INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of
CSSS.NET 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CSSS.NET 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CSSS.NET 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CSSS.NET 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CSSS.NET 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CSSS.NET 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CSSS.NET 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedules of Assets (Held at End of Year) and Nonexempt Transactions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CSSS.NET 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The accompanying financial statements of CSSS.NET 401(k) Plan (the Plan) are prepared under the accrual method of accounting and in conformity with U.S. generally accepted accounting principles. The Plan Sponsor did change its corporate name to Constellation West (the Company), but the name of the plan remains the same.

General – The Plan was originated in February 2011.

Administration of the Plan – The Plan, sponsored by the Company, is a defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Plan Sponsor believes it is in compliance with ERISA. Some administrative expenses related to the Plan are paid by the Company. The Company has no reversionary interest in the Plan.

Investment Valuation and Income Recognition – The Company entered into a Group Annuity Contract with the Trustee. The employees direct their contributions to be invested in investment options that consist of mutual funds offered by the Trustee. The Plan's investments are stated at fair value. The Plan's investment accounts are mutual funds offered by the Trustee. Each mutual fund investment is valued at fair value by the Trustee at the close of each business day.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Reclassification – Certain accounts in the 2021 financials were reclassified for comparative purposes to conform with the presentation of the 2022 financial statements. Total net assets available for benefits are unchanged due to these reclassifications.

NOTE B – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

Eligibility – Under the terms of the Plan, an employee will be eligible to participate in the plan immediately upon hire if they attained age eighteen and met all other eligibility requirements.

Contributions and Participant Accounts - 401(k) Provision – Each participant may elect to make salary reduction 401(k) contributions of not less than 1% up to 100% of their compensation, as defined, subject to federal deferral limits. Each participant may also elect to make Roth contributions of not less than 1% up to 100% of their compensation, as defined, subject to federal deferral limits. Employees over the age of 50, may make "catch-up" contributions subject to federal annual limits. The Company makes safe harbor matching 401(k) contributions equal to 100% of the participant's deferral up to 1% plus 50% of the participant's deferral from 1% up to 6% of compensation. Participant and Company 401(k) contributions are allocated within each participant's account to investment options based upon the participant's current investment allocation elections. Annual 401(k) contributions are subject to limitations set by the Internal Revenue Service.

The Plan also offers automatic enrollment as a feature of the plan and all eligible employees are automatically enrolled at 3% of salary. The percentage of salary for automatic deferrals gradually increases to 6% based on the plan year of application to the participant. Employees are given the option to elect out of participation if they choose to do so.

Each participant's account is credited with the participant's elective deferral 401(k) contributions, employer safe harbor matching 401(k) contributions, an allocation of the Plan earnings and forfeitures of terminated participant's non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances as defined.

Forfeitures – Forfeitures are amounts that come from terminated employees (participants) share of employer matching 401(k) contributions that are not vested. Forfeitures can be used to offset 401(k) plan expenses and employer matching contributions. The forfeiture balance was \$1,228 and \$849 as of December 31, 2022 and 2021, respectively. For the years ended December 31, 2022 and 2021, forfeited amounts total approximately \$50,821 and \$16,375, respectively.

Vesting – Active participating employees become 100% vested in employer safe harbor matching 401(k) contributions after two years of service. Participants are immediately vested in all employee 401(k) contributions.

NOTE B – DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefits – Upon the participant's retirement or termination of service, the Company shall value and distribute the participant's account in accordance with the Plan document and the Internal Revenue Code. Separate provisions apply in the event of death or disability of the participant. Payments are to be made in a lump sum. Withdrawals prior to termination of employment or retirement are prohibited unless elected by the participant under the following conditions: attaining age 59 ½, establishing permanent and total disability, demonstrating financial hardship, or otherwise allowed by the applicable laws and regulations.

NOTE C – INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustees of the Plan).

NOTE D – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification No. 820 (ASC 820) *Fair Value Measurements and Disclosures* (formerly Statement No. 157, *Fair Value Measurement*), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D – FAIR VALUE MEASUREMENTS – Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded.

Common/collective trusts: Common/collective trusts hold investments in domestic and foreign equity securities, debt securities, and units in other affiliated and unaffiliated comingling trusts. The underlying assets may be valued based on quoted market prices, independent pricing service or by dealers making a market for certain securities. The unit value of the common/collective trusts are determined by dividing the underlying net asset values (assets less liabilities) by the outstanding number of units (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,010,023	\$ --	\$ --	\$ 8,010,023

NOTE E – RELATED PARTY TRANSACTIONS

A party-in-interest, as defined by Section 3(14) of ERISA, includes, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants are considered party-in-interest transactions. Fees incurred by the Plan to the trustee for investment and trust services amounted to \$46,971 and \$48,938 for the years ended December 31, 2022 and 2021, respectively. There were no fees payable at December 31, 2022 and 2021, respectively.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company retains the right under the Plan to discontinue its matching contributions at any time or to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts and the assets will be distributed as determined by the Plan.

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

Subsequent events were evaluated through September 27, 2023, which is the date the financial statements were available to be issued.

SCHEDULE OF NONEXEMPT TRANSACTIONS

December 31, 2022

For the Year Ended December 31, 2022

Finding 2022-01

Condition: An S-Corporation owner's health and disability insurance benefits stopped being subject to deferral contributions a quarter of the way through the year.

Criteria: An error was made in processing the payrolls where the S-Corporation owner's health and disability insurance benefits had been turned off to being subject to a deferral contribution.

Effect: The participant did not receive contributions into their 401(k) account for the benefit amounts subsequent to the items being turned off.

Auditors' Recommendation: The Company needs to implement stronger controls in the review of payroll for the correct application of deferral contributions to S-Corporation owner's health and disability insurance benefits.

Plan Response: Management will instill stronger controls upon review of payrolls for the correct contribution amounts.

Finding 2022-02

Condition: A participant was automatically enrolled at a 3% deferral rate immediately after being hired. Participant was subsequently terminated two months later. No deferral contribution was withheld from pay during the time they were participating and no safe harbor match was made.

Criteria: An error was made in setting up the employee's payroll where deferral contributions were not being withheld from gross pay and, therefore, no company safe harbor match occurred as well.

Effect: The participant did not receive contributions into their 401(k) account for the amounts they were entitled to.

Auditors' Recommendation: The Company needs to implement stronger controls in the review of payroll set up for new employees who do not elect out of participation in the plan.

Plan Response: Management will instill stronger controls in the review of new employee's payroll set up by confirming the proper deferral percentages are being applied before processing payroll.
