To the Trustee and Plan Administrator of
Standard Meat 401(k) Plan & Trust
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Standard Meat Company 401(k) Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a qualified institution that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of, and for the years ended, December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by, and certified to by, a qualified institution is derived from or agrees to, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Standard Meat Company 401(k) Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Standard Meat Company 401(k) Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error because fraud may involve the override of internal control, misrepresentation, intentional omissions, collusion or forgery. Misstatements are considered material if, individually or in the aggregate, they reasonably would be expected to influence the user's economic decisions made based on these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Maintain professional skepticism and exercise professional judgment throughout the audit.
- Obtain an understanding of internal control relevant to the audit in order to design appropriate audit procedures, but not for the purpose of expressing an opinion on the effectiveness of Standard Meat Company 401(k) Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Evaluate the reasonableness of significant accounting estimates made by management and the appropriateness of accounting policies used, as well as evaluate the overall presentation of the financial statements.

- Conclude whether there are conditions or events considered in the aggregate that, in the auditor's judgment, raise substantial doubt about Standard Meat Company 401(k) Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the information presented and disclosed in the financial statements to the related certified investment information, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance matters such as the planned timing and scope of the audit, certain internal control-related matters that we identified during the audit, and significant audit findings.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by, and certified to by, a qualified institution (See Note 3) agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the Standard Meat Company 401(k) Plan & Trust, formerly Standard Meat and DOS Project 401(k) Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more complete information regarding the Plan’s provisions.

General

The Plan, established November 1, 1996 and restated effective January 1, 2010, is a defined contribution plan available to all employees of Standard Meat Company, LLC, DOS Project, LLC and SMICE, LLC (the “Company”) who have reached 18 years of age and completed six months of service. Participation in the Plan is voluntary. The effective date to enroll in the Plan is the first day of each month following the date an employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), the Job Creation and Worker Assistance Act of 2002 (the 2002 Tax Act), the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART), and the Worker, Retiree and Employer Recovery Act of 2008 (WRERA). The Plan was amended effective January 1, 2011, to provide for entry into the Plan on the first day of every month and for automatic distribution of balances less than \$5,000 without consent of the participant to be deposited into an IRA on their behalf as selected by the Plan administrator.

The assets of the Plan were transferred to Charles Schwab Trust Bank, Trustee and Custodian on December 18, 2018. Standard Retirement Services, Inc. assumed bookkeeping responsibilities following transfer of assets. As part of this transition, a new Trust agreement between the Company and Charles Schwab Trust Bank was signed effective November 1, 2018. Standard Retirement Services’ prototype Plan was adopted by the Company effective January 1, 2019. The Plan is covered by an IRS determination letter dated March 31, 2014. The Plan was amended effective January 1, 2019 to allow for forfeitures to be used to offset employer contributions that are Qualified Nonelective Contributions (QNECs), Qualified Matching Contributions (QMACs), and contributions made pursuant to Code §401(k)(12) (ADP Safe Harbor Contributions). Specifically, any Plan language stating or implying that a QNEC, QMAC, or ADP Safe Harbor Contribution must be fully vested when made or when contributed is modified to provide that such contributions must be fully vested only at the time such contributions are allocated. The Plan was amended effective January 29, 2019 to change the entity type for Standard Meat Company to a Limited Liability Company (LLC).

The Plan was amended January 1, 2019 to implement the hardship distribution provisions of the Bipartisan Budget act of 2018. The Plan adopted the loan and distribution provisions of the CARES Act during 2020. The Plan was amended on July 15, 2022, effective March 27, 2020, to include provisions of the CARES Act. Amendment Four, effective September 12, 2021, added SMICE, LLC as a participating employer. SMICE employees were eligible to participate in the Plan in 2022.

Syracuse Food Group, LLC dba Syracuse Sausage Company was acquired by Standard Meat in 2022 and became a participating employer in the Plan by amendment effective January 1, 2023. This amendment also added a provision for hardship withdrawals from deferral sources only. The name of the Plan was changed effective January 1, 2023, to Standard Meat Company 401(k) Plan & Trust. Refer to Subsequent Event Note 8 for additional information.

