Part I	Asset and Liability Statement
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

RSM US LLP

Audit Committee
Mid-America Transplant Services Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mid-America Transplant Services Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is accurate and complete to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mid-America Transplant Services Savings and Investment Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Mid-America Transplant Services Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General: The Plan was established on July 1, 1986, as a defined contribution plan covering all eligible employees of Mid-America Transplant (the Organization). Under the Plan, all employees are eligible except tissue and eye technician employees, nurse advocates, organ preservationist technicians and employees being represented by a collective bargaining unit that has bargained in good faith the subject of retirement benefits with Mid-America Transplant. Employees become eligible to participate in elective deferrals under the Plan when they begin service, and are entered into the Plan the first day of the month on or next following date requirements are met. For the Organization's matching contribution, qualified nonelective contribution, and discretionary contribution, employees become eligible to participate when they have completed one year of eligible service. For eligible service, a year of service requires a minimum of 1,000 hours during a one-year period. Effective March 1, 2022, the Plan was amended to remove the service requirement for the Organization's matching contributions. No changes were made to the Organization's qualified nonelective contribution or discretionary contribution eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Finance Committee is responsible for oversight of the Plan. The Finance Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants may contribute a percentage of their compensation, on a pre-tax or Roth basis, not to exceed applicable calendar year limits under section 402(g)(1) of the Internal Revenue Code (IRC), which is \$20,500 for 2022. Participants age 50 and older may elect an additional catch-up deferral of \$6,500 for 2022. Rollover contributions to participants from another qualified plan are permitted as defined in the Plan. The Organization will make a matching contribution equal to 100% of a participant's first 5% of elective deferral contribution, including catch-up deferrals, up to 5% of compensation. Matching contributions are calculated based on the participants' pay and elective deferrals for the payroll period. The Organization's matching contributions were \$790,197 for the year ended December 31, 2022.

The Organization provides a bonus to all eligible participants in an amount equal to 3% of eligible compensation, which participants may defer into the Plan as a participant contribution on a pre-tax basis (qualified nonelective contribution), or into a 529 plan. The Organization's nonelective contribution was \$357,492 for the year ended December 31, 2022, which is included in participant contributions on the statement of changes in net assets available for benefits.

The Organization may also make a discretionary contribution each plan year. To be eligible for the discretionary contribution, participants must complete one year of eligible service, work a minimum of 500 hours during the plan year and be employed by the Organization on the last day of the plan year. The discretionary contribution will be allocated to eligible participants based on 6% of the participant's eligible compensation that is not over the Social Security wage base (\$147,000 for 2022) and 11.7% of eligible compensation over the Social Security base up to the compensation limit (\$305,000 for 2022). The discretionary contribution for the year ended December 31, 2022, was \$765,565.

Participants direct the investment of contributions into various investment options offered by the Plan. At December 31, 2022 and 2021, these options include a common/collective trust fund, various mutual funds and a certificate of deposit.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution, the Organization's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and the Organization's qualified nonelective contributions plus actual earnings thereon. Vesting in the Organization's matching and discretionary contributions in their account plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service. A year of credited service for vesting purposes is any plan year during which a participant works at least 1,000 hours. Upon reaching normal retirement age, disability or death, a participant becomes 100% vested. The nonvested balance is forfeited upon the earlier of a five-year break in service or upon distribution of a participant's vested account balance.

