Report of Independent Auditors

To the Participants and Administrator of the
Directors Investment Group Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Directors Investment Group Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from an agent on behalf of the qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by a qualified institution and certified to by an agent of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Directors Investment Group Inc. 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Directors Investment Group Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan's summary document for a more complete description of the Plan's provisions. Copies of these documents are available from Funeral Directors Life Insurance Company (FDLIC or Plan Sponsor) or participating companies.

Effective January 1, 2022, the Plan was amended and restated, and the name of the Plan was changed from the FDLIC 401(k) Plan to the Directors Investment Group Inc. 401(k) Plan.

General

The Plan is a controlled group, as defined by Internal Revenue Code (IRC) Section 414(b), defined contribution plan, established January 1, 1992, sponsored by FDLIC. Most full-time employees of FDLIC and participating companies that have elected to adopt the Plan (collectively, Employers) are covered under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All of the Plan's investments are held by Ascensus Trust Company.

Contributions

Participants may elect to make voluntary pre-tax salary reduction contributions of up to 100% of their salaries, subject to certain constraints affecting highly compensated employees and IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of not greater than \$6,500 in 2022 and 2021.

In addition to employee contributions, each employer contributes \$0.50 for each \$1.00 of participant contributions up to \$5,000 annually to the Plan. However, total employer and employee contributions (including catch-up contributions) in a calendar year for each participant cannot exceed 100% of W-2 compensation for the year or \$67,500 in 2022 and \$64,500 in 2021, whichever is less.

The Plan allows for the employer to make employer profit sharing contributions using a discretionary formula. No employer profit sharing contributions were made in 2022 and 2021.

Auto-enrollment and Auto-escalation

Employees that have met the Plan's eligibility requirements and fail to provide management with a salary reduction agreement will be automatically enrolled in the Plan at an elective deferral of 3%. For employees automatically enrolled in the Plan, their elective deferrals will be increased by 1% per payroll, once per year, up to a maximum of 6%.

Directors Investment Group Inc. 401(k) Plan

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Participant Accounts

Participants are responsible for directing the investment of their individual account. Each participant's account is credited with the participant's contribution and allocation of (a) the employer's contribution and (b) Plan earnings. Allocations are based on participant deferral (for employer contributions) and account balances (for Plan earnings). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service. All participants will become immediately vested in their accounts when they reach normal retirement age, the Plan is terminated, contributions to the Plan are discontinued, or a participant becomes disabled or dies. Non-vested portions of participants' accounts are forfeited and applied to reduce any employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$2,406 and \$4,962, respectively. The Plan used forfeitures of \$23,242 and \$5,063 to reduce employer contributions in 2022 and 2021, respectively.

Plan Expenses

The Plan's administrative expenses are paid from the Plan's assets and are allocated to each participant's account proportionally based on account value.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance attributable to the participant. Loan terms range from one to five years but can extend to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Sponsor. During 2022, interest rates ranged from 4.25% to 8.00%. During 2021, interest rates ranged from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions.

Participant Withdrawals

A participant may request a distribution of the vested portion of a participant's individual account under the following circumstances, (1) the participant becomes disabled, (2) the participant reaches normal retirement age, (3) termination of employment or (4) the participant's death.

Participants who have qualifying expenses may request a hardship withdrawal from participant deferrals only. Prior to taking a hardship withdrawal, a participant must take all other distributions available under the Plan. Participants under age 59½, may be subject to a 10% penalty tax on hardship withdrawal amounts.

Directors Investment Group Inc. 401(k) Plan

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Participants who are a reservist or National Guardsman; called to active duty after September 11, 2011; and called to active duty for at least 180 days or an indefinite period may take a distribution of elective deferrals under the Plan while on active duty, regardless of age. The 10% premature distribution penalty will not apply to these distributions.

Participants 70 ½ and older are generally subject to yearly required minimum distributions based on their account value and life expectancy.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by actions of the Designated Principal(s) subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Notes to Financial Statements (Continued)

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The Plan offers a self-directed brokerage account which allows participants to invest in their choice of corporate equities, corporate bonds, mutual funds and money market funds. Corporate equities and mutual funds are valued at the closing price reported on the active market on which the security is traded. Corporate bonds are valued using closing prices generated by market transactions involving identical or comparable assets.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. The self-directed brokerage account provides direct ownership of assets held in the account. With this type of investment, the income is calculated for each account based on investments made by the participant.

The Plan presents in the statement of changes in net assets available for plan benefits, the net (depreciation) appreciation in the fair value of its investments, which consists of the realized gains or losses, capital gains distributions and the unrealized appreciation or depreciation on those investments.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements (Continued)

Note 2 - Summary of Accounting Policies (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest.

Subsequent Events

The Plan has performed an evaluation of subsequent events through October 13, 2023, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and related notes.

Note 3 - Related-Party Transactions and Parties-in-Interest

The Plan has an agreement with Parkway Advisors, LP (Parkway), a participating company in the Plan, under which Parkway provides investment advisory services to the Plan. Parkway is compensated for these services based on the market value of the assets under management for each account. Total fees incurred under this agreement were \$72,377 and \$72,704 for the years ended December 31, 2022 and 2021, respectively. Additionally, personnel and facilities of FDLIC have been used to perform administrative functions for the Plan at no cost to the Plan. Loans to participants also represent party-in-interest transactions.

Note 4 - Concentrations

The Plan's total investments in mutual funds include 13% and 20% of investments held in the mutual funds of T. Rowe Price as of December 31, 2022 and 2021, respectively.

Note 5 - Tax Status

The Plan is exempt from taxation in accordance with the provisions of section 501(a) of the Internal Revenue Code (the Code). Employer contributions and income earned from the Plan investments are not taxable to participants until disbursed.

Directors Investment Group Inc. 401(k) Plan

Notes to Financial Statements (Continued)

Note 5 - Tax Status (Continued)

The Plan Sponsor has adopted the Ascensus Qualified Retirement Plan Basic Defined Contribution Plan Document. The Plan Sponsor believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Sponsor has concluded there are no uncertain tax positions as of December 31, 2022 and 2021, in accordance with GAAP.

Note 6 - Information Certified by Agent of the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, notes to the financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividend income, and participant note receivable interest for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus LLC, as agent for Ascensus Trust Company, the Plan Trustee.

Note 7 - Fair Value Measurement

Investments measured at fair value on a recurring basis at December 31, 2022 consist of the following:

	Level 1 (Measured using quoted market prices)	Level 2 (Measured using other significant observable inputs)	Total Fair Value
Mutual Funds	\$ 23,532,637	\$ -	\$ 23,532,637
