Report of Independent Auditors

To the Administrator of Empire Office, Inc. 401(k) Plan II

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Empire Office, Inc. 401(k) Plan II (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Empire Office, Inc. 401(k) Plan II

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following is a brief description of the Empire Office, Inc. 401(k) Plan II (the “Plan”) and provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established to provide benefits to certain employees of Empire Office, Inc. (the “Company” or the “Plan Sponsor”). The Plan is a qualified defined contribution plan covering all full-time employees who have completed more than six months of service with the Company and have attained the age of twenty years and six months, except for those employees employed pursuant to a Collective Bargaining Agreement with the United Brotherhood of Carpenters and Joiners of America. Employees under the collective bargaining agreement are covered under a different plan sponsored by the Company. The Plan is designed to comply with the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

The Plan is administered by members of Company management. Matrix Trust Company (the “Trustee”) is the trustee of the Plan.

Contributions

Highly compensated participants and nonhighly compensated participants may elect to contribute up to 100% and 7.2%, respectively, of their annual compensation, as defined in the Plan document. Total participant contributions in any calendar year are limited to the applicable limits under the Internal Revenue Code (the “Code”). The limit was \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants may also contribute amounts due to rollovers and plan-to-plan transfers. Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan also allows participants age 50 or older to make additional “catch up” salary deferrals each year, up to 100% of their compensation with proper notice and approval, subject to limitations as defined by the Code. The catch up limits were \$6,500 pre-tax and post-tax for both 2022 and 2021.

The Company made a discretionary employer contribution amount of \$110,000 for 2022, an amount based on the pro-rata share of each participant’s contribution as a percentage of total contributions.

Effective January 1, 2022, the Plan was amended to credit years of services with DeKalb Office for purposes of eligibility, vesting, and allocations and to waive the eligibility requirements for those eligible employees of DeKalb Office who were actively employed on January 1, 2022.

Vesting

Vested benefits are those amounts participants are entitled regardless of future services to the Company. Participants become fully vested immediately upon entry into the Plan in any Company contribution and in their voluntary contributions plus actual earnings thereon.

Notes Receivable from Participants

The Plan permits participants who are active employees of the Company to borrow up to the lesser of 50% of their vested balance or \$50,000. The loans are secured by the balance in the participant’s accounts. Such loans are interest-bearing at a reasonable rate of interest (as defined in the Plan) and evidenced by a note payable with a maturity within five years. However, loans used to purchase a primary residence may be paid over a reasonable period of time extending over

Empire Office, Inc. 401(k) Plan II

Notes to Financial Statements

five years. Outstanding loans as of December 31, 2022 and 2021 bear interest at fixed rates ranging from 4.25% to 8.00%. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's elective 401(k) deferrals, employer contributions and earnings in their investments, and charged with withdrawals and losses in their investments. Allocations of earnings, losses and administrative expenses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments

Upon termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may withdraw their contributions and all earnings, if they meet the requirements for financial hardship under the Code.

Administrative Expenses

Plan administrative fees may include recordkeeping, legal, accounting, trustee, and other administrative fees and expenses associated with maintaining the Plan. Plan administrative fees and expenses are deducted from participant accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the interest of each participant in the Plan will be distributed to such participant, or his or her beneficiary, at the time prescribed by the Plan terms and the Code.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange

Empire Office, Inc. 401(k) Plan II

Notes to Financial Statements

December 31, 2022 and 2021

Commission. These funds are required to publish their daily net asset values and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments in common collective trusts are valued at unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of net asset value, is a practical expedient for estimating the fair values of those investments. The common collective trusts have no unfunded commitments as of December 31, 2022 and can be redeemed daily with no redemption notice period or other redemption restrictions.

Investment income (loss) includes realized gains and losses on investments sold during the year as well as net income (loss) of investments held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued as earned, and dividend income is recorded as of the ex-dividend date.

Risks and Uncertainties

The Plan provides for various investment options in any one or a combination of mutual funds or common collective funds. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events that could impact the value of investment securities, such as a pandemic or an international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Plan is exposed to credit loss in the event of nonperformance by the investment managers of the funds. However, the Plan does not anticipate nonperformance by the investment managers.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions Receivable

Contributions receivable represent amounts due to the Plan resulting from a formal commitment, legal or contractual obligation for the Plan Sponsor to make a contribution.

3. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated November 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code the Plan administrator believes that the Plan is qualified and the related trust is tax exempt.

Empire Office, Inc. 401(k) Plan II **Notes to Financial Statements** **December 31, 2022 and 2021** ---

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan Administrator has analyzed the tax positions by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019 for which the state limitations has passed.

4. Information Certified by the Trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net investment loss, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Net investment loss	(4,638,367)	
Interest and dividends	<u>934,845</u>	
Total investment loss	<u>\$ (3,703,522)</u>	

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of funds managed by the Trustee and/or affiliates of the Trustee. Services rendered by the Trustee as well as the investment transactions qualify as party-in-interest transactions. Fees for services rendered by the Trustee to the Plan are paid by the Plan, which amounted to approximately \$132,049 in 2022. In addition, certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

6. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, ("ASC 820") Fair Value Measurements and Disclosures defines fair values, establishes a framework for measuring fair value, gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Empire Office, Inc. 401(k) Plan II **Notes to Financial Statements** **December 31, 2022 and 2021**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022					
	Level 1	Level 2	Level 3	NAV	Total

Notes to Financial Statements
December 31, 2022 and 2021

Valuation methodologies for mutual funds and the interest in the common and collective trust are described in Note 2. There have been no changes in the methodologies used at December 31, 2022 and 2021. The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There were no transfers between Level 1, 2 and 3 during the year ended December 31, 2022.

7. Subsequent Events

Effective September 26, 2023, the Plan changed Trustees from Matrix Trust Company to Mid-Atlantic Trust Company.

The Plan's management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date, except for the one disclosed in this footnote.
