INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Norwich University Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Norwich University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2 to the financial statements.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statement, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NORWICH UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of Norwich University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan provisions for more information.

General

The Plan is a tax-exempt, defined contribution retirement plan sponsored by Norwich University (the University). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). TIAA and CREF (the custodian) is the recordkeeper and custodian of the Plan.

Eligibility

The Plan is available to all University employees, except adjunct faculty and staff in a job requiring less than 1,000 hours of work in a 12-month period and student employees. Employees may enter the Plan and begin making elective deferrals to the Plan upon hire.

Vesting

Participants are fully vested in their account balances.

Contributions

Each year, eligible participants may make contributions to the Plan through salary deferrals up to 100% of eligible compensation, as defined in the Plan. The maximum amount that a participant may contribute is limited by provisions of the Internal Revenue Code (the Code). Effective January 1, 2018, new employees are automatically enrolled to defer 5% of eligible compensation. Participants can elect a different percentage or elect not to make elective deferral contributions to the Plan.

The University provides a matching contribution to eligible participants equal to 130% of participants' contributions, up to 5% of eligible compensation. The University also provides an employer contribution to eligible participants equal to 1% of eligible compensation, regardless of participants' elective deferrals.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and employer's contributions and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses, and certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their participant account balance or \$50,000, subject to certain limitations as set forth in the Plan document. Notes receivable from participants are issued directly from the participant's account, unlike Plan loans, discussed below, that are issued directly from funds owned by the custodian.

Plan Loans

Participants may borrow up to the lesser of 50% of their individual account balance or \$50,000. Plan loans are issued directly from the funds owned by the custodian instead of being removed from the participant's account balance. These loans are collateralized by 110% of the participant's account, which is required to be maintained in the TIAA Traditional Annuity investment. As the loans are paid off, participants may reinvest their funds as they choose. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs, at which time the custodian will draw the funds from the participant's account to cover the remaining loan balance.

Participants had outstanding Plan loan balances due to the custodian amounting to \$59,472 and \$117,143 as of December 31, 2022 and 2021, respectively. As of December 31, 2022 and 2021, \$65,419 and \$128,857, respectively, of the TIAA Traditional Annuity investment serves as collateral for the Plan loans. There were no Plan loans in default as of December 31, 2022 and 2021.

Investments

Upon enrollment in the Plan, a participant may direct his or her account balance among the various investments offered by the Plan. The Plan currently offers investments in shares of registered investment companies, a pooled separate account, and a guaranteed annuity account.

Payments of Benefits

Participants shall become eligible to receive their vested account balances upon retirement (the normal retirement age is 65), death, disability, or termination. Participants may withdraw their account balances upon reaching age 59½. Participants may receive their benefit payments in a single lump sum payment or a monthly annuity. In addition, participants may request a distribution upon demonstration to the plan administrator that they are suffering a hardship, as defined in Section 403(b) of the Code, subject to certain limitations set forth in the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Accordingly, certain revenue and related assets are recognized when received, rather than when earned, and certain expenses are recognized when paid, rather than when incurred.

NORWICH UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are reported at fair value, except for the non-benefit responsive and the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a summary of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the cash basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued using the unpaid principal balance. Interest income on notes receivable from participants is recorded when it is received. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

The majority of all administrative expenses are paid by the Plan. Certain investment expenses are paid to the custodian through the Plan's investments as eligible indirect compensation, which includes fees or expense reimbursement payments charged to investment funds and reflected in the value of the investment or return on investment of the Plan. Total eligible indirect compensation paid through the Plan for 2022 was \$519,398.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has considered transactions or events occurring through October 11, 2023, the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

Notes to Financial Statements

December 31, 2022 and 2021

3. Guaranteed Annuity Account

Investments in the TIAA Traditional Annuity are in a guaranteed annuity account. Contributions to this investment buy a contractual or guaranteed amount of future benefits for the participant. Interest credited to the investment includes a guaranteed rate plus additional amounts established on a year-by-year basis. The investment is included in the financial statements at contract value as reported to the Plan by the custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. Due to the high volume of participant contribution and distribution transactions in this contract, the contract value is believed to approximate fair value.

The investment provides for nonbenefit-responsive and fully benefit-responsive contracts. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The nonbenefit-responsive contracts do not allow for lump sum withdrawals. In addition, participant initiated transfers may only be made in ten annual installments. Due to these liquidity restrictions, the contracts are nonbenefit-responsive.

4. Income Tax Status

The Plan obtained its latest advisory letter on August 7, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the advisory letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Information Prepared and Certified by Custodian

The investments, notes receivable from participants, investment transactions, net depreciation in fair value of investments, and interest and dividends were obtained by management and agreed to or derived from the information certified by the custodian as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits (Modified Cash Basis);
- Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis); and
- Schedule H, line 4i - Schedule of Assets (Held at End of Year).

6. Parties-in-Interest

Some of the Plan's investments are managed by the custodian, therefore, these transactions qualify as party-in-interest transactions. The professional service fees paid by the Plan for 2022 were \$73,609, and qualify as party-in-interest transactions as they are related to recordkeeper fees and investment advisor fees incurred by the Plan.

NORWICH UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

7. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

9. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NORWICH UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

Registered investment companies: Valued using market quotations.

Pooled separate account: Derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion using market and income approaches.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets at Fair Value

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
