INDEPENDENT AUDITOR'S REPORT

To the Durant Auto Group 401(k) Plan and Participants
Grapevine, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Durant Auto Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Durant Auto Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Durant Auto Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Durant Auto Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Durant Auto Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Durant Auto Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 DESCRIPTION OF PLAN

The following description of the Durant Auto Group 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan for the benefit of the employees of Classic Chevrolet, Inc. (GPVN), Classic CRCJ of Arlington (ARCJ), Classic Buick GMC, Ltd. (ARLG), Stingray Chevrolet – Bartow, LLC (BART), Classic Autoplex / Nissan of Boerne (BRNE), Classic Kia of Carrollton (CKIA), Classic Chevrolet Buick GMC of Cleburne (CLEB), Classic Buick GMC of Carrollton, LLC (CRLT), Classic Chrysler Jeep Dodge & Mazda (DENT), Classic Autoplex GM, LLC (GALV), Classic Chevrolet Houston (HOUS), Classic Lawton Chevrolet (LAWT), Mike Brown Ford, Dodge & Hyundai (MBRN), Classic Honda of Midland (MIDL), Stingray Chevrolet, LLC (PLNT), Classic Chevrolet Sugarland, LLC (SGRL), Classic Chevrolet West Houston, LLC (SGRW), Smart Auto Leasing, LLC (SMAL), Classic Tulsa Buick GMC, dba Mark Allen Buick GMC (TULB), Classic Tulsa, d/b/a Mark Allen Chevrolet (TULS), Classic CC Denison LLC (TXCC), and Classic Texoma (TXOM). These entities (collectively, the Company) are under common ownership and control. During 2020 and 2021, BRNE, CRLT, DENT, GRBY, and MBRN were sold to third parties. After the sale, employees of those dealerships became unable to contribute to the Plan, although they are eligible to withdraw their balances.

The Plan qualifies as a profit-sharing plan under Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan covers substantially all eligible employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees must be at least 18 years old and have three months' service with the Company to be eligible. Eligible employees may enter the plan the first day of any month. The 401(k) Plan Committee oversees governance of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the 401(k) Plan Committee.

Employee contributions

Participants are permitted to contribute 1% to 75% of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation (4% for employees being automatically enrolled on or after August 2, 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. After-tax contributions are not allowed. Contributions are subject to certain statutory limitations.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 **DESCRIPTION OF PLAN – (continued)**

Employer contributions

The Company makes matching contributions based on each participant's contributions. Except as discussed below, the matching rate is 25% during an employee's first four years of service and 50% thereafter. The matching contribution is limited to matching participant contributions up to 6% of salary (i.e., the match is limited to 1.5% of compensation for the first three years and 3% of compensation thereafter). The matching contribution discussed above is determined based on the participants' compensation and contributions each pay period. These are described as matching contributions in the financial statements.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, any employer discretionary profit-sharing contribution, and Plan investment earnings or losses, which are allocated proportionately among all participants based on their investment in each fund.

Participants may direct the investment of their contributions, the related employer matching contribution, and activity thereon into various investment options offered by the Plan. The Plan currently offers various mutual funds and a "Brokeragelink" option in which participants may invest in common stock, certificates of deposit, or other investments. Contributions for which investment direction has not been received are invested in a "target date" mutual fund, dependent on the participant's date of birth.

Vesting

Participants employed at GPVN are fully vested in all accounts. Other participants are fully vested in their deferral, rollover, and QNEC accounts. Other employer matching contributions are 25% vested after one year's service with the Company. That increases 25% per year, until they are fully vested after four years of credited service. Participants' balances become fully vested if the participant reaches normal retirement age (age 65), becomes disabled, or dies while employed by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Administrative expenses

The Company pays certain administrative expenses, such as the cost of Company employees' time involved in Plan administration; the Company also absorbs costs not permitted to be paid from plan assets. Other administrative expenses, such as investment advisory fees, audit fees, and transaction charges, are paid by the Plan.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 **DESCRIPTION OF PLAN – (continued)**

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. They may also receive an annuity with the same value. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Unless another distribution election is timely made, accounts of terminated participants with balances less than \$5,000 are distributed in a lump sum automatically. Amounts between \$1,000 and \$5,000 are rolled into an individual retirement account for the benefit of the participant.

