INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Administrator
Affordable Services Corp.
Colorado Springs, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Affordable Services Corp. ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period ended June 30, 2022, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2022 and December 31, 2021, and for the period from January 1, 2022 to June 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

As described in Note 1 to the financial statements, the Trustee of the Plan approved the merger of the Plan assets into APB Elite Pooled Employer Plan effective June 30, 2022.

Notes to Financial Statements

June 30, 2022

Note 1 - Description of Plan

The following description of the Affordable Services Corp. ("the Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General and Plan Merger

The Plan is a defined contribution plan established on August 1, 2020. The Plan covers eligible employees of Affordable Services Corp. ("the Company" or "Plan Sponsor"). On June 30, 2022, the Plan was merged into APB Elite Pooled Employer Plan. Net assets in the amount of \$2,359,984 were transferred to APB Elite Pooled Employer Plan as part of the Plan merger.

Eligibility

Prior to the Plan merger, employees were eligible to participate in the Plan once they had completed 1,000 hours of service in a 12-month eligibility computation period ("one year of service"), provided they were at least 21 years of age.

Contributions

Prior to the Plan merger, participants could contribute up to 90% of their compensation (as defined in the Plan Document), subject to the maximum dollar amounts allowed by law. Contributions from participants were made on a pre-tax basis. Unless an employee had voluntarily enrolled in the Plan or had declined to participate in the Plan, all newly eligible participants were automatically enrolled in the Plan, and contributions equal to 3% of their eligible compensation were withheld and contributed to the Plan as pre-tax contributions; such contributions were automatically increased by 1% per year until their contributions reached 6% of their eligible compensation. Participants could have elect to adjust, cease, or resume their contributions at any time.

Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants may also have contributed amounts representing distributions from other qualified plans ("rollover contributions").

The Company contributed a safe harbor matching contribution of 100% on the first 3% of eligible compensation. In addition, the Plan also allowed for a Company discretionary contribution; however, no such discretionary contributions were made for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's safe harbor matching contribution and Plan earnings or losses. Allocations were based on participant earnings or account balances, as defined. Income was allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants had full discretion to direct their proportionate share (vested and non-vested) of Plan assets to a variety of investment funds.

Affordable Services Corp.

Notes to Financial Statements

June 30, 2022

Vesting

Participants are immediately vested in their contributions. Prior to Plan merger, any Company safe harbor matching contributions and discretionary contributions and related net earnings became vested to the participant based on the following schedules of years of service:

<u>Completed Years of Service</u>	<u>Vesting Schedule Discretionary Contributions</u>	<u>Vesting Schedule Safe Harbor Contributions</u>
Less than 2	0%	0%
2	20	100
3	40	
4	60	
5	80	
6	100	

Additionally, a participant was fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may have borrowed from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans bore an interest rate of prime plus 1% and were repayable within one to five years. Principal and interest was paid ratably through payroll deductions. Prior to the transfer of the Plan assets on June 30, 2022, the interest rate for the loans outstanding ranged from 4.25% to 7.50%.

Benefit Payments

Upon termination of employment, death, disability, or retirement, a participant may have elected to withdraw his or her account in the form of a lump-sum distribution or in installment payments, depending on the account balance. The Plan allowed for in-service distributions once a participant reached age 59½. In the event of a hardship (as defined by the Plan document), a participant may have withdrawn some or all of their account balance, subject to the requirements of the Plan document. If a participant terminated employment and the participant's account balance did not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

The use of forfeited nonvested accounts is based on the discretion of the Plan. Forfeited nonvested accounts may be used to reduce administrative expenses or used to reduce future Company contributions. Forfeitures in the amount of \$615 and \$1,268 were used to reduce employer contributions for the period ended June 30, 2022 and for the year ended December 31, 2021, respectively. There were no outstanding forfeitures as of June 30, 2022 and \$20 as of December 31, 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Contributions from participants were recorded in the period in which they are withheld from the participant's compensation. Safe harbor matching contributions from the Company were recorded in the period in which the related participant contributions are recorded.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest was recorded on the accrual basis. Delinquent notes receivable from participants were recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. Purchases and sales of securities were recorded on a trade-date basis. Interest and dividend income was recorded on the accrual basis. Net appreciation (depreciation) of investments represents the change in fair value of assets from one period to the next and includes realized gains and losses on investments.

Administrative Expenses

The Plan provides that certain expenses of the Plan may be paid by the Plan or the Company. Certain expenses incurred to maintain the Plan were paid directly by the Company and were excluded from these financial statements.

