Independent Auditor's Report

The Plan Administrator
SPAR Group, Inc. 401(k) Profit Sharing Plan
Auburn Hills, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SPAR Group, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPAR Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of SPAR Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective April 1, 1983 by SPAR Group, Inc. The Plan is a voluntary, multiple employer defined contribution plan covering certain employees of SPAR Group, Inc.; SPAR, Inc.; Resource Plus of North Florida; and National Merchandising Services, LLC (collectively, the Company or, individually, the Employer). SPAR Group, Inc. is the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended, effective January 1, 2020, to offer the option of either transferring the SPAR Group, Inc. common stock fund into another investment option or receiving a cash distribution. For a participant who held an investment in the SPAR Group, Inc. common stock fund, the investment was either distributed in cash or rolled over into another financial institution as SPAR Group, Inc. common stock. The remaining amount in the SPAR Group, Inc. common stock fund as of December 31, 2021 was used for any remaining closing fees to be paid.

The Plan was amended, effective October 4, 2022, for the changes pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 and the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act).

Custodian and Administration of the Plan

The custodians and recordkeepers of the Plan are Principal Life Insurance Company and Principal Trust Company (collectively referred to as the Custodian). The Custodian holds all the assets of the Plan in accordance with the service provider contract with the Company. The Board of Directors determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are considered eligible for participation at the age of 21 years or older and at the completion of 30 days of service as defined by the Plan agreement.

Contributions

Participants may elect to contribute up to 100% of their annual compensation, as defined in the Plan agreement, up to a maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Employer shall contribute a matching employer contribution on behalf of each participant who has elected to make deferral contributions during the Plan year-end, and, at its discretion, may make an additional profit-sharing contribution to the Plan at an amount allocated at a percentage of the participants' annual compensation for each eligible participant who is employed on the last

SPAR Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

day of the Plan year and who has completed at least 1,000 hours of service during the Plan year. The matching employer contribution is also allocated to the matching contribution account of each eligible participant who (a) died during the year while an employee, (b) terminated employment during the Plan year as a result of a total and permanent disability, or (c) terminated employment during the Plan year after attaining his or her normal retirement date. Matching employer contributions made by the Employer for a given Plan year must be deposited to the Plan no later than the end of the 12-month period immediately following the Plan year to which the contribution relates. The Employer, in its sole and absolute discretion, may make such contributions to the Plan in cash or other property acceptable to the Custodian.

There were no additional profit-sharing contributions for the years ended December 31, 2022 or 2021.

Participants direct the investment of their contributions and any employer matching or discretionary contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, pooled separate accounts (PSAs), and a fixed investment contract as investment options for participants. Contributions are subject to certain limitations.

Contributions received from participants for the years ended December 31, 2022 and 2021 are net of payments of \$10,705 and \$26,052, respectively, to certain active participants representing a return of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are recognized in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and an allocation of (a) the Company's profit-sharing contribution (when made), (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer matching or discretionary contributions vest at a rate of 20% per year, beginning after the second year of service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum amount of any loan shall not equal less than \$1,000. The notes receivable are secured by the balance in the participant's account and bear interest, which is commensurate with local prevailing rates as determined by the Plan Administrator and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions, and the term of loan shall not exceed five years. These loans are subject to certain restrictions, as defined by the Plan agreement and applicable restrictions under the IRC. Also, each participant may not have more than one loan outstanding at any time.

SPAR Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or installment payments, as defined by the Plan agreement. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawal of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions and rollover contributions in amounts necessary to satisfy financial hardship, as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to pay Plan administration expenses and to reduce future employer cash contributions with any remaining amounts allocated among the accounts of participants. During 2022 and 2021, forfeitures of \$813 and \$6,586 were used to offset the employer match contribution, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$33 and \$3,409, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting and in accordance with generally accepted accounting principles in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, except for the guaranteed investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Custodian. See Note 5 for discussion of fair value measurements. The Plan's investment in the guaranteed investment contract, a fully benefit-responsive investment contract, is valued at contract value (see Note 6).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

SPAR Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and March 15, 2022, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by SPAR Group, Inc. are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments.

3. Investment in Common Stock

Participants may invest in certain investments offered by the Custodian of the Plan. The Plan's investments also included a unitized common stock fund containing common stock of SPAR Group, Inc. and interest-bearing cash. Effective August 1, 2017, participants could no longer direct their contributions into the common stock fund. During 2021, the Plan liquidated the SPAR Group, Inc. Stock Fund (the Fund) and returned all invested balances to participants.

For risks and uncertainties regarding investment in the Fund, which contains SPAR Group, Inc. common stock, participants should refer to the SPAR Group, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2021 and the Quarterly Report on Form 10-Q for the subsequent quarters.

4. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2022 and 2021 and for the years then ended. Accordingly, Principal Life Insurance Company and Principal Trust Company, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment (loss) income and interest income from notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such certified investment information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SPAR Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - PSAs are valued using the NAV of the units held as of the reporting date. The NAV is based on the fair value of the underlying investments held by the PSA less liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Principal Life Insurance Company, is used as a practical expedient to estimate fair value. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments related to these investments. These are direct filing entities.

Common Stock Fund - The SPAR Group, Inc. common stock fund (Stock Fund) is tracked on a unitized basis. The unitized value is computed based upon the daily closing market value of the security plus cash holdings divided by the outstanding units of the Plan. The value of a unit reflects the combined market value of the common stock and the cash held by the Stock Fund. The Stock Fund consisted of common stock of SPAR Group, Inc. and deposit account cash that were sufficient to meet the Stock Fund's daily cash needs. The 263 units of the Stock Fund held at the end of December 31, 2021 was outstanding with a value of \$1.39 per unit, which was liquidated in 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

⁽¹⁾ Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Guaranteed Investment Contract

In 2017, the Plan entered in a benefit-responsive guaranteed investment contract with Principal Life Insurance Company to invest in the Principal Fixed Income Guaranteed Option (PFIGO). Principal Life Insurance Company maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to guaranteed investment contracts. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

SPAR Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Principal Life Insurance Company and Principal Trust Company, the Plan Custodian, or its subsidiaries and affiliates. Fees paid by the Plan to the Custodian for custodial services amounted to \$99,720 and \$106,892 for the years ended December 31, 2022 and 2021, respectively. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts.

These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

The Plan's SPAR Group, Inc. common stock fund as of December 31, 2021 represented a party-in-interest investment. The 263 shares of SPAR Group Inc. common stock held by the Fund as of December 31, 2021, represents approximately 0.0% of the Company's total outstanding shares of common stock.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in financial statements.

9. Tax Status

The IRS has determined and informed the Plan, by a letter dated January 26, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator is responsible for reviewing the annual Required Amendment List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Notes to Financial Statements

10. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their accounts.

11. Subsequent Events

Subsequent to December 31, 2022, effective March 20, 2023, the Company merged the net assets of \$1,045,158 from the FDM Field Administration Inc., 401(k) Plan into the SPAR Group 401(k) Profit Sharing Plan.

Subsequent events have been evaluated through October 13, 2023, which is the date the financial statements were available to be issued. There were no other subsequent events impacting the Plan that require recognition or disclosure in the financial statements.
