INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Participants
Virginia Physicians for Women, Ltd.
401(k) Profit-Sharing Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

-Continued-

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

-Continued-

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

-Continued-

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Plan Description

The following brief description of the Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General: The Plan is a defined-contribution, safe harbor 401(k) plan covering non-excluded employees of Virginia Physicians for Women, Ltd. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective Date: March 1, 1976

Anniversary Date: December 31

Entry Dates: January 1, April 1, July 1, and October 1

Valuation Date: December 31

Eligibility: All new employees will become eligible to participate in the Plan on the entry date following the date for which employees are age 21 and have three months of service.

Compensation: Compensation is defined as salary or wages, including any overtime, commissions, or bonuses, but excluding contributions by the employer to the Plan and benefits paid under the Plan.

Normal Retirement Date: The Plan defines the normal retirement date as the anniversary date coinciding with or next following the date of the participant's 65th birthday or fifth anniversary of joining the Plan, if later.

Early Retirement Date: The early retirement date is defined as the anniversary date coinciding with or next following the date of the participant's 55th birthday and having completed seven years of service.

Disability Retirement Date: Disability retirement shall be upon total permanent disability under the federal Social Security Act.

Retirement Benefits: At the applicable retirement date, each participant shall be entitled to receive his vested interest in his Trust account.

Participant Contributions: Participants may elect to defer a percentage of pretax compensation as defined by the Plan and up to 100% of any bonuses received during the year, subject to Internal Revenue Code limits. However, total deferrals in any taxable year may not exceed the dollar limit set by law. A participant may make catch-up contributions if he has attained age 50 by the end of the calendar year. Participants are 100% vested in all elective deferrals made to the Plan and any investment earnings on these deferrals.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

1. Plan Description - Continued

Employer Contributions: The Plan qualifies as a safe harbor 401(k) plan. A safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 4% of compensation will be made by the Company. This safe harbor matching contribution is fully vested and is referred to as an Enhanced Matching Contribution. In addition, the Company may contribute additional matching contributions and discretionary profit-sharing contributions. The additional matching contribution is equal to a uniform percentage of the participant's salary deferrals and will be determined each year.

Participant Accounts: Each participant's account is credited with the participant's contribution, and Company matching contributions, as well as allocations of the Company's discretionary profit-sharing and Plan earnings, participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Death Benefits: If a participant dies before his normal retirement date, his designated beneficiary vests 100% in the participant's account.

Vesting: Employer contributions which are not safe harbor contributions shall vest in accordance with a participant's years of continuous service with the employer as follows:

Less than 2 years	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 or more years of service	100%

Forfeitures: Forfeitures will be added to any employer discretionary contributions. However, any forfeitures attributable to additional matching contributions will be used to reduce any additional matching contributions. Forfeited nonvested accounts totaled \$11,087 as of December 31, 2022. During 2022, the Plan sponsor used \$28,737 to reduce employer contributions.

Investment Options: Upon enrollment in the Plan, a participant may direct up to 100% of employee and employer contributions in any of the available investment funds offered.

Notes Receivable from Participants: Participants may borrow from their benefit accounts a minimum of \$1,000. The maximum loan amount is determined by the lesser of \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balances of loans or 50% of the vested account balance. A participant may have up to two outstanding loans at any one time. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-monthly payroll deductions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

1. Plan Description - Continued

Payment of Benefits: Upon termination of service or attainment of retirement age, each participant shall be entitled to receive his vested interest in his accrued benefits account. Participants will receive their accrued benefits as an annuity unless this form of payment is waived. If the participant waives the annuity election, payment will be made as a single lump-sum payment in cash or in property. Annuity payments will be made in installments over a period of not more than his assumed life expectancy, or the purchase of a different form of annuity. Participants with a vested interest of \$5,000 or less will automatically receive a lump-sum distribution. Participants may elect to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account (IRA). However, if the amount of the distribution is more than \$1,000 and no election is made, then the distribution will automatically be rolled over into an IRA.

2. Summary of Significant Accounting Policies

Basis of Accounting: The Plan prepares its financial statements on the accrual basis whereby revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value using generally accepted accounting principles and applicable laws. Fair value is the price that would be received to sell an asset at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are charged to the participant and are expensed when they are incurred.

Contributions: Employer contributions are accrued based upon the salaries of Plan participants. Employee contributions are recorded when payroll deductions are made from participating employees.

