INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
G-A-P Supply Corp. 401(k) Cash or Deferred Savings Plan
Tigard, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of G-A-P Supply Corp. 401(k) Cash or Deferred Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

G-A-P SUPPLY CORP.
401(k) CASH OR DEFERRED SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the G-A-P Supply Corp. 401(k) Cash or Deferred Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan maintained for the benefit of all eligible employees of G-A-P Supply Corp. d.b.a. Johnstone Supply of Tigard (the Company). Employees who are 21 years of age or older are eligible to participate in the Plan following three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments - Effective March 15, 2022, the Plan was amended and restated in order to adopt required regulatory updates, through adoption of a non-standardized pre-approved plan document sponsored by Schwab Retirement Plan Services. The restated Plan document incorporated all existing amendments and regulatory updates in order comply with recent legislative and regulatory changes. The provisions of the Plan were substantially unchanged as a result of this restatement.

Contributions - Contributions consist of employee elective deferrals and discretionary matching contributions provided by the Company. Participants may voluntarily contribute between 1% and 100% of eligible compensation, limited to \$20,500 and \$19,500 in 2022 and 2021, respectively, as prescribed by the Internal Revenue Code (IRC). Participants aged 50 and older may elect to make an additional catch-up contribution. Discretionary contributions, if any, shall be determined at the Company's discretion. For the years ending December 31, 2022 and 2021, the Company elected to make discretionary matching contributions equal to 50% of the first 6% of the participant's elective deferral, not to exceed 3% of the participant's eligible compensation. Contributions are subject to other limits under the IRC.

Participant Accounts - A separate account is maintained for each participant, which is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings and expenses. Allocation of Plan earnings is based upon participant account balances. Allocation of matching contributions is based on a percentage of each employee's elective deferral. The benefit to which a participant is entitled is the vested amount in their individual account.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company contributions is based on years of service with increases of 20% per year after two years until fully vested after six years of credited service.

Expenses - Administrative expenses may be paid by the Company. Expenses not paid by the Company are allocated to participant's accounts based on account balances. Expenses of plan administration, including computer services, office supplies and payroll expenses of administrative and clerical personnel are provided by the Company without charge to the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may be paid a lump-sum amount equal to the value of the participant's account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. The balance of the forfeited accounts amounted to \$9,877 and \$5,385 at December 31, 2022 and 2021, respectively. The forfeited amounts will be used first to pay Plan expenses, with any remaining amounts used to reduce future employer contributions. There were no forfeitures used to pay plan expenses for the years ended December 31, 2022 and 2021. Forfeitures in the amount of \$8,661 and \$7,483 were used to reduce matching contributions in the years ended December 31, 2022 and 2021, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At December 31, 2022 and 2021, there were no amounts payable to participants.

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The following is a summary of the comparative unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was certified by the custodian of the Plan, Charles Schwab Trust Bank as of and for the years ended December 31, 2022 and 2021 and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate.

	2022	2021
Investments	\$ 12,159,491	\$ 13,750,079
Notes receivable from participants	\$ 65,300	\$ 25,743
Net appreciation (depreciation) in fair value of investments	\$ (2,775,244)	\$ 938,854
Interest and dividends	\$ 319,644	\$ 724,125
Interest income on notes receivable from participants	\$ 2,401	\$ 2,213

NOTE 5 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: The Plan holds investments in the Morley Stable Value Fund, a common/collective trust fund (the "CCT") that is comprised primarily of fully benefit-responsive investment contracts. Principal Global Investors Trust Company, formerly Union Bond & Trust Company, is the trustee of the CCT. The objective of the CCT is to provide a diversified group of investments offering competitive levels of yield consistent with a stable fixed income methodology and the careful and prudent assumption of investment risk providing for preservation of capital stability and predictability of returns, liquidity to pay plan benefits and high credit quality. The CCT invests in other conventional, synthetic and separate account investments contracts issued by life insurance companies, banks, and other financial institutions that invest in a portfolio of securities, primarily equity securities, money market funds and US treasuries. Units in the CCT are valued based on the underlying investments, the majority of which are based on quoted prices. The NAV provided by the trustee is used as a practical expedient to estimate fair value. Units in common collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The value of the Plan's investment in common collective trust funds represents the value of the Plan's interests in the overall value of the CCT. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCT, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. Investments in common collective trust funds can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. In addition, if a fund experiences periods of insufficient liquidity then the fund may defer honoring any payment request until liquidity is sufficient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Investment Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,745,513	\$ -	\$ -	\$ 11,745,513
Total assets in the fair value hierarchy	11,745,513	-	-	11,745,513
Common/collective trust fund measured at net asset value (a)	-	-	-	413,978
Total investments at fair value	\$ 11,745,513	\$ -	\$ -	\$ 12,159,491

	Investment Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,183,347	\$ -	\$ -	\$ 13,183,347
Total assets in the fair value hierarchy	13,183,347	-	-	13,183,347
Common/collective trust fund measured at net asset value (a)	-	-	-	566,732
Total investments at fair value	\$ 13,183,347	\$ -	\$ -	\$ 13,750,079

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

Fair Value of Investment in Entities That Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively:

	December 31, 2022 Fair Value	December 31, 2021 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust fund – Fixed Income	\$ 413,978	\$ 566,732	N/A	Daily	No longer than 12 months

NOTE 6 – NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of interest of 1% above the prime rate at the time the loan is made. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the term of the loan is not to exceed 10 years. Interest rates on all outstanding loans ranged from 3.25% to 6.50% at December 31, 2022.

NOTE 7 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits, and therefore participants' account balances. There were three and four investments that individually represented more than 10% of the investments held as of December 31, 2022 and 2021, respectively. See the Supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Retirement Plan Services, Inc. is the recordkeeper and Charles Schwab Trust Bank is the custodian of the Plan. Investment management and recordkeeper administrative fees paid to Charles Schwab Trust Bank and/or an affiliate of the custodian amounted to \$23,731 and \$19,208 in 2022 and 2021, respectively. As Charles Schwab Trust Bank is the custodian of the Plan these transactions qualify as party-in-interest transactions. In addition, the plan administrator is a participant in the Plan.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Upon termination, the Company may continue the Plan to pay benefits as they mature or liquidate and distribute the relevant portion of the Plan to a successor defined contribution plan, or in the absence of a successor plan, to the participants. Net assets transferred or distributed shall be allocated to participants in proportion to their interests.

NOTE 10 – INCOME TAX STATUS

The Plan is an adoption of a prototype non-standardized profit sharing plan sponsored by Schwab Retirement Plan Services, Inc. The Plan document obtained its latest opinion letter on September 21, 2020, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended to reduce the eligibility age requirement to 18 years of age and to add an auto-escalation provision whereby automatically enrolled participants will have an initial deferral rate of 2% and escalate annually by 1% up to a maximum of 4%. The Plan was also amended to modify the allocation period for discretionary matching contributions to each plan quarter, reduce the hours of service requirement for eligibility to receive discretionary matching contributions to 250 hours, and to allow for rollover of participant loans into the Plan.

The Plan's management has performed an evaluation of subsequent events through October 11, 2023, which is the date these financial statements were available to be issued.
