INDEPENDENT AUDITORS' REPORT

To the Participants and the Administrative Committee of
the Bonitz, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bonitz, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bonitz, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bonitz, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bonitz, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bonitz, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bonitz, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- 1) the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- 2) the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BONITZ, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Bonitz, Inc. 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan, adopted and effective April 1, 1995, is a defined contribution plan covering all full-time employees of the Company who have one year of service with 1,000 hours or more, and employed on the last day of the plan year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Electing employees may contribute up to the maximum percentage allowed not to exceed the limits of the Internal Revenue Code. The Company will match employee contributions. The minimum match will be 20% of 401(k) dollars deferred. The Company also has the option of making a discretionary contribution to the plan. The Plan includes auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by participant.

All participants who are eligible to make elective deferral contributions may elect to designate all or any portion of their future elective deferral contributions as Roth elective contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's contribution, and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service.

Investment Options: Upon enrollment in the Plan, a participant may direct employee and employer contributions in a number of investment options. Participants may change their investment options at anytime.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes Fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate of interest to be determined by the Loan Administrator. The interest rate on all participant loans range from 5.25% to 9.00%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed reasonable period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Expenses: The Plan sponsor paid substantially all of the operational costs to administer the Plan for the years ended December 31, 2022 and 2021.

Subsequent Events: Subsequent events were evaluated through October 10, 2023, which is the date the financial statements were available to be issued.

Forfeited Accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$18,786 and \$35,497, respectively. These accounts will be used to reduce future employer contributions.

BONITZ, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED):

Highly Compensated Employees - The Plan has some specific provisions for Highly Compensated Employees primarily relating to Eligibility, Employer Matching Contributions, and limitations on Elective Deferrals and Employer Matching Contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting: The financial statements of the plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the portion of assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY PRINCIPAL:

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by the custodian and furnished to Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's Independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	<u>2022</u>	<u>2021</u>
Investments at fair value, mutual funds	\$ 13,044,818	\$ 22,343,691
Funds held in insurance company, general account	4,261,486	105,908
Pooled separate accounts	10,544	-
Notes receivable from participants	519,487	615,194

BONITZ, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY EMPOWER RETIREMENT (CONTINUED):

Principal Trust Company also certified to the completeness and accuracy of \$24,743 of interest income from notes receivable from participants, \$291,548 of interest and dividends and \$2,641,950 of net decrease in fair value of investments (including investments bought, sold and held during the year) for the year ended December 31, 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS:

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant unobservable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the topic are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted prices for similar assets or liabilities in active markets.b. Quoted prices for identical or similar assets or liabilities in inactive markets.c. Inputs other than quoted prices that are observable for the asset or liability.d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds and Money Market Mutual Funds: These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

BONITZ, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Mutual funds	\$ 13,044,818	\$ 13,044,818	\$ -	\$ -

Total	<u>22,449,599</u>	<u>22,343,691</u>	<u>105,908</u>	<u>-</u>

NOTE 5 - GUARANTEED INVESTMENT CONTRACT:

Group Annuity Contract: The "Guaranteed Interest Account" (GIA) is valued using a market value approach. The estimated fair value of the GIA is determined to be the calculated market value of the GIA. The market value is calculated using the following unobservable inputs:

1. the assumed interest rate obtainable by the custodian on new investments where a proxy is a blend of multiple indices as described in the Market Value formula under the Contract.
2. the experience rate for the Contract, which is the weighted average of the investment year interest rates for pension account funds. The weighting reflects the distribution of Contract funds to the various investment years in which the Contract has been in effect.

A description of the sensitivity of the estimated fair value to changes in significant unobservable inputs for assets measured at fair value on a recurring basis is as follows:

-GIA - Significant increases (decreases) in the assumed interest rate will result in (decreases) increases to valuations.

-GIA - Significant increases (decreases) in the experience rate will result in increases (decreases) to valuations.

The average yield earned by the plan and average interest rate credited to participants was 1.00% and 1.55% for the plan years ending December 31, 2022 and 2021, respectively.

BONITZ, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 - GUARANTEED INVESTMENT CONTRACT (CONTINUED):

The average yield earned is calculated by dividing the annual interest credited to the plan during the plan year by the average annual fair value (applicable for those plans that have been in-force with the plan custodian for more than one year). The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value (applicable for those plans that have been in-force with the plan custodian for more than one year). The average yield earned by the plan and the average interest rate credited to participants is the same, therefore, no adjustment is needed.

Certain events may limit the ability of the plan to transact at Contract Value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification.

NOTE 6 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Principal Life Insurance is the record keeper of the Plan and Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts, and therefore these transactions also qualify as exempt party-in-interest transactions.

NOTE 7 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated February 20, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrator has determined that there are no uncertain tax positions for the years ended 2022 and 2021.

NOTE 9 - SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued, and have determined that, except as noticed above, there are no additional subsequent events that require disclosure under the Subsequent Events topic of FASB ASC 855, Subsequent Events.
