INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Floworks 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of the Floworks 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued wp 92.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Floworks 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Floworks 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

FloWorks International LLC (the Company, or the Plan Sponsor) established the Plan effective March 26, 2012. The Plan covers all employees of the Company except employees covered by a collective bargaining agreement, nonresident aliens, leased employees, and reclassified employees. Employees are eligible to participate in the Plan upon employment and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

During 2020, the Company completed the acquisition of Oliver Equipment Co. Inc. As a result, the Oliver Equipment Co. Inc. 401(k) Profit Sharing Plan and Trust assets amounting to \$14,848,268 were liquidated and transferred to the Plan on March 12, 2021. The Plan document was accordingly amended effective that date.

During 2021, the Company merged with SemiTorr Group, Inc. As a result, the SemiTorr Group, Inc. 401(k) Plan assets amounting to \$10,523,068 were liquidated and transferred to the Plan on April 1, 2022. The Plan document was accordingly amended effective that date.

Contributions

Participants may elect to make pre-tax salary deferral contributions to the Plan up to the maximum allowed by law. Rollover contributions are allowed subject to conditions set forth in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. New or re-hired participants are automatically enrolled in the Plan at a 4% salary deferral rate.

Effective April 19, 2020, the Company matching contribution of 100% of the first 4% of eligible compensation that a participant contributes to the Plan was discontinued and the Plan ceased to be a Safe Harbor Plan. The Company may make a discretionary matching contribution, to be determined annually, equal to a uniform percentage or dollar amount for each participant's elective deferrals, including catch-up deferrals. In 2022 and 2021, the Company determined discretionary matching contributions to be 4% capped at \$10,000 and \$3,000, respectively. Furthermore, the Company may make nonelective discretionary contributions. To be eligible to receive nonelective discretionary contributions, participants must have 1,000 hours of service during the plan year and be employed on the last day of the plan year. There were no nonelective discretionary contributions in 2022 and 2021.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on eligible participant compensation, earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are 100% vested immediately at all times in all accounts including their contributions, Company's discretionary matching and nonelective discretionary contributions, plus actual earnings or losses thereon.

Forfeitures

Forfeitures represent the excess employer match contributions participants received for the plan year. Forfeitures may be used to pay Plan expenses or reduce future Company contributions. The forfeiture balance on December 31, 2022 and 2021 was \$9,249 and \$8,572, respectively. Forfeitures used to pay Plan expenses and/or Company contributions during 2022 and 2021 were \$0 and \$1,171, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance in the Plan. The loans are secured by the balance in the participant's account and bear interest at 2% over the prime rate published in the Wall Street Journal on the first business day of the month before the loan is originated. Principal and interest are paid ratably through payroll deductions for periods ranging up to five years, or up to 25 years for the purchase of a primary residence. Participants may only have one loan outstanding at any time.

Payment of Benefits

Normal retirement age under the Plan is 65. Upon separation of service due to death, disability, retirement, or termination of employment, participants can receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with a rollover contribution may receive a distribution at any time, limited to the total of their rollover contribution and relate earnings. The Plan also allows for hardship distributions from a participant's vested account and in-service distributions at age 59½.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses, are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants or their beneficiaries are recorded when paid.

NOTE 3: INVESTMENT INFORMATION

Information related to investments as of December 31, 2022 and 2021, and the related investment income or loss for the year ended December 31, 2022 was certified by Reliance Trust as permitted by Regulation 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4: FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (FASB ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - *Inputs to the valuation methodology include:*

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Flowworks 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of December 31, 2022 and 2021 by level, within the fair value hierarchy, as well as investment measured at NAV practical expedient:

	<u>2022</u>	<u>2021</u>
Level 1:		
Mutual funds	\$ 59,629,545	\$ 56,610,282
Measured at NAV ⁽¹⁾:		
Common/collective trust	<u>1,398,631</u>	<u>714,664</u>
Total investments, at fair value	<u><u>\$ 61,028,176</u></u>	<u><u>\$ 57,324,946</u></u>

⁽¹⁾ Investments that are measured at fair value using NAV as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 5: NAV PER SHARE

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2022 and 2021.

	<u>2022*</u>	<u>2021*</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Common/collective trust funds	\$1,398,631	\$714,664	None	Immediate	None	None

* The fair values of the investment have been estimated using the NAV of the investment.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

During 2022, certain Plan investments in mutual funds, and common/collective trust funds were managed by entities related to J.P. Morgan, the Plan's recordkeeper, and, therefore, these transactions qualified as party-in-interest transactions. However, they were exempt from the prohibited transaction provisions under ERISA.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating.

NOTE 8: PLAN TAX STATUS

The Plan has adopted a non-standardized prototype plan, which obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: SUBSEQUENT EVENTS

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2022, and through October 2, 2023, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Change in Trustee

Effective April 1, 2023, the Plan sponsor entered into a trust agreement with Empower Trust Company to replace Reliance Trust Company as the Plan's non-discretionary directed trustee.