The Plan permits in-service withdrawals: (1) of rollover contributions, at the participant's request, (2) for employees over the age of 59 ½, and (3) for certain hardship situations, as defined.

Other plan provisions

Other Plan provisions including investment options are described in the Plan Document.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Subsequent events

The Plan has evaluated subsequent events through September 30, 2023, the date which the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than when earned, and expenses are recorded when paid rather than when incurred.

Investments held by a defined contribution plan are required to be reported at fair value.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)**

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as distributions when paid. These amounts were not material at December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 **TAX STATUS**

The Plan has adopted a Volume Submitter Plan (the Volume Submitter Plan) of Fidelity Management & Research Company (FMR). FMR obtained an advisory letter in regard to the Volume Submitter Plan dated June 30, 2020, in which the Internal Revenue Service stated that the Volume Submitter Plan, as designed, is in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 3 TAX STATUS - (continued)

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial termination, affected participants would be fully vested in their accounts.

Note 5 INFORMATION PREPARED AND CERTIFIED BY FMTC

Fidelity Workplace Services, LLC (FWS) is a wholly-owned subsidiary of FMR, LLC (Fidelity). Fidelity Management Trust Company (FMTC) is (indirectly) a wholly-owned subsidiary of Fidelity. The December 31, 2022 and 2021 statements of net assets available for benefits – modified cash basis, the investment activities included on the modified cash basis statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by FMTC in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$53,241,483 and \$62,678,928 at December 31, 2022 and 2021, respectively, and related investment earnings (loss) of \$(10,766,456) for the year ended December 31, 2022.

These accounts are maintained by Fidelity, a party-in-interest. See note 6.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 6 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no Level 2 or Level 3 transactions at December 31, 2022 or 2021.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The fair value of interest-bearing cash is amortized cost, which approximates fair value.

The self-directed brokerage accounts are mostly common stock; its fair value is the quoted market price(s) of the stock(s).

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 6 FAIR VALUE MEASUREMENTS – (continued)

	<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 57,616,217	\$ -	\$ -	\$ 57,616,217

Total	<u>\$ 62,678,928</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,678,928</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2022, there were no significant transfers between different levels of the fair value hierarchy.

Note 7 PARTY-IN-INTEREST TRANSACTIONS

Most of the Plan's investments are shares of mutual funds managed by FMTC, the custodian of the Plan.

Employee deferrals for forty eight pay periods (totaling approximately \$411,000) were not remitted to the Plan on a timely basis. These are nonexempt party-in-interest transactions under ERISA.

Note 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 REPORTABLE TRANSACTIONS

There were no reportable transactions in 2022.

INDEPENDENT AUDITOR'S REPORT

To the Durant Auto Group 401(k) Plan and Participants
Grapevine, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Durant Auto Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Durant Auto Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Durant Auto Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Durant Auto Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Durant Auto Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Durant Auto Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 DESCRIPTION OF PLAN

The following description of the Durant Auto Group 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan for the benefit of the employees of Classic Chevrolet, Inc. (GPVN), Classic CRCJ of Arlington (ARCJ), Classic Buick GMC, Ltd. (ARLG), Stingray Chevrolet – Bartow, LLC (BART), Classic Autoplex / Nissan of Boerne (BRNE), Classic Kia of Carrollton (CKIA), Classic Chevrolet Buick GMC of Cleburne (CLEB), Classic Buick GMC of Carrollton, LLC (CRLT), Classic Chrysler Jeep Dodge & Mazda (DENT), Classic Autoplex GM, LLC (GALV), Classic Chevrolet Houston (HOUS), Classic Lawton Chevrolet (LAWT), Mike Brown Ford, Dodge & Hyundai (MBRN), Classic Honda of Midland (MIDL), Stingray Chevrolet, LLC (PLNT), Classic Chevrolet Sugarland, LLC (SGRL), Classic Chevrolet West Houston, LLC (SGRW), Smart Auto Leasing, LLC (SMAL), Classic Tulsa Buick GMC, dba Mark Allen Buick GMC (TULB), Classic Tulsa, d/b/a Mark Allen Chevrolet (TULS), Classic CC Denison LLC (TXCC), and Classic Texoma (TXOM). These entities (collectively, the Company) are under common ownership and control. During 2020 and 2021, BRNE, CRLT, DENT, GRBY, and MBRN were sold to third parties. After the sale, employees of those dealerships became unable to contribute to the Plan, although they are eligible to withdraw their balances.