Operating Expenses: The Plan's operating expenses are paid by either the Plan or the Company, as provided by the Plan document. The expenses paid using the Plan's assets will generally be allocated among the accounts of participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balance or as an equal dollar amount based on the number of participants in the Plan.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies - Continued

Payment of Benefits: Benefits are recorded when paid.

Hardship Distributions: Hardship distributions are permitted from a participant's pre-tax elective deferrals, employer matching contributions, employer profit-sharing contributions, and transfer accounts. The minimum amount of hardship withdrawals is \$500 and distributions may only be made from amounts which are fully vested.

Evaluation of Subsequent Events: Management has evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by Plan Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (FMTC) (the trustee of the Plan). The information certified includes total investments of \$35,062,257 and related investment loss of \$7,449,490 for the year ended December 31, 2022.

4. Fair Value Measurements (Unaudited)

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820-10, *Fair Value Measurement and Disclosure*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or 2 inputs are not available.

Level 1 Inputs

Level 1 inputs are based on quoted prices in active markets for identical assets that the Plan has the ability to access at year-end. Level 1 investments include mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Inputs

The Plan currently has no assets that would be considered Level 2 inputs.

Investments Measured Using Net Asset Value per Share Practical Expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>				
Putnam Stable Value	\$469,773	N/A	Daily	N/A

5. Plan Termination

Although it has not expressed any intent to do so, the sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Plan Qualification

The Plan obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest

During the year ended December 31, 2022, the Plan held shares of mutual funds managed by FMTC, the Plan's trustee. Therefore, transactions with FMTC qualify as party-in-interest transactions. Fees paid to FMTC by the Plan totaled \$49,512 for the year ended December 31, 2022.

SageView Advisory Group manages Plan investments. SageView is a service provider of the Plan, therefore, transactions qualify as party-in-interest transactions. Fees paid by the Plan totaled \$33,955 for the year ended December 31, 2022.

WellsColeman performs the audit for the Plan. WellsColeman is a service provider of the Plan; therefore, transactions are party-in-interest transactions. Fees paid to the firm by the Plan totaled \$5,607 for the year ended December 31, 2022.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Plan Amendment

The Plan has implemented provisions of Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) enacted on March 27, 2020. The Plan has been amended effective November 17, 2021.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

-Continued-

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

-Continued-

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

-Continued-

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Plan Description

The following brief description of the Virginia Physicians for Women, Ltd. 401(k) Profit-Sharing Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General: The Plan is a defined-contribution, safe harbor 401(k) plan covering non-excluded employees of Virginia Physicians for Women, Ltd. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective Date: March 1, 1976

Anniversary Date: December 31

Entry Dates: January 1, April 1, July 1, and October 1

Valuation Date: December 31

Eligibility: All new employees will become eligible to participate in the Plan on the entry date following the date for which employees are age 21 and have three months of service.

Compensation: Compensation is defined as salary or wages, including any overtime, commissions, or bonuses, but excluding contributions by the employer to the Plan and benefits paid under the Plan.

Normal Retirement Date: The Plan defines the normal retirement date as the anniversary date coinciding with or next following the date of the participant's 65th birthday or fifth anniversary of joining the Plan, if later.

Early Retirement Date: The early retirement date is defined as the anniversary date coinciding with or next following the date of the participant's 55th birthday and having completed seven years of service.

Disability Retirement Date: Disability retirement shall be upon total permanent disability under the federal Social Security Act.

Retirement Benefits: At the applicable retirement date, each participant shall be entitled to receive his vested interest in his Trust account.

Participant Contributions: Participants may elect to defer a percentage of pretax compensation as defined by the Plan and up to 100% of any bonuses received during the year, subject to Internal Revenue Code limits. However, total deferrals in any taxable year may not exceed the dollar limit set by law. A participant may make catch-up contributions if he has attained age 50 by the end of the calendar year. Participants are 100% vested in all elective deferrals made to the Plan and any investment earnings on these deferrals.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

1. Plan Description - Continued

Employer Contributions: The Plan qualifies as a safe harbor 401(k) plan. A safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 4% of compensation will be made by the Company. This safe harbor matching contribution is fully vested and is referred to as an Enhanced Matching Contribution. In addition, the Company may contribute additional matching contributions and discretionary profit-sharing contributions. The additional matching contribution is equal to a uniform percentage of the participant's salary deferrals and will be determined each year.