Note 1 Description of Plan, continued

Contributions

Participants may contribute up to 100% of annual compensation, including bonuses, on a pre-tax basis subject to the Internal Revenue Code contribution limitation. The dollar limitation, which is adjusted annually for cost of living fluctuations, was \$20,500 in 2022 and \$19,500 in 2021. Participants 50 years of age or older may make additional catch-up contributions. These participants may contribute an additional \$6,500 in 2022 and 2021. The Company matches 100% of participant salary deferrals up to 3% of compensation and 50% of participant salary deferrals between 3% and 5% of compensation. The total matching contribution will not exceed 4% of Plan compensation. Participants may also transfer distributions from other qualified defined benefit or contribution plans into the Plan once they are eligible to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and earnings on their investments and is charged with an allocation of administrative expenses if paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants direct their salary deferral contributions and the Company's matching contributions to investments made available and determined by the Plan administrator. Participants may change investment options via phone, paper document or online access.

Vesting

Participants are 100% vested in their contributions and the Company's Safe Harbor match. Other Company contributions plus actual earnings thereon are vested as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Plan Administration

For the years ended December 31, 2022 and 2021, Standard Retirement Services performed certain Plan administrative duties such as Form 5500 preparation, compliance testing, preparation of annual statements and distribution and loan transaction processing. Certain other administrative functions are performed by officers and employees of the Company; however, such officers and employees receive no compensation from the Plan.

Note 1 Description of Plan, continued

Payment of Benefits

Upon termination of service, permanent disability, death, or becoming subject to a qualified domestic relations order, a participant may receive the amount equal to the value of the participant's vested interest in his/her account in a lump-sum payment. Benefits are recorded when paid. The full value of a participant's account becomes available upon retirement at age 65.

Termination of the Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in account balances.

Administrative Expenses

Expenses of the Plan, to the extent not paid by the Company, may be paid out of the assets of the Plan provided that such expenses are consistent with ERISA. Such expenses include, but are not limited to, expenses for bonding required by ERISA, expenses for recordkeeping, and other administrative services, fees and expenses of the Trustee.

Forfeitures

Non-vested balances of terminated participants are used to reduce the amount of required Company contributions. There were no non-vested balances relating to forfeitures from terminated participants for the years ended December 31, 2022 and 2021.

Benefit Withdrawals

The full value of a participant's account becomes available upon retirement, permanent disability or death. Termination of employment for any other reason entitles the participant to only the vested portion of the account. Distributions are paid in lump sums. At the end of 2022 and 2021, there were no funds that had been requested for withdrawal from the Plan that had not been paid.

Loans to Participants

Participants may borrow from their accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance. Participants may have no more than two loans outstanding at any one time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Loans must be repaid within a five-year period, except for loans used to acquire or construct a dwelling which is, or will be, used as the participant's principal residence. Such loans carry a 15-year repayment period.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

The Putnam Stable Value 35 fund primarily holds investments in fully benefit-responsive insurance contracts that provide that the Plan may make withdrawals at contract value for benefit-responsive requirements.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of investments which consist of realized gains or losses, and the unrealized appreciation or depreciation on investments.

Benefit Payments

Benefits are recorded when paid.

Parties-in-Interest

Parties-in-interest are defined under Department of Labor regulations as any fiduciary to the Plan, any party rendering services to the Plan, the employer and certain others. As such, for the years ended December 31, 2022 and 2021, transactions conducted with Standard Meat Company, LLC or DOS Project, LP or their affiliates, Standard Retirement Services or their affiliates, or Charles Schwab Trust Bank or their affiliates would qualify as exempt party-in-interest transactions. No fees for custodial services were paid for the years ended December 31, 2022 and 2021. Record keeping fees of \$90,981 and \$81,024 were paid to Standard Retirement Services during 2022 and 2021, respectively.

Note 3 Information Certified by the Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the information certified by the trustee.

