We have performed an audit of the accompanying financial statements of Millwood, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Millwood, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Millwood, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Millwood, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Millwood, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Millwood, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules included in the Supplemental Financial Information section are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Millwood, Inc.
401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

DESCRIPTION OF PLAN

The following description of Millwood, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was originally established January 1, 1999, restated and most recently amended as of December 31, 2021. The purpose of the Plan is to provide retirement income to eligible employees of Millwood, Inc. (the "Company" or the "Employer") through salary reduction and Company matching contributions. The Plan is subject to Section 401(k) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). As of December 31, 2022 The Standard is the Plan's third party administrator, First National Trust Co. is the trustee, and Reliance Trust Co. is the custodian.

Participation

All employees of the Company who have attained the age of 21 and who have completed at least six months of service are eligible for participation in the Plan. Each eligible employee who elects to participate in the Plan may contribute the maximum amount which will not cause the Plan to violate the actual deferral percentage test, the maximum annual additions allowed pursuant to the Internal Revenue Code or cause the Plan to exceed the maximum allowable amount as a deduction under Internal Revenue Code Section 404 on a tax-deferred basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions and earnings into various investment options offered by the Plan.

Forfeitures

Forfeitures attributable to Employer matching contributions are retained in the Plan and used to reduce future Employer contributions. Forfeitures retained in the Plan and used to reduce future Employer contributions aggregated \$26,432 and \$21,558 for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service, a participant may elect to receive the distribution in either a lump-sum amount equal to the value of his or her vested account balance, or on an installment basis over a period not to exceed the life expectancy of the participant or the joint and last survivor expectancy of the participant and his or her designated beneficiary. A participant may also apply the vested portion of his or her account towards the purchase of an annuity contract. Participants are granted 100% vesting and may withdraw all funds from their account at 65 years of age. A non-terminated employee may make a withdrawal upon reaching 59 1/2 years of age.

Vesting

Participants are immediately vested in their elective wage deferrals plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
1	0%
2	0%
3	100%

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in a number of investment options. Participants may change their investment options daily. NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

**SUMMARY OF SIGNIFICANT
ACCOUNTING POLICIES (continued)**

Investments

Investments in mutual funds and pooled separate accounts are stated at the aggregate current value based upon quoted redemption values as of the last business day of the Plan's year.

Purchases and sales of investments are reflected on a trade-date basis. Gain or loss on sale of investments is based on the identified or average cost methods. Interest income is accrued as earned. Dividend income is recorded on the ex-dividend date.

The Plan presents in its statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the net realized gains, net unrealized appreciation on those investments, and dividend and interest income.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Plan Expenses

Certain administrative functions are performed by officers and employees of Millwood, Inc. No such officer or employee receives compensation from the Plan. As of December 31, 2022 and 2021 certain administrative costs were paid by the Company, while others were paid directly by the Plan.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Contributions

Employee contributions are recorded in the period the Employer withholds payroll deductions from Plan participants. The Company will make matching contributions equal to 25% of the participants' elective deferral, not to exceed 6% of the participant's compensation. The Company's matching portion was \$448,659 for the year ended December 31, 2022 and \$430,338 for the year ended December 31, 2021. The Company may also make a non-elective contribution to be determined on an annual basis. The contribution is made to the individual accounts of only participants who are not highly compensated employees and is allocated to the participant's account in the proportion that each participant's compensation for the Plan year bears to the total compensation of all non-highly compensated participants for such year. The Company did not make a non-elective contribution for the years ended December 31, 2022 and 2021.

Reclassification

Certain items in the financial statements for the year ended December 31, 2021 have been reclassified to conform to the year 2022 presentation.

FAIR VALUE MEASUREMENTS

FASB ASC 820-10, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

FAIR VALUE MEASUREMENTS
(continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the net asset value (“NAV”) of shares held by the plan at year end.

Common Collective Trust Funds – Valued at their closing net asset value.

Guaranteed Contracts – Valued at quoted prices for similar assets in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022

RELATED PARTY TRANSACTIONS

The Company provides certain accounting, legal and administrative services to the Plan for which it receives no compensation. At December 31, 2022 and 2021 certain investments of the Plan were held in investment funds sponsored by the custodian and third party administrator.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, any participant not already 100% vested will become 100% vested in their account.

TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes.

The Internal Revenue Service has determined and informed Millwood, Inc. by a letter dated November 26, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

INCOME TAXES

The Plan's evaluation on December 31, 2022 revealed no tax positions that would have a material impact on the financial statements. The 2019 through 2022 tax years remain subject to examination by various taxing authorities. The Plan does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 5, 2023, the date which the financial statements were available to be issued.
