INDEPENDENT AUDITOR'S REPORT

October 12, 2023

To the Participants and Plan Administrator of the
Watts Architecture & Engineering, DPC Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Watts Architecture & Engineering, DPC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Watts Architecture & Engineering, DPC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Watts Architecture & Engineering, DPC Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Watts Architecture & Engineering, DPC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Watts Architecture & Engineering, DPC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Watts Architecture & Engineering, DPC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WATTS ARCHITECTURE & ENGINEERING, DPC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following is a brief description of the Watts Architecture & Engineering, DPC Retirement Savings Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan as permitted under Section 401(k) of the Internal Revenue Code, covering eligible employees of Watts Architecture & Engineering, DPC, (the Company and Plan Sponsor). The Plan is funded by employee and employer contributions. The assets of the Plan are maintained in investment funds held by Principal Life Insurance Company ("Principal"), the Trustee. The Plan is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

Eligibility

Employees must have attained age 21 and completed six months of service to be eligible to participate in the Plan and receive employer contributions.

Contributions

Participants may authorize an elective deferral contribution in an amount equal to a percentage of the contributing employee's compensation as defined by the Plan, not to exceed the maximum annual limitations as provided by the Internal Revenue Code. Participants who are age 50 or older before the end of the plan year are allowed to make an additional "catch-up" contribution. This contribution was limited to \$6,500 in both 2022 and 2021. The Company provides an employer qualified non-elective contribution equal to 3% of pay for the Plan year, as defined by the Plan. Additionally, discretionary contributions may be made at the discretion of the Plan Sponsor. There were no discretionary employer contributions made for the year ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's non-elective contributions (b) the Company's discretionary contributions (c) plan earnings and losses, and (d) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferral contributions plus actual earnings thereon. Participants are 20% vested in employer contributions after two years of service, as defined, with a 20% annual increase in each of the next four years.

Investments

Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their funds up to a maximum amount, which is the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The number of loans outstanding is limited to one per participant, with a maximum of two loans allowed in a 12-month period. Loan terms range from one to five years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rate. Principal and interest are paid ratably through payroll deductions.

Withdrawals and Distributions

Unless a participant elects otherwise, distributions are made as soon as practical after the participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which the participant reaches age 65. Participating employees who attain the age of 55 and complete six years of vested service are eligible to make an election for early retirement benefits.

Participants may receive their accumulate vested benefits held by the Plan upon termination of employment or death. If the participant elects to keep his or her vested interest in the Plan, the participant's account will continue to receive its share of earnings and losses. Participants may also receive hardship withdrawals and in-service distributions under certain circumstances, as defined in the Plan Document.

Forfeited Accounts

Forfeitures of nonvested separated participants are available to be applied toward future employer contributions. There was a balance of \$2,767 and \$4,928 in forfeited nonvested accounts at December 31, 2022 and 2021, respectively. Forfeitures used to reduce employer matching contributions were \$5,443 for the Plan year ended December 31, 2022. No forfeitures were used to reduce company contributions during the plan year ended December 31, 2021.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their account balances.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the accompanying financial statements.

Valuation of Investments

Investments are reported at fair value or net asset value (NAV) as a practical expedient for fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold or held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

A significant portion of the costs of administering the Plan are borne by the Company, with the remainder paid out of the assets of the Plan.

3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2022 and 2021, as well as investment income and investment transactions for the year then ended, has been derived from information provided by Principal Life Insurance Company, the Trustee of the Plan, and has been certified by them as complete and accurate.

Net appreciation (depreciation) in fair value of investments	\$ (3,015,265)	\$ 2,342,345
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan uses various valuation techniques in determining fair value. ASC Section 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts (PSA): Valued at net asset value ("NAV"). Invest in domestic stocks, international stocks, and fixed securities, such as asset or mortgage-backed securities and corporate bonds, and in mutual funds that hold such investments. The net asset values of the pooled separate accounts are not publicly quoted. The values of the underlying investments are used in determining the net asset value of each separate account. Underlying equity securities have observable quoted pricing inputs. Underlying fixed securities have observable pricing inputs, including quoted prices for similar assets in the active or non-active markets. Underlying mutual funds are valued at publicly quoted pricing inputs. The pooled separate accounts do not have any unfunded commitments relating to their investments, nor any restrictions on redemptions. Participant-directed redemptions can be made daily and do not have a redemption notice period.

4. FAIR VALUE MEASUREMENTS (Continued)

Guaranteed interest accounts: The guaranteed interest accounts are not fully benefit-responsive and are accordingly stated at fair value. Fair values of the guaranteed interest accounts are the amounts Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and the insurance company's administrative expenses. There are no significant restrictions on redemptions and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

^(a) In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (Continued)

The following tables represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs. There were no transfers in or out of Level 3 during the year ended December 31, 2022.

Quantitative Information about Level 3 Fair Value Measurements as of 2022

	<u>Fair Value at 12/31/22</u>	<u>Valuation Techniques</u>	<u>Unobservable Input</u>	<u>Range Significant Input Values</u>
Guaranteed interest accounts	\$88,470	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.71% - 1.21%
			Current Rate on 12/31/22	4.61% - 5.21%

Quantitative Information about Level 3 Fair Value Measurements as of 2021

	<u>Fair Value at 12/31/21</u>	<u>Valuation Techniques</u>	<u>Unobservable Input</u>	<u>Range Significant Input Values</u>
Guaranteed interest accounts	\$98,616	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.10% - 2.06%
			Current Rate on 12/31/21	.88% - 1.66%

5. PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2022 and 2021, certain plan investments were managed by Principal Life Insurance Company, the Trustee of the Plan, and therefore transactions between the plan and the Trustee qualify as party-in-interest.

Notes receivable from participants also qualify as party-in-interest.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Trustees by a letter dated June 30, 2020, that the prototype Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2022 and 2021.

7. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued.