The Plan qualifies as a profit-sharing plan under Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan covers substantially all eligible employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees must be at least 18 years old and have three months' service with the Company to be eligible. Eligible employees may enter the plan the first day of any month. The 401(k) Plan Committee oversees governance of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the 401(k) Plan Committee.

Employee contributions

Participants are permitted to contribute 1% to 75% of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation (4% for employees being automatically enrolled on or after August 2, 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. After-tax contributions are not allowed. Contributions are subject to certain statutory limitations.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 **DESCRIPTION OF PLAN – (continued)**

Employer contributions

The Company makes matching contributions based on each participant's contributions. Except as discussed below, the matching rate is 25% during an employee's first four years of service and 50% thereafter. The matching contribution is limited to matching participant contributions up to 6% of salary (i.e., the match is limited to 1.5% of compensation for the first three years and 3% of compensation thereafter). The matching contribution discussed above is determined based on the participants' compensation and contributions each pay period. These are described as matching contributions in the financial statements.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, any employer discretionary profit-sharing contribution, and Plan investment earnings or losses, which are allocated proportionately among all participants based on their investment in each fund.

Participants may direct the investment of their contributions, the related employer matching contribution, and activity thereon into various investment options offered by the Plan. The Plan currently offers various mutual funds and a "Brokeragelink" option in which participants may invest in common stock, certificates of deposit, or other investments. Contributions for which investment direction has not been received are invested in a "target date" mutual fund, dependent on the participant's date of birth.

Vesting

Participants employed at GPVN are fully vested in all accounts. Other participants are fully vested in their deferral, rollover, and QNEC accounts. Other employer matching contributions are 25% vested after one year's service with the Company. That increases 25% per year, until they are fully vested after four years of credited service. Participants' balances become fully vested if the participant reaches normal retirement age (age 65), becomes disabled, or dies while employed by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Administrative expenses

The Company pays certain administrative expenses, such as the cost of Company employees' time involved in Plan administration; the Company also absorbs costs not permitted to be paid from plan assets. Other administrative expenses, such as investment advisory fees, audit fees, and transaction charges, are paid by the Plan.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 **DESCRIPTION OF PLAN – (continued)**

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. They may also receive an annuity with the same value. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Unless another distribution election is timely made, accounts of terminated participants with balances less than \$5,000 are distributed in a lump sum automatically. Amounts between \$1,000 and \$5,000 are rolled into an individual retirement account for the benefit of the participant.

The Plan permits in-service withdrawals: (1) of rollover contributions, at the participant's request, (2) for employees over the age of 59 ½, and (3) for certain hardship situations, as defined.

Other plan provisions

Other Plan provisions including investment options are described in the Plan Document.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Subsequent events

The Plan has evaluated subsequent events through September 30, 2023, the date which the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than when earned, and expenses are recorded when paid rather than when incurred.

Investments held by a defined contribution plan are required to be reported at fair value.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)**

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as distributions when paid. These amounts were not material at December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 **TAX STATUS**

The Plan has adopted a Volume Submitter Plan (the Volume Submitter Plan) of Fidelity Management & Research Company (FMR). FMR obtained an advisory letter in regard to the Volume Submitter Plan dated June 30, 2020, in which the Internal Revenue Service stated that the Volume Submitter Plan, as designed, is in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 3 TAX STATUS - (continued)

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial termination, affected participants would be fully vested in their accounts.

