INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator
Dakota Eye 401(k) Plan
Bismarck, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Dakota Eye 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dakota Eye 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Eye 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dakota Eye 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Eye 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DAKOTA EYE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 PLAN DESCRIPTION

The following description of the Dakota Eye 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all of the employees of the Company. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established January 1, 1990 and was most recently restated as of December 5, 2022.

The Plan is administered by the employer – Dakota Eye Institute, PC (the Company) and covers the employees of Dakota Eye Institute, P.C. as well as Dakota Surgery & Laser Center, LLC. Empower Annuity Insurance Company of America and Empower Trust Company, LLC serve as the provider and trustee of the Plan holding the Plan assets, while Empower Retirement serves as the recordkeeper of the Plan and maintains the records of the participant data.

Effective with the most recent restatement, the Plan has entered into investment management services agreement with Morgan Stanley Smith Barney, LLC who serves as the Plan's ERISA section 3(38) investment manager.

Eligibility

Substantially all employees who have attained age 21, excluding part time, leased, PRN, and temporary and seasonal employees, are eligible to participate in the Plan. To receive employer contributions, an employee must complete one year of service, and have 1,000 hours of service during the eligibility computation period. Employees may enroll in the Plan the first day of the month coinciding with or next following the date on which the eligibility requirements are met.

Contributions

Participants may contribute up to the maximum dollar amount allowed under federal regulations for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax and after tax (Roth 401(k)) deferrals.

The Plan allows for discretionary employer contributions. These contributions are allocated to each employee based on a percentage of that participant's total eligible compensation for each pay period. Employer contributions for the years ended December 31, 2022 and 2021 were a 2% matching contribution and a 6% profit sharing contribution based on eligible compensation.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

DAKOTA EYE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

Vesting

Participants are always 100% vested in their elective deferral contributions and earnings thereon. Participants are fully vested in employer contributions after six years of credited service.

Payment of Benefits

Upon termination of employment, death, disability or retirement, a participant with a vested account balance of more than \$5,000 can receive a lump sum amount equal to the value of the participant's vested interest. Distribution of benefits upon termination become automatic if the participant's account balance is less than \$1,000. In-service distributions are allowed upon the attainment of age 59 ½ or if the participant becomes disabled. Distributions are also allowed from rollover accounts at any time. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72.

Participant Accounts

Each participant's account is credited with the participant's deferrals and the Company's matching and profit-sharing contributions, if any. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

Participants' Investment Options

Participants must direct their salary deferral contributions, Company matching and profit-sharing contributions, if any, to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options throughout the year by contacting Empower Retirement.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates of Wall Street Journal prime plus 1%. The term of the loan cannot exceed five years, unless it is for the purchase of a principal residence, which must be repaid within fifteen years. Principal and interest are paid ratably through payroll deductions. A participant may only have two loans outstanding at any time.

DECEMBER 31, 2022 AND 2021

Forfeitures

Forfeitures may be used to either reduce future employer contributions or pay plan expenses. Current year forfeitures must be applied by the end of the following Plan year or they will be reallocated as additional contributions to all eligible participants based on the eligible participants' year-end vested balances.

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4,747 and \$4,221, respectively. During the year ended December 31, 2021, \$20,659 and \$2,153 were used to reduce employer matching contributions and pay Plan expenses, respectively. During the year ended December 31, 2022, \$17,177 of forfeitures was used to pay Plan expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("U.S. GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the providers of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held and transferred during the year and is reflected in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefit distributions are recorded when paid.

DAKOTA EYE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participant loan accounts are assessed a separate fee for the administration of the loans. Certain administrative expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DAKOTA EYE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021.

Mutual funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$24,124,091	\$ -	\$ -	\$24,124,091

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$30,008,060	\$ -	\$ -	\$30,008,060

NOTE 5 INCOME TAX STATUS

The plan adopted a non-standardized pre-approved profit sharing plan sponsored by Great-West Trust Company. The non-standardized pre-approved plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service as to the Plan's qualified status. The opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

DAKOTA EYE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2018, the plan entered into a group fixed deferred annuity contract (Group Annuity Contract) with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in one or more separate accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expense), because it is fully benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Empower owns the underlying assets of the group annuity contract in its general account. The Plan owns the group annuity contract for the benefit of its participants. The group annuity contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of Empower and not the value of the securities within the issuer's general account. The long-term credit rating of the issuer at June 30, 2022 was "aa" as reported by A.M. Best.

The general fixed account held at Empower had a contract value of \$2,397,175 and \$2,092,287 at December 31, 2022 and 2021, respectively. Interest earned on the general account during the years ended December 31, 2022 and 2021 was \$20,309 and \$25,853, respectively.

Certain events might limit the ability of the Plan to transact at the contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

DAKOTA EYE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

The contract permits the insurance company to terminate the agreement with 60 days advanced written notice.

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Empower Retirement, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, are the recordkeeper, provider, an trustee, respectively, as defined by the Plan. The group annuity contract held during this period is an investment contract between the Plan and Empower Annuity Insurance Company of America. Therefore, these transactions qualify as party-in-interest transactions. During the years ended December 31, 2022 and 2021, \$33,303 and \$31,694 of fees were paid for these services, respectively.

Bremer Trust, N.A. provided 3(38) investment management services for the Plan until December 5, 2022, when the Plan switched these services to Morgan Stanley Smith Barney, LLC. During the years ended December 31, 2022 and 2021, the Plan paid investment management fees to Bremer Trust, N.A. of \$42,943 and \$46,828, respectively.

Empower Retirement and Bremer Trust also collect 12b-1 fees, commissions, and certain other fees payable by the Plan's investment options. When Empower and Bremer collected these fees, commissions, and certain other fees, they were remitted to the trust in order to offset plan expenses as allocated to participant's accounts who were invested in those revenue receiving funds. Any funds received in excess of the respective Plan expenses related to those revenue sharing accounts were allocated back to participants as income. The paying agent was able to remit these fees to the Trust monthly, or on a less frequent basis. The amount of 12b-1 fees collected during the years ended December 31, 2022 and 2021 totaled \$69,595 and \$72,449, respectively.

NOTE 8 AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 5, 2023, which is the date these financial statements were available to be issued.
