INDEPENDENT AUDITOR'S REPORT

To Management and the Plan Administrator of
Dev Technology Group – 401(k) P/S Plan
Reston, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Dev Technology Group – 401(k) P/S Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Dev Technology Group – 401(k) P/S Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 *CFR* 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 *CFR* 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Cont.)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dev Technology Group – 401(k) P/S Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dev Technology Group – 401(k) P/S Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dev Technology Group – 401(k) P/S Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dev Technology Group – 401(k) P/S Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - Schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To Management and the Plan Administrator of
Dev Technology Group – 401(k) P/S Plan

Supplemental Schedule Required by ERISA (Cont.)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dev Technology Group – 401(k) P/S Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Dev Technology Group – 401(k) P/S Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Dev Technology Group – 401(k) P/S Plan, established January 1, 2002 and amended effective April 1, 2022, is a defined contribution plan covering substantially all employees of Dev Technology Group, Inc. (the Employer). Under the provisions of the Plan, an employee may become a participant on the first payroll after three months of service and attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees may elect to defer up to 100% of his or her compensation and have such deferrals contributed by the Employer to his or her account under the Plan. Participants may also elect to make after tax contributions. Participant contributions are subject to the annual Internal Revenue Code limits as adjusted each year. This may be further limited so that the Plan complies with the 401(k) and 401(m) nondiscrimination tests. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Each year, the Employer will make a "safe harbor" matching contribution equal to 100% of the first 4% of each participant's compensation. Employer contributions for the years ended December 31, 2022 and 2021 totaled \$1,366,167 and \$1,670,082, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, and charged with applicable fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions are invested, at the discretion of the participants, in one, several, or all of the investment alternatives selected by the plan administrator.

Vesting

Participants become vested in the Employer "safe harbor" matching contributions immediately. Vesting in the Employer "profit sharing" contributions is based on years of continuous service, a participant is 100% vested after three years of credited service. A year of credited service is a Plan year in which the participant is credited with at least 1,000 hours of service with the Employer. Upon termination of employment due to death or disability (approved by Social Security), a participant becomes fully vested in their account.

Note 1 - Description of Plan (Cont.)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over the life expectancy of the participant and/or designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are permitted in accordance with Internal Revenue Service regulations.

Administrative Expenses

The administrative expenses related to the Plan's Trustee are paid by the Plan Sponsor. Participants pay all other administrative expenses of the Plan.

Notes Receivable from Participants

Under certain circumstances, as outlined in the Plan document, the Plan allows employees to obtain loans from the Plan. These loans are secured by the vested portion of the participants account and bear interest at 4.25% - 8.00%. Repayment of loans is provided through automatic payroll deduction. As of December 31, 2022 and 2021, the loan balances outstanding were \$226,907 and \$274,668, respectively.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$-0-. For the years ended December 31, 2022 and 2021, Employer contributions were reduced by forfeited non-vested accounts of \$-0-.

Reclassifications

Certain reclassifications of the prior year balances have been made to conform to current year presentation.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Note 2 - Summary of Accounting Policies (Cont.)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value provides a good approximation of fair value of the contracts held in the stable value fund because the value of the investment contracts are deemed to be no less than the accumulated balance, and that each investment purchase is made at fair value since these purchases are not distressed and are conducted between willing buyers and sellers in open market conditions with a variety of investment choices.

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from the amounts paid. The Employer matching contributions and the Employer profit sharing contributions are recorded in the year in which the Employer designated the contributions. All participant and Employer contributions are participant-directed. The plan administrator has determined that all participant and Employer contributions receivable are fully collectible; consequently, no amount has been recorded as an allowance for doubtful accounts in the accompanying statement of net assets available for benefits.

Note 2 - Summary of Accounting Policies (Cont.)

Payment of Benefits

Benefits are recorded when paid. Benefits paid, including deemed distributions of participant loans, to participants amounts to \$3,310,291 and \$3,879,710 for the years ended December 31, 2022 and 2021, respectively.

Note 3 - Information Prepared and Certified by Trustee

Investment Data

All data contained in the statements of net assets available for benefits, statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021, and supplemental Schedule H, line 4i - schedule of assets (end of year) for the year ended December 31, 2022 was summarized from information supplied and certified as complete and accurate by the Ascensus Trust Company, the Trustee of the Plan.

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, line 4i - schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of December 31, 2022.

Note 4 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820-10 Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Dev Technology Group – 401(k) P/S Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2022 and 2021

Note 4 - Fair Value Measurements (Cont.)

The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan. The Plan considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Plan's perceived risk of that instrument.

In addition, under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy.

Note 4 - Fair Value Measurements (Cont.)

Mutual Funds

Investments whose values are based on quoted market prices in active markets, and are, therefore classified with Level 1, include mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Investment Trust Funds

Share Prices/NAV's reported on the plan summary reports for collective trust funds are generally obtained directly from the fund house or other investment provider.

The table below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 31,238,083	\$ -	\$ -	\$ 31,238,083
Investments measured at net asset value (a)				
Common collective investment trust fund	-	-	-	2,830,361
Total assets at fair value	<u>\$ 31,238,083</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,068,444</u>
	2021			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 37,229,538	\$ -	\$ -	\$ 37,229,538
Investments measured at net asset value (a)				
Common collective investment trust fund	-	-	-	2,780,712
Total assets at fair value	<u>\$ 37,229,538</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,010,250</u>

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2022 and 2021

Note 4 - Fair Value Measurements (Cont.)

Gains and losses (realized and unrealized) are included in changes in net assets available for benefits for the year ended December 31, 2022 and 2021 and are reported in net appreciation (depreciation) in fair value of investments.

The table below sets forth additional disclosures for investments for which fair value is estimated using net asset value per share (or equivalent) as of December 31, 2022 and 2021:

Category	2022	2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective investment trust funds (a)	\$ 2,830,361	\$ 2,780,712	\$ -	Daily	None

(a) Common Collective Investment Trust Funds are valued at the NAV of units of a bank collective trust. The NAV as provided by the Trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (a diversified portfolio) less its liabilities. Participant transactions (purchased and sales) may occur daily.

Note 5 - Party-in-Interest Transactions

The Employer provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan's auditor, who audits the Plan's financial statements are paid directly by the Plan Sponsor. These fees are not reflected in these financial statements.

Certain Plan investments are shares of mutual funds managed by Ascensus. Ascensus is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$56,504 and \$72,452 for the year ended December 31, 2022 and 2021, respectively.

Note 6 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the end of the year. During the plan year ended December 31, 2022 and 2021, there were no reportable transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

December 31, 2022 and 2021

Note 8 - Tax Status

Effective January 1, 2012, the Plan adopted a non-standardized form of prototype plan. The prototype plan obtained its latest opinion letter on June 30, 2020 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the prototype received its opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated the impact of subsequent events. There have been no subsequent events through October 13, 2023, the date the Plan's financial statements were available to be issued, that require recognition or disclosure.
