REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Shore Medical Center 401(k) Savings and Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Shore Medical Center 401(k) Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the Shore Medical Center 401(k) Savings and Retirement Plan (the Plan) provides general information about the Plan's provisions. Shore Medical Center (the Center) is the Plan Sponsor. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan is a non-standardized prototype defined contribution 401(k) plan established effective June 1, 2007 covering all employees of the Center hired on or after June 1, 2007. New employees are automatically enrolled in the Plan unless they affirmatively decline to participate. Leased employees and all employees hired prior to June 1, 2007 are excluded from participating.

The Shore Medical Center Finance Committee (the Committee) is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was amended effective January 1, 2015 to allow for matching employer contributions equal to 50% of participants' elective deferrals up to 4% of compensation for participants whose employment is not subject to a collective bargaining agreement, and up to 6% of compensation for participants whose employment is subject to a collective bargaining agreement. Additionally, the Plan was amended effective January 1, 2015 to allow an employee serving as the President and Chief Executive Officer of the Center to be eligible to participate in the non-elective contribution component of the Plan.

Effective January 1, 2017, the Plan was amended to exclude all non-union employees hired after January 1, 2017 and all employees of the Shore Physician's Group (affiliated employer), regardless of hire date, from eligibility for the non-elective contribution.

Effective May 17, 2020 through October 3, 2020, the employer matching contribution was suspended. Effective October 4, 2020, the employer matching contribution was reinstated.

Effective October 4, 2020, a new union contract expiring on December 31, 2025, was ratified to allow for new hires who no longer participate in the non-elective contribution (NEC), to receive matching employer contributions equal to 50% of participants' elective deferrals up to 8% of compensation for participants whose employment is subject to a collective bargaining agreement.

On December 31, 2021, Empower Retirement (Empower) acquired the retirement business of Massachusetts Mutual Life Insurance Company (MassMutual). Following an initial transition period, Empower became the sole administrator of the business in 2021. As the Plan holds an insurance product issued by MassMutual, the summary plan reports related to that product are certified by Great-West Life & Annuity Insurance Company (Great-West), an affiliate of Empower (see Note C).

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan. Participants may modify their salary deferral elections on the first day of each pay period. Participants may also contribute amounts representing distributions from other qualified plans. If automatically enrolled, a participant's deferral is set at 2% of eligible compensation until changed by the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Center matches 50% of the first 8% or 50% of the first 6% of compensation that a participant contributes to the Plan, depending on collective bargaining status. The Center also makes a NEC equal to 2.5% of the

**Shore Medical Center
401(k) Savings and Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

participant's pretax annual compensation each year. In order to be eligible to share in the allocation of the NEC, a participant must complete 1,000 hours of service during the Plan year and be actively employed by the Center at the end of the Plan year. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Additional discretionary contributions may be contributed at the discretion of the Center's Board of Directors. In 2022, \$ 483,577 in discretionary contributions were made.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant does not choose his or her investment option, his or her contributions are invested automatically in an American Funds Retirement target date fund that is closest to the participant's presumed retirement age until the election is changed. The Center's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Center's contributions and allocations of investment earnings, and is charged with withdrawals and an allocation of investment losses and administrative expenses. Plan investment earnings (losses) are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Center's NEC plus actual earnings thereon. Vesting in other contributions made by the Center is based on years of continuous service. A participant begins vesting after two years of service and is 100% vested after five years of credited service. Participants also become fully vested in matching contributions upon death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their elective salary deferral, rollover, and transfer accounts, as applicable, in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or a longer repayment term may be permitted for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate of Prime plus 1%. Loans are repaid through automated clearinghouse debit transactions. The loan will be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. Failure to repay a loan will reduce the participant's benefit he or she would have otherwise been entitled to from the Plan. Upon termination, loans become due and payable in full immediately. If the entire outstanding account balance including accrued interest is not repaid, the vested account balance will be reduced by the remaining outstanding balance of the loan. The interest rates ranged from 4.25% to 8.00% and 4.25% to 6.50% on loans outstanding at December 31, 2022 and 2021, respectively.

Payment of Benefits

Upon separation from service with the Center due to death, total and permanent disability, retirement or termination, participants whose vested account balance exceeds \$5,000 may elect to receive lump-sum distributions. Account balances that are greater than \$1,000 but less than \$5,000 can be distributed without a participant's consent in direct rollover to an individual retirement account. Participants whose vested account balances are less than \$1,000 will automatically receive immediate lump-sum distributions equal to their vested account balances.

**Shore Medical Center
401(k) Savings and Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Hardship withdrawals are allowed for participants from their elective salary deferral, rollover or transfer account, as applicable and as defined by the Plan, if participants are incurring an immediate and heavy financial need. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. Per IRS regulations, participants are required to take a required minimum distribution by April 1 of the year following the year they reach age 72.

Forfeited Accounts

Upon termination of employment, participants forfeit their non vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non vested accounts may be used to pay administrative expenses or reduce future Center matching contributions. During 2022, \$15,821 of forfeitures were used to reduce employer contributions and \$43,609 was used to pay for administrative expenses. The unused forfeiture balance at December 31, 2022 and 2021 was \$149,640 and \$150,683 respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Plan's investment in fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

**Shore Medical Center
401(k) Savings and Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Center, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment options to which the expenses relate. All other administrative expenses of the Plan are paid by the Center.

Revenue Sharing Account

The Plan has a revenue sharing or expense budget account, which represents a suspense account under the Plan that shall be credited all amounts received by the Plan that do not consist of earnings on Plan investments or Plan contributions and are not specifically attributable to identified participant accounts. The revenue sharing account can be used to pay expenses incurred in connection with the operation of the Plan. Also, at the discretion of the Plan Sponsor, all amounts remaining in the account as of the last day of the Plan year may be allocated to the accounts of participants and beneficiaries who have account balances as of the allocation date.

NOTE C - INVESTMENTS AND INFORMATION CERTIFIED BY CUSTODIANS

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MassMutual and Reliance Trust Company, as trustee and/or custodian of the Plan have certified for the year ended December 31, 2021 and the period of January 1, 2022 to May 1, 2022, and Empower Annuity Insurance Company of America and its subsidiaries and Empower Trust Company, LLC, for the period May 1, 2022 through December 31, 2022, the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to information certified by the custodians, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

- The shares of mutual funds and a money market fund are valued based on quoted prices of the fund in active markets and classified within Level 1 of the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value.

		2022		
		Level 1	Level 2	Level 3

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The MassMutual general investment account investment option for defined contribution plans is a Guaranteed Interest Account (the GIA) provided through a group annuity contract (the Contract). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. This investment option is fully benefit responsive notwithstanding the Contract provisions that limit the ability of the Plan to transact at contract value. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from Plan coverages as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete Plan termination; or (3) Plan disqualification. Plan management does not believe any of the aforementioned events are probable of occurring.

Balances in this contract at contract value totaled \$1,494,535 and \$1,063,126 at December 31, 2022 and 2021, respectively. The interest crediting rate for both 2022 and 2021 is 1.6%.

**Shore Medical Center
401(k) Savings and Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE F - RELATED-PARTY TRANSACTIONS

The Plan invests in a GIA provided through a group annuity contract through MassMutual. Certain Plan investments are shares of a money market fund managed by MassMutual. The Plan and the Center pay investment and administrative expenses directly. Certain administrative functions of the Plan are performed by employees of the Center. No such employee receives compensation from the Plan. Notes receivable from participants also qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets (held at end of year).

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provision of the Code.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 10, 2023, which is the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.
