| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## Report of Independent Auditors

University of La Verne Retirement Plan Committee and Participants  
University of La Verne 403(b) Retirement Savings Plan

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of University of La Verne 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University of La Verne 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University of La Verne 403(b) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University of La Verne 403(b) Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University of La Verne 403(b) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University of La Verne 403(b) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter***

##### *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Note 1 – Description of Plan

The following description of University of La Verne 403(b) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document and adoption agreement for a more complete description of plan provisions.

**General** – The Plan is a 403(b) salary deferral plan covering substantially all employees of University of La Verne (the “Institution”), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Institution is the Plan’s sponsor and serves as plan administrator. The Plan has three record-keepers and custodians. Teachers Insurance and Annuity Association of America (“TIAA”) and the College Retirement Equities Fund (“CREF”) is the Plan’s record-keeper and custodian for a majority of the Plan’s assets. Matrix Trust Company (“Matrix”) is also a custodian of the Plan, of which General Pension Planning Corp serves as the record-keeper. Fidelity Management Trust Company (“Fidelity”) is the third custodian of the Plan, of which Fidelity Workplace Services LLC serves as the record-keeper.

**Eligibility** – All employees of the Institution are immediately eligible to participate in the voluntary contribution feature of the Plan. Employees, upon employment of at least fifty percent (50%) of a full-time equivalent or faculty and adjunct faculty members who have been credited with at least 1,000 hours of service in a calendar year, must participate in the mandatory contribution feature of the Plan. Independent contractors or students employed by the Institution are not eligible for the mandatory features of the Plan. There is no age or years of service requirement to participate in the Plan.

**Participant contributions** – Employees may contribute between 1–95% of pretax annual compensation, as defined in the Plan. Employees who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. For eligible employees, the Plan also has a mandatory employee contribution feature of 5% of the employee’s base salary to the Plan. Rollovers are also allowed in the Plan.

**Employer contributions** – For the year ended December 31, 2022, the mandatory employer contribution was to 8% which amounted to \$4,729,220.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant’s account is credited with the participant’s contributions, the Institution’s contributions, and allocation of plan earnings or losses, and charged with participant’s administrative expenses. Allocations are based on account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting** – Participants are fully vested in employee contributions plus actual earnings thereon at all times. Participants are fully vested in Institution contributions and actual earnings thereon upon completion of three years of service, in the event of partial plan termination, or upon termination due to death, disability, or reaching their normal retirement age.

## University of La Verne 403(b) Retirement Savings Plan

### Notes to Financial Statements

---

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, or annual installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and their designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**Forfeitures** – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to pay plan administrative expenses, reinstate participant accounts, or to reduce future Institution contributions. As of December 31, 2022 and 2021, forfeited non-vested account balances amounted to \$159,043 and \$537,504, respectively. Forfeitures in the amount of \$567,264 were used to offset employer contributions and \$36,191 were used to pay plan expenses for the year ended December 31, 2022.

**Notes receivable from participants** – Participants may borrow from their Fidelity accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding loan balance. Participants may have a maximum of two loans outstanding at any one time. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed 25 years. Principal and interest is paid directly by the participant to Fidelity. As of December 31, 2022, the rates of interest on outstanding loans ranged from 4.25% – 8.50% with various maturities through March 2036.

**Plan loans** – A participant may borrow from TIAA a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of his or her account balance secured by his or her TIAA Traditional Annuity Account balance. The participant is required to maintain a balance equal to at least 110% of his or her outstanding loan in the TIAA Traditional Annuity Account. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. Principal and interest is paid directly by the participant to TIAA and each payment will reduce amounts secured by the participant's TIAA Traditional Annuity Account. Loans bear interest at rates that may be fixed or variable, depending on the annuity contract provisions, but participants' accounts are credited only with the guaranteed rate provided under the TIAA Traditional Annuity Account. As of December 31, 2022 and 2021, outstanding loans totaled \$479,078 and \$557,678, respectively. Loans in default totaled \$95,635 and \$242,116 as of December 31, 2022 and 2021, respectively.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### Notes to Financial Statements

---

**Investment valuation** – The investments are reported at fair value and contract value. The Plan's custodians, TIAA and CREF, certify the contract value of the fully benefit responsive TIAA Traditional Annuity Accounts. The Plan's custodians, TIAA and CREF, Fidelity, and Matrix, certify the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments offered by the Plan comprise various mutual funds, a real estate pooled separate account, and the TIAA Traditional Annuity Accounts, which are guaranteed fixed annuity accounts. The Plan invests in both the fully benefit responsive and the non-fully benefit responsive TIAA Traditional Annuity Account contracts. Certain mutual funds impose a 2% redemption fee to amounts redeemed or exchanged out of the fund during a 60-day holding period after the initial purchase date.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded related to notes receivable from participants as of December 31, 2022 and 2021.

**Payment of benefits** – Benefits are recorded when paid.

**Risks and uncertainties** – The Plan invests in various investment securities at the direction of participants among investment options offered under the Plan. Investment securities are exposed to various risks, including but not limited to, changes in interest rates, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with the investment securities, that values of the investment securities could decline in the near term and that such declines could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline significantly in subsequent periods.

