As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in notes to the financial statements, is complete and accurate.

Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Causley Trucking, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Causley Trucking, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits

Level 1 are based on unadjusted quoted prices in active markets for identical assets or liabilities, Level 2 are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. Level 3 are based on at least one significant unobservable input for the asset.

GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan holds a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal Life) with Principal Trust Company as custodian. Principal backs the contract with the assets in the general account. Principal maintains the contributions in general account. The participant account is credited with earnings on the underlying investments, netted with deduction for fees, and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2022, was \$1,450,320 and \$1,455,327, respectively. The crediting interest rate is based on a formula agreed upon with the issuers, but may not be less than 1%. Such interest rates are reviewed on semi-annual basis for resetting.

The average yield for 2021 and 2022 were 1.40% and 1.56% respectively.

Benefit payments described in the contract are made at book value (i.e. no market value adjustments or surrender charge adjustments) for the plan benefit events.

An employer – level liquidation or employer initiated transfer of the Plan’s interest in the contract will be subject to either a 12-month irrevocable advance notice or a 5% surrender charge, whichever the employer chooses.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

RELATED PARTY TRANSACTIONS:

The Plan invests in various investments managed by Principal Trust Company. Principal Trust Company is the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from prohibited transactions rules of ERISA.

SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.
