INDEPENDENT AUDITORS' REPORT

To the Balls Food Stores 401(k) Retirement Plan and Participants of the Pla
Kansas City, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of the Balls Food Stores 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Balls Food Stores 401(k) Retirement Plan
Notes to Financial Statements
For the Year Ended December 31, 2022

Note 1 – Description of Plan

The following description of the Ball's Food Stores 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution salary deferral plan covering all employees of Four B Corp who have completed 1,000 hours of service in the Plan year, beginning with the Plan year which includes the first anniversary of the employee's employment commencement date. Eligible employees must also have attained age 20 and must not be covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan's custodian and trustee is Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company. An affiliated company, Principal Retirement Services, serves as the Plan's recordkeeper.

Contributions

Contributions of the Plan consist of voluntary employee pre-tax contributions and/or post-tax Roth contributions from salary that are matched to a certain percent by employer contributions. Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to annual statutory limits as defined by the Internal Revenue Service. The elected contribution percent may be changed as often as desired. The Company makes discretionary matching contributions, not to exceed 5% of each employee's compensation. In 2022, the Company matched 50% of the first 4% of each employee's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of (a) Company discretionary contributions and (b) Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is based on years of continuous service. A year for vesting purposes is a calendar year in which the participant has 1,000 hours of service. The vesting schedule for

Balls Food Stores 401(k) Retirement Plan

For the Year Ended December 31, 2022

Company contributions is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Benefits

Participants are entitled to the benefit, which can be provided from the participant's account. Distribution of the participant's vested accrued benefit shall commence upon request. Upon termination of employment, the participant, or in the case of death, the participant's beneficiary can elect to receive the participant's vested account balance in a single lump sum or request that it be rolled over to a different IRA provider or another retirement plan, in accordance with the Plan document.

Investment options

A participant directs all contributions into mutual funds, common/collective trusts, and a guaranteed interest contract managed by the Custodian. Employees can change their investment allocations anytime.

Amendment and termination

The Company shall have the right at any time to amend the Plan in any manner it deems necessary or appropriate. Although the Company has not expressed an interest to do so, it shall have the right, at any time, to suspend or discontinue its contributions under the Plan, and to terminate, at any time, this Plan, subject to the provisions of ERISA. In the event that the Plan should be terminated, the entire balance of the participant's account will become fully vested, and all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan documents.

Participant Loans

Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Each loan is secured by the balance in the participant's account and bears interest at a rate that can range from 5.25% to 9.50%; these rates are commensurate with local prevailing rates as determined quarterly by the Plan administrator. As of December 31, 2022, all loans were charged an interest rate equal to the Prime rate at the time of loan origination plus two percent. Principal and interest are paid through weekly or bi-weekly payroll deductions. The number of outstanding loans held by a participant is limited to two loans.

Forfeited Accounts

Forfeitures of non-vested accounts may be used to reduce Company contributions. There was \$1 of forfeitures available for use as of January 1, 2022. During the year ended December 31, 2022, forfeited amounts totaled \$43,761 and there were \$137 of losses recorded net of expenses. \$43,539 was used to reduce Company contributions during the year ended December 31, 2022. The balance of forfeited amounts as of December 31, 2022 was \$86.

Note 2 – Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value and Common/Collective Trusts, which are reported at net asset value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for further details. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds and guaranteed interest contracts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are

Balls Food Stores 401(k) Retirement Plan
Notes to Financial Statements
For the Year Ended December 31, 2022

reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Employer and participant contributions are reported in the year services are rendered to the Company by the plan participants.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements

The Trustees have reviewed all recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force) and the AICPA and feel they did not or will not have a material impact on the Plan's present or future financial statements.

Note 3 – Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the custodian of the Plan's assets, and furnished by the Plan administrator. Accordingly, Principal Life Insurance Company, the trustee of the Plan, has certified that the following information included in the financial statements and the supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022
- Schedule H, item 4i – schedule of assets held at end of year, December 31, 2022.

Investments that represented 5% or more of the fair value of the Plan's net assets as of December 31, 2022 are as follows:

	<u>Fair Value</u>
Principal Lifetime Hybr Inc CIT	\$ 2,992,508
Principal Lifetime Hybr Inc 2020 CIT	3,688,885
Principal Lifetime Hybr Inc 2030 CIT	9,089,745
Principal Lifetime Hybr Inc 2040 CIT	4,744,058
Principal Lifetime Hybr Inc 2050 CIT	2,451,200
Principal Large Cap Growth Fund	2,615,550
Guaranteed Interest Fund	4,558,401

The Plan invests in mutual funds and common/collective trusts which hold various securities, including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 5 – Investment Contract with Insurance Company

The Plan provides the Principal Fixed Income Guaranteed Option, a fully benefit-responsive group annuity contract with a fixed rate of interest issued by Principal Life Insurance Company ("PLIC") as an investment option for participants. The objective of this investment option is to guarantee principal and provide a stated interest crediting rate backed by PLIC. The contract is included in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount

participants would receive if they were to initiate permitted transactions under the terms of the Plan. Under the existing contract, the composite crediting rate on participant accounts was 4.05% as of December 31, 2022. The investment contract has a 5% early withdrawal charge should the Plan discontinue the contract without proper notifications, as prescribed in the contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events that may limit the ability of the Plan to transact at contract value are not probable of occurring.

Note 6 – Fair Value Measurements

The Plan has adopted ASC Topic 820-10 to measure the fair value of certain of its financial assets required to be measured on a recurring basis. ASC Topic 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). ASC Topic 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability. The three levels of the fair value hierarchy under ASC Topic 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Notes to Financial Statements
For the Year Ended December 31, 2022

Common/Collective Trusts – The fund manager calculates a net asset value per unit on the Fund's valuation date and the underlying investments of these funds are valued as described in their respective financial statements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	\$15,721,169	-	-	\$15,721,169
Inv. measured at fair value	15,721,169	-	-	15,721,169
Inv. measured at NAV				24,502,858
Total inv. at fair value				\$40,224,027

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	\$22,403,669	-	-	\$22,403,669
Inv. measured at fair value	22,403,669	-	-	22,403,669
Inv. measured at NAV				30,419,943
Total inv. at fair value				\$52,823,612

Note 7 – Income Tax Status

The Company adopted a Prototype Non-standardized 401(k) Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, indicating that it is qualified under Section 401 of the Internal Revenue Code (the "Code"). The Adoption Agreement may have been amended since the date of the letter, however, the Plan's administrator believes

Balls Food Stores 401(k) Retirement Plan

For the Year Ended December 31, 2022

that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the related trust is exempt from tax under Section 401(a) of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and had concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no IRS audits for any tax periods in progress. The Plan sponsor believes it is subject to income tax examinations for the years of 2022, 2021, 2020, and 2019.

Note 8 – Related Parties and Parties-in-interest

Certain plan investments are mutual funds, common/collective trusts, and guaranteed interest contracts managed by Principal Trust Company. Principal Trust Company is the custodian/trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

Note 9 – Reconciliation of Audited Financial Statements to the Form 5500

The following tables reconcile the audited financial statements to the amounts shown on the Form 5500 of the Plan for the year ended December 31, 2022.

Net assets as of December 31, 2022 per Form 5500	\$ 46,202,059
