INDEPENDENT AUDITOR'S REPORT

To the Plan Management of the
Vibes Media 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vibes Media 401(k) Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VIBES MEDIA 401(k) PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Vibes Media 401(k) Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan established under Section 401(k) of the Internal Revenue Code (the “Code”), covering employees of Vibes Media, LLC (the “Employer”). Employees become eligible to participate in the Plan on the first day of employment with the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Participant Contributions. All eligible employees may voluntarily elect to contribute a percentage of their pre-tax compensation as defined in the Plan subject to federally mandated limits. Participants who reach age 50 by the end of the Plan year may make additional catch-up contributions.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions from other employers’ plans, which employees have elected to include with the Plan.

Employer Contributions. The Employer may make a discretionary matching contribution to participants. The Employer elected to match 50% of participants’ contributions up to 5% of eligible compensation, as defined. The Employer may also make discretionary profit-sharing contributions. No such discretionary Employer contributions were elected for the year ended December 31, 2022.

Participant Accounts. Each participant’s account is credited with the participant’s elective deferral, any Employer matching contribution, any Employer profit-sharing contribution, and the participant’s earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balance as described in the Plan’s agreement. Any Employer profit-sharing contribution is allocated to participants’ accounts based on participants’ eligible compensation. Employer contributions to the Plan are invested among investment funds in the same proportion as the participant’s contribution.

Investment Options. Each participant may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Vesting. Participants are fully vested in their contributions plus actual earnings, the Employer matching contributions and profit-sharing contributions, if any.

Forfeited Accounts. Forfeited nonvested Employer discretionary contribution account balances will be utilized to reduce administrative expenses and the Employer contributions to the Plan. There were forfeited nonvested account balances of \$-0- and \$7,332 as of December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, the Plan used \$7,336 of forfeitures to reduce Employer contributions.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years, or longer if permitted by the administrator and the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bears interest at rates which commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. A participant who separates from service by termination, retirement, disability, or death may receive a lump-sum amount equal to the vested value in the participant's 401(k) plan account. The participant may elect to defer distribution or receive installment payments over a period not to exceed their lifetime. A participant may elect to receive a distribution of a portion of the participant's vested account balance equal to a minimum of \$500. Hardship distributions are also available under the Plan from elective deferrals.

Party-in-Interest Transactions. Administrative expenses of the Plan, consisting principally of accounting and trustee fees, are paid directly by the Employer. Various administrative, legal, and accounting services are performed by Employer personnel on behalf of the Plan for which no charges are made to the Plan, and the Employer's management has no plans to obtain reimbursement of these expenses from the Plan. Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company from October 1, 2022 to December 31, 2022 and Nationwide Trust Company, FSB from January 1, 2021 to October 1, 2022 (the "Trustees"), qualified institutions pursuant to ERISA. These transactions qualify as party-in-interest transactions.

Recent Legislation. The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Recent Accounting Pronouncements. In June 2016, Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, to revise the criteria for the measurement, recognition, and reporting of credit losses on financial instruments to be recognized when expected. This update is effective for fiscal years beginning after December 15, 2022, with early adoption permitted. Management is currently evaluating this standard.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedule that was prepared by the Trustees and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustees that such information is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Note 4: All investment balances.
- The schedule of assets held for investment purposes at end of year as of December 31, 2022, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds. Valued at quoted market price.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,143,186	\$ -	\$ -	\$ 9,143,186

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,269,333	\$ -	\$ -	\$ 10,269,333

NOTE 5 – PLAN TERMINATION

Although the Employer has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan document. In the event of Plan termination, all participants will automatically become fully vested in all of their accounts and the Trustee will distribute participant assets.

NOTE 6 – TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for investing in numerous funds, which invest in various types of investment securities and in various companies within various markets. Investment securities, generally, are exposed to several risks, such as interest rate, market, and credit risks. Due to the level risk associated with the funds, it is reasonably possible that changes in the values of the funds will occur in the near term and such changes could materially affect the amounts reported in the financial statements and supplementary schedule.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2022 through September 18, 2023, the date the accompanying financial statements were available to be issued, and is not aware of any subsequent events occurring during this period.

See Independent Auditor's Report.