A summary of the information certified by the trustee, Charles Schwab Trust Bank, for the years ended December 31, 2022 and 2021 is as follows:

	<u>2022</u>	<u>2021</u>
Common/collective trusts	\$ 755,127	\$ 382,214
Mutual funds	15,749,912	17,150,332
Notes receivable from participants	1,041,697	1,036,762
Noninterest-bearing cash	69,033	324
Net appreciation (depreciation) in fair value of investments	(2,966,490)	1,998,757
Interest income on notes receivable from participants	46,409	50,759

Additionally, all information in the supplemental schedule was certified by the trustee.

Note 4 Investments

According to the Financial Accounting Standards Board, participant loans are to be classified on the Statements of Net Assets Available for Benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the Schedule of Assets Held for Investment Purposes at End of Year. The reconciliation of the schedule of assets held for investment purposes at end of year to the financial statements is as follows:

	<u>2022</u>	<u>2021</u>
Investments per schedule of assets held for investment purposes at end of year	\$ 17,546,736	\$ 18,569,308
Less: Notes receivable from participants	<u>(1,041,697)</u>	<u>(1,036,762)</u>
Investments per financial statements	<u>\$ 16,505,039</u>	<u>\$ 17,532,546</u>

Note 5 Tax Status

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

STANDARD MEAT COMPANY
401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 5 Tax Status, continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 6 Risks and Uncertainties

Investment securities in which the Plan invests are subject to various risks, such as market, credit and interest rate risks. Due to the level of risk associated with such securities, it is at least reasonably possible that changes in the near term could materially affect participant's unit values and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- *Level 1 Inputs* – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- *Level 2 Inputs* – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from, or corroborated by, market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3 Inputs* – Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

Note 7 Fair Value Measurements, continued

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. These valuation methodologies were applied to all of the Plan's financial assets and financial liabilities carried at fair value effective January 1, 2009.

In general, fair value is based upon quoted market prices, where available. If such quoted market prices are not available, fair value is based upon internally developed models that primarily use, as inputs, observable market-based parameters. Valuation adjustments may be made to ensure that financial instruments are recorded at fair value. These adjustments may include amounts to reflect counterparty credit quality and the Plan's creditworthiness, among other things, as well as unobservable parameters. Any such valuation adjustments are applied consistently over time. The Plan's valuation methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While management believes the Plan's valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Following is a description of the valuation methodologies used for instruments measured at fair value:

Common/Collective Trust Funds – These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Mutual Funds – These investments are valued at the NAV of shares held by the Plan at year end. The mutual funds are classified within Level 1 of the valuation hierarchy.

The following table summarizes financial assets measured at fair value on a recurring basis as of December 31, 2022 and 2021, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure the fair value. The Plan had no assets classified as Level 3 at December 31, 2022 and 2021.

Note 8 Subsequent Events

Subsequent events are events or transactions that occur after the financial statements date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the financial statements, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the financial statements but arose after the financial statements date and before the financial statements are available to be issued. The Plan has evaluated subsequent events from December 31, 2022 through October 11, 2023, the date the financial statements were available to be issued. The following event was identified which requires disclosure in these financial statements.

The 401(k) Plan of Syracuse Sausage was merged into the Standard Meat and DOS Project 401(k) Plan effective December 31, 2022. Standard Meat Company, LLC acquired Syracuse Food Group, LLC, dba Syracuse Sausage Company (Syracuse Sausage), a meat manufacturing company located in Ponder, Texas in June 2022. The surviving Plan was renamed Standard Meat Company 401(k) Plan & Trust. Approximately 140 Syracuse Sausage employees were onboarded in 2023. Balances from the Syracuse Food Group LLC 401(k) Plan in existence at December 31, 2022 totaling \$497,315 were brought into the Standard Meat Company 401(k) on January 19, 2023. Syracuse Sausage employees participating in their former Plan were immediately eligible to contribute. Syracuse Sausage Company employees hired during Plan year 2023 will follow the eligibility requirements of the Standard Meat Plan.
