INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants of
St. Francis College Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of St. Francis College Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of St. Francis College Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of St. Francis College Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

St. Francis College Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the St. Francis College Retirement Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amounts of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Francis College Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of St. Francis College Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of St. Francis College Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule referred to above.

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following brief description of the St. Francis College Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of St. Francis College (the "Employer") and their beneficiaries funds for retirement.

Eligibility

Employees are eligible to contribute their own money to the Plan on the first day of employment. All employees are eligible for Employer contributions upon attainment of age 26 and completion of one year of service. Employees must complete 1,000 hours of service each Plan year. Employees who are students performing services for the Employer and leased employees are not eligible to participate in the Plan.

Employee Contributions

A participant of the Plan may make contributions to the Plan through payroll deductions up to the limit prescribed by the IRC. Any participant, age 50 or over, may make an additional "catch up" contribution as determined by the Internal Revenue Service ("IRS"). A special catch-up election applies for long-term employees who completed at least 15 years of service as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time or may increase or decrease their level of participation at any time during the Plan year.

Employer Contributions

The Employer makes a nondiscretionary contribution to each eligible participant equal to 10% of compensation for the Plan year. For the year ended December 31, 2022, the Employer made contributions totaling \$1,960,928.

Participant Accounts

Individual accounts are established for each Plan participant. The Plan offers a variety of funds as investment options. Each participant's account is credited with the participant's contributions, as well as allocations of contributions from the Employer and Plan earnings. Participant accounts are charged with withdrawals, Plan losses and an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Employer contributions, plus actual earnings thereon. As such, there were no forfeited non-vested accounts at December 31, 2022.

Payment of Benefits

During employment, a participant may make withdrawals of vested amounts upon retirement, death, disability, separation from service, attainment of age 59 1/2 (62 years for part-time employees), or hardship. A distribution will be made on account of hardship, for the IRC's safe harbor reasons, only if it is necessary in light of immediate and heavy financial needs of the participant. In the event of termination of employment, a participant shall receive their participant contributions and earnings thereon.

St. Francis College Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

When a participant receives a distribution in the form of an annuity contract, the participant's assets are transferred into an individual contract in the participant's name. This contract provides the participant with either a guaranteed lifetime payment or a fixed term payment for a specific amount, and the funds transferred into the annuity contract are no longer Plan assets. Distributions in the form of an annuity contract are shown on the statement of changes in net assets available for benefits as purchases of annuity contracts.

Notes Receivable from Participants

The Plan accounts held at TIAA-CREF allow for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant, and payments of principal and interest are credited to the participant's account. The minimum a participant may borrow is \$1,000 and the maximum, including the outstanding balance of existing Plan loans, is 50% of accumulations attributable to their elective deferrals, not to exceed \$50,000. All loans shall bear a reasonable rate of interest (as defined in the individual agreement). Principal and interest are paid ratably through biweekly payroll deductions over a period not to exceed fifteen years. At December 31, 2022, participant loans totaling \$206,695 and \$54,630, respectively, were outstanding under this arrangement.

Plan Loans

Plan loans are issued directly from funds owned by TIAA-CREF and not directly from participant accounts. TIAA-CREF requires a portion of the participant's account to be held in reserve, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA-CREF Traditional Annuity as either part of a group supplemental retirement annuity contract or as a separate retirement loan contract. As these loans are not from Plan assets, they are not includable in the statements of net assets available for benefits. At December 31, 2022 and 2021, participant loans totaling approximately \$42,871 and \$66,000, respectively, were outstanding under this arrangement.

Participants may borrow a minimum of \$1,000 and the maximum equal to the lesser of \$50,000 or 45% of his or her TIAA Traditional Annuity account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments. Interest rates may be fixed or variable, and the initial rate is determined by the terms of the controlling contract. Principal and interest are paid ratably by the participant to TIAA, and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Annuity account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with GAAP.

Valuation of Investments and Income Recognition

Investments are reported at fair value except for the TIAA Traditional Annuity contracts that are fully benefit-responsive investment contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 3. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the statements of net assets available for benefits present fully benefit responsive investment contracts at contract value. The TIAA Traditional Annuity contracts that are non-benefit responsive investment contracts are presented at fair value.

St. Francis College Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Direct expenses incurred to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, and an investment advisor are paid by the Employer. Account maintenance fees, transaction fees, and investment fund management fees have been paid by the Plan. In addition, certain investment related expenses have been offset with net investment income (loss) and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

St. Francis College Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: Shares of the registered investment companies are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Group Fixed Annuity Contracts: The fixed annuity contracts that are not fully benefit-responsive are valued based on the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals, which approximates fair value. This annuity is not available for sale or transfer on any securities exchange. The fully benefit-responsive contracts are valued as described in Note 4.

Pooled Separate Account: Units held in pooled separate accounts are valued on the NAV of the shares held by the Plan at year end, which is based on the fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a summary of the Plan's investments for which fair value is estimated using NAV per share as of December 31:

	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2022	2021	Commitment	Frequency	Notice Period
TIAA Real Estate	\$ 4,298,849	\$ 4,164,912	\$ -	Quarterly	None

The following is a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	TIAA Traditional Non-Benefit Responsive
Balance, December 31, 2021	\$ 18,086,138

4. GROUP FIXED ANNUITY CONTRACTS

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types including the Retirement Annuity ("RA"), Supplemental Retirement Annuity ("SRA"), Group Supplemental Retirement Annuity ("GSRA"), and the Retirement Choice Plus Annuity ("RCP"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The TIAA Traditional Annuity within the SRA, GSRA, and RCP contracts, as well as holdings reported in the Plan Loan Default Fund have no liquidity restrictions. The TIAA Traditional Annuity holdings within the RA contract have liquidity restrictions and are non-benefit responsive.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over a period of 10 annual installments. With a GRA contract, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from the RA or GRA contracts must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment through election of a five-year fixed period annuity).

5. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by TIAA and CREF (the "trustee"), except for comparing such information with the information reported in the financial statements.

Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021.

St. Francis College Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following information as of and for the years ended December 31 was obtained from reports certified by the trustee:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 79,276,310	\$ 92,629,238
Investments, at contract value	<u>10,023,392</u>	<u>9,954,214</u>

Net depreciation in fair value of investments	\$ (13,098,194)	
Interest and dividend income	\$ 1,714,283	
Participant loan interest	\$ 6,411	

6. INCOME TAX STATUS

The Plan adopted a prototype volume submitter 403(b) plan. By letter dated August 7, 2017, the IRS has determined that the volume submitter and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

7. PLAN TERMINATION

The Employer intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Trustees. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by TIAA-CREF, the trustee of the Plan. These transactions qualify as party-in-interest transactions. Direct fees paid by the Plan for account maintenance and investment advisory services amounted to \$61,947 for the year ended December 31, 2022, which are included in fees and expenses. In addition, the Plan has certain investment related expenses, which have been offset by investment income (loss). Notes receivable from participants are exempt party-in-interest transactions.

St. Francis College Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

9. PRE-2009 INVESTMENT CONTRACTS

The financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those contracts and accounts and related activity from the Plan's financial statements for the purposes of the annual reporting requirements of ERISA as permitted by DOL Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*.

The contracts and accounts that have been excluded consist of pre-2009 contracts and accounts that were transferred to unallocated annuity contracts prior to January 1, 2009. The value of the contracts and accounts at December 31, 2022 and 2021 that were transferred to unallocated annuity contracts prior to January 1, 2009 and the related investment income and distributions during the years then ended were not reasonably determinable.

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statements.