INDEPENDENT AUDITOR'S REPORT

To the Plan Management of the
Vibes Media 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vibes Media 401(k) Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VIBES MEDIA 401(k) PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Vibes Media 401(k) Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan established under Section 401(k) of the Internal Revenue Code (the “Code”), covering employees of Vibes Media, LLC (the “Employer”). Employees become eligible to participate in the Plan on the first day of employment with the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Participant Contributions. All eligible employees may voluntarily elect to contribute a percentage of their pre-tax compensation as defined in the Plan subject to federally mandated limits. Participants who reach age 50 by the end of the Plan year may make additional catch-up contributions.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions from other employers’ plans, which employees have elected to include with the Plan.

Employer Contributions. The Employer may make a discretionary matching contribution to participants. The Employer elected to match 50% of participants’ contributions up to 5% of eligible compensation, as defined. The Employer may also make discretionary profit-sharing contributions. No such discretionary Employer contributions were elected for the year ended December 31, 2022.

Participant Accounts. Each participant’s account is credited with the participant’s elective deferral, any Employer matching contribution, any Employer profit-sharing contribution, and the participant’s earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balance as described in the Plan’s agreement. Any Employer profit-sharing contribution is allocated to participants’ accounts based on participants’ eligible compensation. Employer contributions to the Plan are invested among investment funds in the same proportion as the participant’s contribution.

Investment Options. Each participant may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Vesting. Participants are fully vested in their contributions plus actual earnings, the Employer matching contributions and profit-sharing contributions, if any.

Forfeited Accounts. Forfeited nonvested Employer discretionary contribution account balances will be utilized to reduce administrative expenses and the Employer contributions to the Plan. There were forfeited nonvested account balances of \$-0- and \$7,332 as of December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, the Plan used \$7,336 of forfeitures to reduce Employer contributions.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years, or longer if permitted by the administrator and the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bears interest at rates which commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. A participant who separates from service by termination, retirement, disability, or death may receive a lump-sum amount equal to the vested value in the participant's 401(k) plan account. The participant may elect to defer distribution or receive installment payments over a period not to exceed their lifetime. A participant may elect to receive a distribution of a portion of the participant's vested account balance equal to a minimum of \$500. Hardship distributions are also available under the Plan from elective deferrals.

Party-in-Interest Transactions. Administrative expenses of the Plan, consisting principally of accounting and trustee fees, are paid directly by the Employer. Various administrative, legal, and accounting services are performed by Employer personnel on behalf of the Plan for which no charges are made to the Plan, and the Employer's management has no plans to obtain reimbursement of these expenses from the Plan. Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company from October 1, 2022 to December 31, 2022 and Nationwide Trust Company, FSB from January 1, 2021 to October 1, 2022 (the "Trustees"), qualified institutions pursuant to ERISA. These transactions qualify as party-in-interest transactions.

Recent Legislation. The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Recent Accounting Pronouncements. In June 2016, Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, to revise the criteria for the measurement, recognition, and reporting of credit losses on financial instruments to be recognized when expected. This update is effective for fiscal years beginning after December 15, 2022, with early adoption permitted. Management is currently evaluating this standard.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedule that was prepared by the Trustees and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustees that such information is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Note 4: All investment balances.
- The schedule of assets held for investment purposes at end of year as of December 31, 2022, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds. Valued at quoted market price.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	\$ 9,143,186	\$ -	\$ -
			Total
			\$ 9,143,186

Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
Mutual funds	\$ 10,269,333	\$ -	\$ -
			Total
			\$ 10,269,333

NOTE 5 – PLAN TERMINATION

Although the Employer has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan document. In the event of Plan termination, all participants will automatically become fully vested in all of their accounts and the Trustee will distribute participant assets.

NOTE 6 – TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for investing in numerous funds, which invest in various types of investment securities and in various companies within various markets. Investment securities, generally, are exposed to several risks, such as interest rate, market, and credit risks. Due to the level risk associated with the funds, it is reasonably possible that changes in the values of the funds will occur in the near term and such changes could materially affect the amounts reported in the financial statements and supplementary schedule.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2022 through September 18, 2023, the date the accompanying financial statements were available to be issued, and is not aware of any subsequent events occurring during this period.

See Independent Auditor's Report.
