Independent Auditors' Report

To the Retirement Committee of the
Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

MEMBERS

AMERICAN INSTITUTE OF CPA'S

N.C. ASSOCIATION OF CPA'S

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

Note A - Description of Plan

The following description of the Goldsboro Milling Company (Company) 401(k) Profit Sharing Plan & Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering employees of the Company and its affiliates who have six consecutive months of service. Union employees and certain non-resident aliens are excluded from participating in the Plan. Certain employees who become employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the employer are also excluded from participating in the Plan. The Plan is subject to the provisions of ERISA. The Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.
2. *Contributions.* Each year, participants may contribute up to 92% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make a safe harbor contribution equal to 100% of a participant's deferral contributions that do not exceed 3% of the participant's compensation and 50% of a participant's contributions from 4% to 5% of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. A participant is not eligible to share in the allocation of the Company's discretionary profit sharing contribution unless he is an employee of the Company on the last day of the Plan year.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan provides for automatic increases in the amounts withheld by automatically enrolled participants. In the absence of contrary elections made by the affected participants, the deferral rates of automatically enrolled participants will be increased by 1% up to a maximum of 6% of eligible compensation per year.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

3. *Participant Accounts.* Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are vested immediately in their contributions and the Company's safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on continuous years of service. A participant is 100% vested after six years of credited service.
5. *Payment of Benefits.* On termination of service, a participant with a vested balance greater than \$5,000 may elect to receive the value of the vested interest in his or her account, or the participant may have his or her account balance remain in the Plan, unless certain minimum distributions are required. For benefits less than \$5,000, a lump-sum payment will be made to the participant. In-service withdrawals are allowed by participants who have reached the age of 59 ½.
6. *Forfeited Accounts.* At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$17 and \$32, respectively. These accounts may be used to pay Plan expenses or reduce employer contributions, or they may be allocated to participants. In 2022, the Company used \$5,862 of forfeitures to pay Plan expenses. In 2021, the Company used \$17,177 of forfeitures to pay Plan expenses and \$1 to reduce employer safe harbor contributions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2023, the date the financial statements were available to be issued.

Note C – Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan. The information certified includes the following:

	December 31,	
	<u>2022</u>	<u>2021</u>
Cash & investments	\$ 35,637,454	\$ 47,941,694
Investment income (loss)	(8,864,430)	7,378,949

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at the net asset value ("NAV") of units of a group annuity contract. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment assets held through sub-accounts of a separate account of an insurance company, less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participants may deposit and withdraw on a daily basis. Participants may also transfer to other investment options in the Plan. However, transfer restrictions may exist if a Plan offers competing funds. If the Plan were to initiate a full redemption of the account, a market value adjustment may be assessed against the Plan's balance in the account unless the Plan were to provide 12 months advance written notice of termination to the contract issuer. Aggregate participant withdrawal requests resulting from an

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

employer-initiated event may be subject to an annual limit based on the Plan's contract balance at the beginning of the year. If these withdrawals exceed the Plan's designated percentage in any given year, the withdrawals will be paid. However, the excess over the annual limit may be subject to a market value adjustment. There are currently no unfunded commitments on these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

Note F – Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds held by Mid Atlantic Trust Company, which serves as the nondiscretionary trustee of the Plan. Paychex is the third party recordkeeper for the Plan and CAPTRUST is the investment advisor to the Plan. Therefore, these transactions qualify as party in interest transactions.

The Plan or Plan Sponsor may make a payment to the trustee, recordkeeper, and investment advisor for administrative expenses. As described in Note B, the Plan made direct payments for recordkeeping and investment advisory services totaling \$107,196 and \$134,408 during 2022 and 2021, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note G – Plan Termination and Partial Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

A partial plan termination may occur if 20% or more of Plan participants are terminated because of an action taken by the Plan sponsor, such as closing a line of business. If a partial termination occurs, full vesting is required for the part of the Plan that has been terminated, but not for the entire Plan. Therefore, the terminated participants are to be considered fully vested, but the remaining participants' vesting status should continue to be determined according to the Plan provisions.

In 2020, the Company made the decision to end the operations of two of its affiliates beginning in 2020, thereby causing the Plan to be considered partially terminated in 2020. The process of ending the operations was completed in 2021. Affected participants will be considered fully vested in all of their account balances.

Note H - Tax Status

The Company has adopted the Paychex, Inc. Non-standardized Pre-Approved Profit Sharing Plan with CODA. The IRS has determined and informed Paychex, Inc. by a letter dated August 31, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and that any employer adopting this form of the Plan will be considered to have a Plan qualified. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of the net assets available for benefits.

The continued global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.

Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

MEMBERS

AMERICAN INSTITUTE OF CPA'S

N.C. ASSOCIATION OF CPA'S

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goldsboro Milling Company 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Note A - Description of Plan

The following description of the Goldsboro Milling Company (Company) 401(k) Profit Sharing Plan & Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering employees of the Company and its affiliates who have six consecutive months of service. Union employees and certain non-resident aliens are excluded from participating in the Plan. Certain employees who become employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the employer are also excluded from participating in the Plan. The Plan is subject to the provisions of ERISA. The Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.
2. *Contributions.* Each year, participants may contribute up to 92% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make a safe harbor contribution equal to 100% of a participant's deferral contributions that do not exceed 3% of the participant's compensation and 50% of a participant's contributions from 4% to 5% of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. A participant is not eligible to share in the allocation of the Company's discretionary profit sharing contribution unless he is an employee of the Company on the last day of the Plan year.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan provides for automatic increases in the amounts withheld by automatically enrolled participants. In the absence of contrary elections made by the affected participants, the deferral rates of automatically enrolled participants will be increased by 1% up to a maximum of 6% of eligible compensation per year.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

3. *Participant Accounts.* Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are vested immediately in their contributions and the Company's safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on continuous years of service. A participant is 100% vested after six years of credited service.
5. *Payment of Benefits.* On termination of service, a participant with a vested balance greater than \$5,000 may elect to receive the value of the vested interest in his or her account, or the participant may have his or her account balance remain in the Plan, unless certain minimum distributions are required. For benefits less than \$5,000, a lump-sum payment will be made to the participant. In-service withdrawals are allowed by participants who have reached the age of 59 ½.
6. *Forfeited Accounts.* At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$17 and \$32, respectively. These accounts may be used to pay Plan expenses or reduce employer contributions, or they may be allocated to participants. In 2022, the Company used \$5,862 of forfeitures to pay Plan expenses. In 2021, the Company used \$17,177 of forfeitures to pay Plan expenses and \$1 to reduce employer safe harbor contributions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2023, the date the financial statements were available to be issued.

Note C – Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan. The information certified includes the following:

	December 31,	
	<u>2022</u>	<u>2021</u>
Cash & investments	\$ 35,637,454	\$ 47,941,694
Investment income (loss)	(8,864,430)	7,378,949

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at the net asset value ("NAV") of units of a group annuity contract. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment assets held through sub-accounts of a separate account of an insurance company, less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participants may deposit and withdraw on a daily basis. Participants may also transfer to other investment options in the Plan. However, transfer restrictions may exist if a Plan offers competing funds. If the Plan were to initiate a full redemption of the account, a market value adjustment may be assessed against the Plan's balance in the account unless the Plan were to provide 12 months advance written notice of termination to the contract issuer. Aggregate participant withdrawal requests resulting from an

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

employer-initiated event may be subject to an annual limit based on the Plan's contract balance at the beginning of the year. If these withdrawals exceed the Plan's designated percentage in any given year, the withdrawals will be paid. However, the excess over the annual limit may be subject to a market value adjustment. There are currently no unfunded commitments on these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

Note F – Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds held by Mid Atlantic Trust Company, which serves as the nondiscretionary trustee of the Plan. Paychex is the third party recordkeeper for the Plan and CAPTRUST is the investment advisor to the Plan. Therefore, these transactions qualify as party in interest transactions.

The Plan or Plan Sponsor may make a payment to the trustee, recordkeeper, and investment advisor for administrative expenses. As described in Note B, the Plan made direct payments for recordkeeping and investment advisory services totaling \$107,196 and \$134,408 during 2022 and 2021, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note G – Plan Termination and Partial Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

A partial plan termination may occur if 20% or more of Plan participants are terminated because of an action taken by the Plan sponsor, such as closing a line of business. If a partial termination occurs, full vesting is required for the part of the Plan that has been terminated, but not for the entire Plan. Therefore, the terminated participants are to be considered fully vested, but the remaining participants' vesting status should continue to be determined according to the Plan provisions.

In 2020, the Company made the decision to end the operations of two of its affiliates beginning in 2020, thereby causing the Plan to be considered partially terminated in 2020. The process of ending the operations was completed in 2021. Affected participants will be considered fully vested in all of their account balances.

Note H - Tax Status

The Company has adopted the Paychex, Inc. Non-standardized Pre-Approved Profit Sharing Plan with CODA. The IRS has determined and informed Paychex, Inc. by a letter dated August 31, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and that any employer adopting this form of the Plan will be considered to have a Plan qualified. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to

Goldsboro Milling Company
401 (k) Profit Sharing Plan & Trust
Notes to the Financial Statements

routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of the net assets available for benefits.

The continued global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