Note 5 INFORMATION PREPARED AND CERTIFIED BY FMTC

Fidelity Workplace Services, LLC (FWS) is a wholly-owned subsidiary of FMR, LLC (Fidelity). Fidelity Management Trust Company (FMTC) is (indirectly) a wholly-owned subsidiary of Fidelity. The December 31, 2022 and 2021 statements of net assets available for benefits – modified cash basis, the investment activities included on the modified cash basis statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by FMTC in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$53,241,483 and \$62,678,928 at December 31, 2022 and 2021, respectively, and related investment earnings (loss) of \$(10,766,456) for the year ended December 31, 2022.

These accounts are maintained by Fidelity, a party-in-interest. See note 6.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 6 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no Level 2 or Level 3 transactions at December 31, 2022 or 2021.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The fair value of interest-bearing cash is amortized cost, which approximates fair value.

The self-directed brokerage accounts are mostly common stock; its fair value is the quoted market price(s) of the stock(s).

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 6 FAIR VALUE MEASUREMENTS – (continued)

	<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 57,616,217	\$ -	\$ -	\$ 57,616,217

Total	<u>\$ 62,678,928</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,678,928</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2022, there were no significant transfers between different levels of the fair value hierarchy.

Note 7 PARTY-IN-INTEREST TRANSACTIONS

Most of the Plan's investments are shares of mutual funds managed by FMTC, the custodian of the Plan.

Employee deferrals for forty eight pay periods (totaling approximately \$411,000) were not remitted to the Plan on a timely basis. These are nonexempt party-in-interest transactions under ERISA.

Note 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 REPORTABLE TRANSACTIONS

There were no reportable transactions in 2022.

INDEPENDENT AUDITOR'S REPORT

To the Durant Auto Group 401(k) Plan and Participants
Grapevine, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Durant Auto Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Durant Auto Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Durant Auto Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Durant Auto Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Durant Auto Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Durant Auto Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 DESCRIPTION OF PLAN

The following description of the Durant Auto Group 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan for the benefit of the employees of Classic Chevrolet, Inc. (GPVN), Classic CRCJ of Arlington (ARCJ), Classic Buick GMC, Ltd. (ARLG), Stingray Chevrolet – Bartow, LLC (BART), Classic Autoplex / Nissan of Boerne (BRNE), Classic Kia of Carrollton (CKIA), Classic Chevrolet Buick GMC of Cleburne (CLEB), Classic Buick GMC of Carrollton, LLC (CRLT), Classic Chrysler Jeep Dodge & Mazda (DENT), Classic Autoplex GM, LLC (GALV), Classic Chevrolet Houston (HOUS), Classic Lawton Chevrolet (LAWT), Mike Brown Ford, Dodge & Hyundai (MBRN), Classic Honda of Midland (MIDL), Stingray Chevrolet, LLC (PLNT), Classic Chevrolet Sugarland, LLC (SGRL), Classic Chevrolet West Houston, LLC (SGRW), Smart Auto Leasing, LLC (SMAL), Classic Tulsa Buick GMC, dba Mark Allen Buick GMC (TULB), Classic Tulsa, d/b/a Mark Allen Chevrolet (TULS), Classic CC Denison LLC (TXCC), and Classic Texoma (TXOM). These entities (collectively, the Company) are under common ownership and control. During 2020 and 2021, BRNE, CRLT, DENT, GRBY, and MBRN were sold to third parties. After the sale, employees of those dealerships became unable to contribute to the Plan, although they are eligible to withdraw their balances.

The Plan qualifies as a profit-sharing plan under Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan covers substantially all eligible employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees must be at least 18 years old and have three months' service with the Company to be eligible. Eligible employees may enter the plan the first day of any month. The 401(k) Plan Committee oversees governance of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the 401(k) Plan Committee.

Employee contributions

Participants are permitted to contribute 1% to 75% of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation (4% for employees being automatically enrolled on or after August 2, 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. After-tax contributions are not allowed. Contributions are subject to certain statutory limitations.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 **DESCRIPTION OF PLAN – (continued)**

Employer contributions

The Company makes matching contributions based on each participant's contributions. Except as discussed below, the matching rate is 25% during an employee's first four years of service and 50% thereafter. The matching contribution is limited to matching participant contributions up to 6% of salary (i.e., the match is limited to 1.5% of compensation for the first three years and 3% of compensation thereafter). The matching contribution discussed above is determined based on the participants' compensation and contributions each pay period. These are described as matching contributions in the financial statements.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, any employer discretionary profit-sharing contribution, and Plan investment earnings or losses, which are allocated proportionately among all participants based on their investment in each fund.

