Independent Auditor's Report

To the Retirement Plan Committee
Orica USA Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Orica USA Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report (Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Orica USA Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note A - Description of Plan

The following description of the Orica USA Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of Orica USA Inc. and any related adopting employer (collectively, the "Company"). Employees are immediately eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In February 2022, the Company sold adopting employer, Minova to an unrelated entity. As a result, Plan assets of impacted participants approximating \$14.2 million were transferred from the Plan into a newly created plan in May 2022.

2. Contributions: Each year, participants may elect to contribute up to 75% of their annual compensation, subject to Internal Revenue Code ("IRC") limitations, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Plan includes an automatic enrollment feature whereby the Company will automatically enroll employees into the Plan at a contribution rate of 5% of pre-tax compensation unless they elect otherwise. The automatic elective deferral rate will increase on the first day of the Plan year at a rate of 1% up to a maximum of 15% of compensation. The participant may elect a different percentage or elect to opt out of the Plan.

The Company makes a qualified matching contribution equal to 100% of the first 5% of compensation each eligible participant contributes to the Plan. Employees must have completed six months of service to be eligible to receive Company contributions. The Company may also make discretionary contributions to the Plan. No discretionary contributions were made for the 2022 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.

3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of Plan earnings. Participant accounts are charged with their withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transaction costs, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their account balances.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through payroll deductions.

Orica USA Inc. 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note A - Description of Plan (Continued)

7. Payment of Benefits: Upon termination of service, death, or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments not exceeding the participant's life expectancy. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
5. Payments of Benefits: Benefits are recorded when paid.
6. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
7. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
8. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

Note C - Certification of Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company ("Principal"), a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the Schedule of Assets (Held at End of Year) at December 31, 2022, and the related interest and dividends, interest income on notes receivable from participants, and net depreciation in fair value of investments information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on this investment.

Note D - Fair Value Measurements (Continued)

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through subaccounts of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of an insurance company at December 31, 2022 and 2021, respectively. The investments are redeemable at the adjusted NAV under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,327,174	\$ -	\$ -	\$ 8,327,174
Total assets in the fair value hierarchy	<u>\$ 8,327,174</u>	<u>\$ -</u>	<u>\$ -</u>	8,327,174
Investments measured at NAV (a)				<u>60,522,265</u>
Investments, at fair value				<u>\$ 68,849,439</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,591,241	\$ -	\$ -	\$ 11,591,241
Total assets in the fair value hierarchy	<u>\$ 11,591,241</u>	<u>\$ -</u>	<u>\$ -</u>	11,591,241
Investments measured at NAV (a)				<u>87,602,275</u>
Investments, at fair value				<u>\$ 99,193,516</u>

(a) In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the Statements of Net Assets Available for Benefits.

Note E - Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value as reported to the Plan by Principal Life. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Principal Life's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. The guaranteed investment contract does not permit Principal Life to terminate the agreement prior to a breach of the contract terms by the investor.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

Note F - Related Party and Party in Interest Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties in interest. It invests in an insurance investment contract, collective trust funds and pooled separate accounts managed by Principal, the trustee of the Plan, or related affiliates. The Plan paid fees to Principal approximating \$123,000 during the Plan year ended December 31, 2022. These transactions as well as notes receivable from participants and related activity qualify as party in interest transactions.

Note G - Income Tax Status

Effective June 1, 2022, and as required under IRC regulations related to Cycle 3, the Plan was restated onto a non-standardized pre-approved plan ("pre-approved plan") of Principal Life. The Internal Revenue Service ruled on June 30, 2020, that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.