Payment of benefits: Retirement benefits are normally payable upon reaching the normal retirement age of 65. Retirement benefits are based on the accumulated value in the participant's account. Upon termination of service due to death, disability, retirement or other termination of employment, the amount the participant is entitled will be paid to the participant or, in the case of death, to the participant's beneficiary, in a cash lump sum or an annuity, at the participant's option. A participant may also elect to receive a distribution upon attaining age 59½ while continuing to work. Hardship withdrawals are also permitted under circumstances provided by the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum of 50% of the vested account balance or \$50,000, whichever is less. The minimum note receivable amount is \$1,000, and the note receivable terms range from one to five years, unless the note receivable is for a principal residence. Notes receivable are secured by the balance in the participant's account and bear interest that is commensurate with the prime rate and is paid ratably at least quarterly. The interest rate range for all notes receivable active at year-end was 3.25% to 7.00%. A participant may have only one notes receivable outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts: At December 31, 2022 and 2021, there were no forfeited nonvested accounts. Forfeitures may be used to restore participant accounts for prior forfeitures, to pay Plan expenses, or to reduce employer contributions as detailed in the non-standardized prototype plan. During the year ended December 31, 2022, forfeitures used to reduce employer contributions were \$40,502.

Note 2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies is as follows:

Basis of accounting: The Plan prepares its financial statements on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Mid-America Transplant Services Savings and Investment Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits: Benefit payments to participants are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes receivable from participants: Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Notes receivable from participants are classified as an investment asset for Form 5500 reporting purposes and, accordingly, are included as an investment in supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Note 3. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by State Street Bank and Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is accurate and complete to the best of their knowledge and belief.

Mid-America Transplant Services Savings and Investment Plan

Notes to Financial Statements

Note 3. Information Certified by the Trustee (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2022	2021
Investments, at fair value:		
Mutual funds	\$ 29,673,673	\$ 35,660,189
Certificates of deposit	35,500	37,157
Common/collective trust	931,095	418,968
Noninterest-bearing cash	17,326	18,077
Notes receivable from participants	272,157	238,417
Accrued interest	370	224

The trustee also certified to the accuracy and completeness to the best of their knowledge and belief of \$6,453,758 of net depreciation in fair value of investments, \$636,815 of dividends and interest earned on investments and \$11,404 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mid-America Transplant Services Savings and Investment Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at a daily calculated net asset value (NAV) and are traded at a quoted price through the National Securities Clearing Corporation.

Certificates of deposit: Certificates of deposit are valued at cost plus accrued interest, which approximates fair value.

Common/collective trust: The common/collective trust fund is valued at the NAV of units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur immediately. Investments measured following the NAV practical expedient are classified outside of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,673,673	\$ -	\$ -	\$ 29,673,673
Certificates of deposit	35,500	-	-	35,500
	<u>\$ 29,709,173</u>	<u>\$ -</u>	<u>\$ -</u>	<u>29,709,173</u>
Investments measured at NAV*				931,095
Investments, at fair value				<u>\$ 30,640,268</u>

Description	Assets as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,660,189	\$ -	\$ -	\$ 35,660,189
Certificates of deposit	37,157	-	-	37,157

Investments measured at NAV*				418,968
Investments, at fair value				<u>\$ 36,116,314</u>

* In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Mid-America Transplant Services Savings and Investment Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common/collective trust:					
Transamerica Retirement Solutions					
Transamerica Collective Trust					
Funds (a)	\$ 931,095	\$ 418,968	\$ -	Daily	Daily

(a) This fund is filing as a direct filing entity.

Note 5. Tax Status

The Plan has adopted a non-standardized prototype plan sponsored by Transamerica Retirement Solutions. The prototype plan has received an opinion letter dated June 30, 2020, from the Internal Revenues Service as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by this Plan. The Plan has been amended since receiving this determination letter. The Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.

Note 7. Party-in-Interest and Related-Party Transactions

The Plan invests in a common/collective trust fund managed by the trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica Retirement Solutions and Marsh McLennan Agency, parties in interest, for investment management and administrative services amounted to \$194,332 for the year ended December 31, 2022, which is included on the statement of changes in net assets available for benefits.

Mid-America Transplant Services Savings and Investment Plan

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Note 9. Prohibited Transactions

During 2021, the Plan Sponsor inadvertently failed to deposit approximately \$47,000 of participant contributions and loan repayments within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings in the amount of approximately \$2,300. The Plan Sponsor filed Form 5330 and paid the applicable excise tax in 2022. The excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