Participants may direct the investment of their contributions, the related employer matching contribution, and activity thereon into various investment options offered by the Plan. The Plan currently offers various mutual funds and a "Brokeragelink" option in which participants may invest in common stock, certificates of deposit, or other investments. Contributions for which investment direction has not been received are invested in a "target date" mutual fund, dependent on the participant's date of birth.

Vesting

Participants employed at GPVN are fully vested in all accounts. Other participants are fully vested in their deferral, rollover, and QNEC accounts. Other employer matching contributions are 25% vested after one year's service with the Company. That increases 25% per year, until they are fully vested after four years of credited service. Participants' balances become fully vested if the participant reaches normal retirement age (age 65), becomes disabled, or dies while employed by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Administrative expenses

The Company pays certain administrative expenses, such as the cost of Company employees' time involved in Plan administration; the Company also absorbs costs not permitted to be paid from plan assets. Other administrative expenses, such as investment advisory fees, audit fees, and transaction charges, are paid by the Plan.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 **DESCRIPTION OF PLAN – (continued)**

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. They may also receive an annuity with the same value. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Unless another distribution election is timely made, accounts of terminated participants with balances less than \$5,000 are distributed in a lump sum automatically. Amounts between \$1,000 and \$5,000 are rolled into an individual retirement account for the benefit of the participant.

The Plan permits in-service withdrawals: (1) of rollover contributions, at the participant's request, (2) for employees over the age of 59 ½, and (3) for certain hardship situations, as defined.

Other plan provisions

Other Plan provisions including investment options are described in the Plan Document.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Subsequent events

The Plan has evaluated subsequent events through September 30, 2023, the date which the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than when earned, and expenses are recorded when paid rather than when incurred.

Investments held by a defined contribution plan are required to be reported at fair value.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)**

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as distributions when paid. These amounts were not material at December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 **TAX STATUS**

The Plan has adopted a Volume Submitter Plan (the Volume Submitter Plan) of Fidelity Management & Research Company (FMR). FMR obtained an advisory letter in regard to the Volume Submitter Plan dated June 30, 2020, in which the Internal Revenue Service stated that the Volume Submitter Plan, as designed, is in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 3 TAX STATUS - (continued)

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial termination, affected participants would be fully vested in their accounts.

Note 5 INFORMATION PREPARED AND CERTIFIED BY FMTC

Fidelity Workplace Services, LLC (FWS) is a wholly-owned subsidiary of FMR, LLC (Fidelity). Fidelity Management Trust Company (FMTC) is (indirectly) a wholly-owned subsidiary of Fidelity. The December 31, 2022 and 2021 statements of net assets available for benefits – modified cash basis, the investment activities included on the modified cash basis statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by FMTC in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$53,241,483 and \$62,678,928 at December 31, 2022 and 2021, respectively, and related investment earnings (loss) of \$(10,766,456) for the year ended December 31, 2022.

These accounts are maintained by Fidelity, a party-in-interest. See note 6.

DURANT AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 6 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no Level 2 or Level 3 transactions at December 31, 2022 or 2021.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The fair value of interest-bearing cash is amortized cost, which approximates fair value.

The self-directed brokerage accounts are mostly common stock; its fair value is the quoted market price(s) of the stock(s).

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

<u>Assets at Fair Value as of December 31, 2022</u>

Total	<u>\$ 62,678,928</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,678,928</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2022, there were no significant transfers between different levels of the fair value hierarchy.

Note 7 **PARTY-IN-INTEREST TRANSACTIONS**

Most of the Plan's investments are shares of mutual funds managed by FMTC, the custodian of the Plan.

Employee deferrals for forty eight pay periods (totaling approximately \$411,000) were not remitted to the Plan on a timely basis. These are nonexempt party-in-interest transactions under ERISA.

Note 8 **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 **REPORTABLE TRANSACTIONS**

There were no reportable transactions in 2022.