Participant Accounts: Each participant's account is credited with the participant's contribution, and Company matching contributions, as well as allocations of the Company's discretionary profit-sharing and Plan earnings, participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Death Benefits: If a participant dies before his normal retirement date, his designated beneficiary vests 100% in the participant's account.

Vesting: Employer contributions which are not safe harbor contributions shall vest in accordance with a participant's years of continuous service with the employer as follows:

Less than 2 years	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 or more years of service	100%

Forfeitures: Forfeitures will be added to any employer discretionary contributions. However, any forfeitures attributable to additional matching contributions will be used to reduce any additional matching contributions. Forfeited nonvested accounts totaled \$11,087 as of December 31, 2022. During 2022, the Plan sponsor used \$28,737 to reduce employer contributions.

Investment Options: Upon enrollment in the Plan, a participant may direct up to 100% of employee and employer contributions in any of the available investment funds offered.

Notes Receivable from Participants: Participants may borrow from their benefit accounts a minimum of \$1,000. The maximum loan amount is determined by the lesser of \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balances of loans or 50% of the vested account balance. A participant may have up to two outstanding loans at any one time. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-monthly payroll deductions.

1. Plan Description - Continued

Payment of Benefits: Upon termination of service or attainment of retirement age, each participant shall be entitled to receive his vested interest in his accrued benefits account. Participants will receive their accrued benefits as an annuity unless this form of payment is waived. If the participant waives the annuity election, payment will be made as a single lump-sum payment in cash or in property. Annuity payments will be made in installments over a period of not more than his assumed life expectancy, or the purchase of a different form of annuity. Participants with a vested interest of \$5,000 or less will automatically receive a lump-sum distribution. Participants may elect to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account (IRA). However, if the amount of the distribution is more than \$1,000 and no election is made, then the distribution will automatically be rolled over into an IRA.

2. Summary of Significant Accounting Policies

Basis of Accounting: The Plan prepares its financial statements on the accrual basis whereby revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value using generally accepted accounting principles and applicable laws. Fair value is the price that would be received to sell an asset at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are charged to the participant and are expensed when they are incurred.

Contributions: Employer contributions are accrued based upon the salaries of Plan participants. Employee contributions are recorded when payroll deductions are made from participating employees.

Operating Expenses: The Plan's operating expenses are paid by either the Plan or the Company, as provided by the Plan document. The expenses paid using the Plan's assets will generally be allocated among the accounts of participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balance or as an equal dollar amount based on the number of participants in the Plan.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies - Continued

Payment of Benefits: Benefits are recorded when paid.

Hardship Distributions: Hardship distributions are permitted from a participant's pre-tax elective deferrals, employer matching contributions, employer profit-sharing contributions, and transfer accounts. The minimum amount of hardship withdrawals is \$500 and distributions may only be made from amounts which are fully vested.

Evaluation of Subsequent Events: Management has evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by Plan Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (FMTTC) (the trustee of the Plan). The information certified includes total investments of \$35,062,257 and related investment loss of \$7,449,490 for the year ended December 31, 2022.

4. Fair Value Measurements (Unaudited)

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820-10, *Fair Value Measurement and Disclosure*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or 2 inputs are not available.

Level 1 Inputs

Level 1 inputs are based on quoted prices in active markets for identical assets that the Plan has the ability to access at year-end. Level 1 investments include mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Inputs

The Plan currently has no assets that would be considered Level 2 inputs.

5. Plan Termination

Although it has not expressed any intent to do so, the sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Plan Qualification

The Plan obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest

During the year ended December 31, 2022, the Plan held shares of mutual funds managed by FMTC, the Plan's trustee. Therefore, transactions with FMTC qualify as party-in-interest transactions. Fees paid to FMTC by the Plan totaled \$49,512 for the year ended December 31, 2022.

SageView Advisory Group manages Plan investments. SageView is a service provider of the Plan, therefore, transactions qualify as party-in-interest transactions. Fees paid by the Plan totaled \$33,955 for the year ended December 31, 2022.

WellsColeman performs the audit for the Plan. WellsColeman is a service provider of the Plan; therefore, transactions are party-in-interest transactions. Fees paid to the firm by the Plan totaled \$5,607 for the year ended December 31, 2022.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Plan Amendment

The Plan has implemented provisions of Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) enacted on March 27, 2020. The Plan has been amended effective November 17, 2021.