---

**Administrative fees** – The Institution may, at its discretion, elect to pay administrative fees of the Plan. Administrative fees not paid by the Institution are paid from the assets of the Plan. During the year ended December 31, 2022, the Plan paid \$169,273 of administrative fees as follows:

|                              |                          |
|------------------------------|--------------------------|
| Record-keeping fees          | \$ 129,846               |
| Participant transaction fees | <u>39,427</u>            |
|                              | <u><u>\$ 169,273</u></u> |

**Revenue sharing** – The Plan entered into an agreement with TIAA and CREF, where TIAA and CREF will fund a revenue credit account in the Plan based upon revenues generated by the Plan. The revenue credit account funding amounts will be based on the reconciliation of the actual revenue for the Plan versus the revenue requirement stated in the agreement on a semi-annual basis. The amount so determined to be in excess of TIAA and CREF's revenue requirement will be deposited to the revenue credit account in the Plan approximately 60 days after the end of each semi-annual period.

The revenue credit account may only be used to pay either direct, reasonable, and necessary expenses of the Plan, if permitted by the Plan, or to provide benefits to plan participants. Such revenue credits can be paid to participants' accounts on a per capita or pro rata basis at the end of the plan year at the election of the Institution. The revenue credit account held in the TIAA Traditional Annuity Benefit Responsive Account amounted to \$59,750 and \$86,968 as of December 31, 2022 and 2021, respectively and \$41,181 was used to pay fees during the year ended December 31, 2022.

### Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

## Notes to Financial Statements

---

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2022 and 2021.

Registered investment companies and the pooled separate account are valued using the market quotations or prices obtained from independent pricing services. Shares are valued at quoted market prices which represent net asset value of shares held by the Plan at year end.

The Plan has investments in the Retirement Annuity, Group Retirement Annuity, and Retirement Choice TIAA Traditional Annuity contracts, which are non-fully benefit responsive and presented at fair value which approximates contract value using a quantitative model based on assumptions of future interest rates and related discounted cash flows. Transactions involving the purchases and sales of these individual TIAA Traditional Annuity contracts are not observable in a public marketplace, but contract value is a good approximation of fair value as supported by the fact that new contributions represent current transactions between willing buyers and sellers as prescribed in the relevant GAAP guidance. As these transactions continue to occur with continued participant contributions at current stated contract values, the market-observable presumption is that the contract value of current funding represents a good approximation of fair value based on the willingness of the participant to continue to contribute. For each contribution, TIAA continues to record a contractual liability for the current contribution and does not consider such liability to have any embedded gain or loss.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2022 and 2021:

| Fair Value Measurement at December 31, 2022 |                       |             |                      |                       |

## University of La Verne 403(b) Retirement Savings Plan

### Notes to Financial Statements

---

The following table summarizes certain changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2022:

|           | TIAA Traditional<br>Annuity<br>Non-Benefit<br>Responsive |
|-----------|----------------------------------------------------------|
| Purchases | \$ 4,079,345                                             |
| Sales     | 2,588,675                                                |

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

| Name                                            | Fair Value<br>12/31/2022 | Valuation<br>Technique  | Significant<br>Unobservable<br>Inputs     | Range of<br>Input Values/<br>(Weighted- Avg.) |
|-------------------------------------------------|--------------------------|-------------------------|-------------------------------------------|-----------------------------------------------|
| TIAA Traditional Non-Benefit Responsive Annuity | \$ 50,349,008            | Discounted<br>cash flow | Risk-adjusted<br>discount rate<br>applied | RA – 3.70% – 6.25%<br>GRA – 3.70% – 6.25%     |

The significant unobservable input used in the fair value measurement of the TIAA Traditional Annuity Account is the risk-adjusted market discount rate. Significant increases (decreases) in this input in isolation would result in a significantly lower (higher) fair value measurement.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes valuation methods are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 4 – Guaranteed Investment Contract with TIAA

The Plan has investments in fully benefit responsive TIAA Traditional Annuity Contracts, in which contributions are maintained in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses.

The TIAA Traditional Annuity is an unallocated fixed-rate guaranteed annuity offered by TIAA, an insurance company, available as an investment option to plan participants. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by the claims paying ability of TIAA and is dependent on TIAA's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. The Plan holds Group Supplemental Retirement Annuity, Supplemental Retirement Annuity, and Retirement Choice Plus Annuity contracts, which have no liquidity restrictions and are considered fully benefit responsive.

## **University of La Verne 403(b) Retirement Savings Plan**

### **Notes to Financial Statements**

---

TIAA Traditional Annuity provides a guaranteed minimum rate of interest of 1.00%–3.00% for all premiums plus the potential for additional amounts that may be declared by TIAA on a year-by-year basis and are not guaranteed for future years. When declared, additional amounts remain in effect for the twelve-month period that begins each March 1st. Together the minimum rate of interest and the potential additional amounts make up the crediting rate.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value if the qualification status of the employer or plan changes, a break of material obligations under the contract and misrepresentation by the contract holder occur, or there is a failure of the underlying portfolio to conform to the pre-established investment guidelines.

#### **Note 5 – Tax Status**

The Plan Document is a volume-submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated August 7, 2017, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

#### **Note 6 – Information Certified by the Custodians**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, Fidelity, and Matrix, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments, notes receivable from participants, and cash reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

## **University of La Verne 403(b) Retirement Savings Plan**

### **Notes to Financial Statements**

---

- Net depreciation in fair value of investments, dividends, interest, and interest income from notes receivable from participants reported on the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental schedule of assets (held at end of year).

#### **Note 7 – Related-Party Transactions**

Certain plan investments are managed by the custodians or their affiliates. Any purchases and sales of these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

#### **Note 8 – Plan Termination**

Although it has not expressed any intention to do so, the Institution has the right to terminate the Plan and discontinue its contributions at any time subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

#### **Note 9 – Subsequent Events**

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.