Payment of Benefits

Benefits were recorded when paid.

Note 3 - Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be used to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability.

Affordable Services Corp.

Notes to Financial Statements

June 30, 2022

There are three levels that prioritize the inputs used in measuring fair values as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly.
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used at June 30, 2022 and December 31, 2021.

Mutual Funds: Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Reported at fair value using the NAV, which is determined by the administrators of the common collective trust and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the common collective trust (primarily fully benefit responsive investment contracts), less any liabilities, and then divided by the number of units outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Withdrawals, other than for benefit payments and participant transfers to noncompeting investment options, require 12 months advance written notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments related to these investments.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Fair Value Measurement at December 31, 2021, Using:			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,530,274	\$ -	\$ -	\$ 2,530,274
Common collective trust*				43,246
Investments at fair value				\$ 2,573,520

*Certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Prepared and Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of June 30, 2022 and December 31, 2021, the and the statement of changes in net assets available for benefits for the period of January 1, 2022 to June 30, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Tax Status

The Plan adopted a volume submitter plan developed by the volume submitter sponsor. Based in part on a favorable opinion letter received for the volume submitter plan dated October 6, 2020, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

In accordance with the guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Reconciliation of Financial Statements for Form 5500

The following information reconciles differences between amounts reported on Form 5500 and amounts reported on the accompanying financial statements. The following is a reconciliation of participant and employer contributions per the financial statements and Form 5500:

Note 7 – Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

October 10, 2023

To the Trustee and Plan Administrator

Affordable Service Corp.
920 Babcock Road
Colorado Springs, CO 80915

We have audited the financial statements of Affordable Services Corp. ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the period ended June 30, 2022 and we will issue our report thereon dated October 10, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated July 13, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. The Plan merged all assets of the Plan with APB Elite Pooled Employer Plan effective June 30, 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the fair value measurement of investments and is disclosed in Note 3 to the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the fair value measurement of investment and is disclosed in Note 3 to the financial statements. The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

- **Lack of Documentation for Wages:** During our audit, we were informed that no documentation was maintained by the Plan Sponsor to support pay rates for employees. Documentation is not maintained to support pay rates for employees at the time of hire, or for subsequent changes to pay rates. Lack of documentation increases several fraud risks at the Plan Sponsor level and increases the risk of payroll-related benefits and taxes not being properly calculated.

We recommend that management document the rate of pay through a form such as a new hire form and a separate form to document changes in wages. These forms should be completed, and signed, by an authorized person and retained in the employee file.

- **Terminations:** During our audit procedures, we determined that there is no documentation available to support the date of termination for an employee.

We recommend that a termination checklist be utilized to document date and process of termination for all employees. These forms should be completed, and signed, by an authorized person and retained in the employee file.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Trustee and Plan Administrator of Affordable Services Corp. and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

October 10, 2023

To the Trustee and Plan Administrator

Affordable Services Corp.
920 Babcock Road
Colorado Springs, CO 80915

Except as discussed in the following paragraph, in planning and performing our audits of the financial statements of Affordable Services Corp. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the period ended June 30, 2022, and for the period of January 1, 2022 to June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audits also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in the Plan's internal control to be material weaknesses:

- **Lack of Documentation for Wages:** During our audits, we were informed that no documentation was maintained by the Plan Sponsor to support pay rates for employees. Documentation is not maintained to support pay rates for employees at the time of hire, or for subsequent changes to pay rates. Lack of documentation increases several fraud risks at the Plan Sponsor level and increases the risk of payroll, related benefits and taxes not being properly calculated.

We recommend that management document the rate of pay through a form such as a new hire form and a separate form to document changes in wages. These forms should be completed, and signed, by an authorized person and retained in the employee file.

- **Terminations:** During our audit procedures, we determined that there is no documentation available to support the date of termination for an employee.

We recommend that a termination checklist be utilized to document date and process of termination for all employees. These forms should be completed, and signed, by an authorized person and retained in the employee file.

This communication is intended solely for the information and use of management and the Trustee, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Clark Raymond & Co. PLLC

Explanation of Reasonable Cause for Late Filing

To Whom it May Concern:

Due to changing payroll provider and 401(k) providers, we had limited access to payroll reports and financial statements. We had to do an extensive audit with our new Third Party Administrator (TPA), to verify all contributions were up to date. This process took longer than expected, holding up our auditing process.

Please feel free to reach out to us with further questions, if necessary.

Sincerely,

Ted Toft, President
