recorded amount of such investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain plan administrative expenses are paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Certain investment related expenses are included in net realized and unrealized appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

3. Tax Status

The Plan Sponsor adopted a prototype plan sponsored by ERISA Services, Inc. that received a favorable opinion letter from the IRS dated June 1, 2021, which states the form of the prototype plan is acceptable for use under applicable sections of the IRC.

Notes to Financial Statements (continued)

3. Tax Status (continued)

The Plan has been amended since the latest opinion letter date; however, the Plan Administrator believes that the Plan is being operated in accordance with applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

4. Certified Information (Unaudited)

Prior to February 19, 2022, the Former Custodians held the Plan's investments assets and executed transactions therein. Effective February 19, 2022, the Custodian hold the Plan's investments assets and execute transactions therein. Financial information relating to those assets disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held as of December 31, 2022 and 2021, net realized and unrealized depreciation in the fair value of investments (including \$125,287 from pooled separate accounts of the Former Custodian in 2022), and investment income (including \$7,854 from the EAICA in 2022 and \$5 from the Principal Stable Value Signature Fund in 2022), is based upon information provided to the Plan Administrator and agreed to or derived from information certified as complete and accurate by the Former Custodian as of December 31, 2021, and for the period from January 1, 2022 to February 18, 2022, and by the Custodian as of December 31, 2022, and for the period from February 19, 2022 to December 31, 2022.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement (Topic 820)*, are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, which have had no changes as of December 31, 2022 and 2021:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued daily using publicly available quoted market information. Many of these accounts invest exclusively in one underlying mutual fund traded on an established market, which are measured using quoted market prices of identical assets in an active market (Level 1). Other of these accounts invest mainly in domestic stocks and are measured based on the pricing data provided by outside valuation service providers (Level 2).

Collective investment trust: Valued daily at the NAV of units of the collective investment trust. The NAV is the basis for current transactions, and the collective investment trust can be redeemed at NAV; therefore, the collective investment trust is deemed to have a readily determinable fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Total
2022:				
Mutual funds	\$2,534,812	–	–	2,534,812
	Level 1	Level 2	Level 3	Total
2021:				
Pooled separate accounts	\$2,290,888	\$60,307	\$ –	\$2,351,195
Mutual funds	87,981	–	–	87,981
Collective investment trust	–	4,616	–	4,616
Total investments at fair value	\$2,378,869	\$64,923	\$ –	\$2,443,792

6. EI Fixed Account

The Plan invests in a fixed annuity contract of EAICA that is fully benefit-responsive. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. EAICA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with EAICA. Such events include amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

7. Party-in-Interest Transactions

Certain investments of the Plan are held by the custodians; therefore, these transactions qualify as party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

9. Schedule of Delinquent Participant Contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Plan Sponsor's general assets. During 2022, contributions totaling \$37,744 were not remitted within the required time period. During August 2023, the Plan Sponsor corrected these delinquent contributions, including remitting the associated lost earnings to the Plan.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net increase per the financial statements	\$270,327
Plan Sponsor contributions receivables not recorded on the 2021 Form 5500	70,110
