Independent Auditor's Report

To the Plan Administrator
The Gatesworth Employee Savings & Retirement Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of The Gatesworth Employee Savings & Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Gatesworth Employee Savings & Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of The Gatesworth Employee Savings & Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Gatesworth Employee Savings & Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope And Nature of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Gatesworth Employee Savings & Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Gatesworth Employee Savings & Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP).

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statement

Predecessor auditors performed an audit of the 2021 financial statements of The Gatesworth Employee Savings & Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

The Gatesworth Employee Savings & Retirement Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the The Gatesworth Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 1994 and most recently restated on November 1, 2020 by The Gatesworth (Plan Sponsor), is a defined contribution plan covering all eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Principal Life Insurance Company (Principal) is the directed trustee of the Plan and Orenda Retirement, LLC provides recordkeeping services.

Eligibility

All non-collectively bargained employees of the Plan Sponsor are eligible to participate in salary deferral contributions and matching contributions after twelve consecutive months of work completing at least 1,000 hours of service during that time and having attained the age of 21.

Contributions

Each year, participants may contribute up to 92% of annual eligible compensation, as defined in the Plan and designate those contributions as either pre-tax or Roth. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer funds to the Plan from other qualified retirement plans.

For the years ended December 31, 2022 and 2021, the Plan Sponsor matched 25.0% of contributions on the first 5.0% of compensation.

Discretionary profit-sharing contributions are determined annually and will be allocated to the participant's profit sharing contribution accounts of each participant eligible to share in such allocations after the end of the plan year. Such contributions will be allocated to the profit sharing contribution account of each participant eligible in pro rata shares. There were no discretionary profit-sharing contributions for the years ended December 31, 2022 and 2021.

Participants may direct contributions to any investment options offered by the Plan. Contributions are subject to certain limitations.

The Gatesworth Employee Savings & Retirement Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Investment Options

Participants of the Plan elect investment accounts in which their contributions, as well as employer contributions, are invested. The investment account options comprise various degrees of risk and return.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and an allocation of the Plan's earnings and administrative expenses. Administrative expenses are allocated based on participant transactions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral, Roth, and rollover contributions plus actual earnings thereon. Participants are 20% vested in Plan Sponsor contributions for each service year, as defined by the Plan, beginning after the first year of service until they are fully vested. Non-vested amounts are forfeited if an employee terminates prior to full vesting. In the event of the death, disability, or retirement of a participant, the participant will automatically become fully vested.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50.0% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates from 4.0% to 7.5%, which are commensurate with the prevailing Prime rate plus 1.0% at the time the loans were granted. Principal and interest are paid ratably through payroll deductions. Loans are for a period not exceeding five years unless used to acquire a personal residence, in which case the term is no more than 15 years.

Payment of Benefits

On termination of service, disability, or retirement, participants may elect to receive an amount equal to the value of the interest in their accounts in either a lump-sum amount or in installments, depending on the size of the participant's account balance at the time of termination.

The company may authorize certain withdrawals from a participant's account in the event of proven financial hardship or at the age of 59½.

Hardship withdrawals are subject to specific statutory and regulatory requirements. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met.

Benefits are recorded when paid.

The Gatesworth Employee Savings & Retirement Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Forfeitures

At the time a participant terminates employment, the non-vested portion of the company matching, or discretionary contribution accounts are forfeited. These accounts may be used to pay Plan expenses or to reduce any employer contributions. Forfeitures used to pay Plan expenses amounted to \$169 and \$2,663 during 2022 and 2021, respectively. At December 31, 2022 and 2021, the forfeitures accounts did not have a balance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results may differ from these estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Participant level processing fees, which include distribution and loan fees, are allocated directly to the participant initiating those transactions. Expenses incurred on the purchase or sale of investments are added to the cost or deducted from the proceeds of the respective investments. Salaries and related benefits of employees who administer the Plan and other Plan level expenses are provided by the Plan Sponsor.

Investment Valuation and Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that could be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The Plan's investment in the guaranteed investment contract is stated at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (See Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fully benefit-responsive investment contract is included in the statements of net assets available for benefits at contract value, which management believes approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis as well.

Subsequent Events

Management evaluates subsequent events through October 13, 2023 the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level I - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Gatesworth Employee Savings & Retirement Plan

Notes to the Financial Statements

Note 3: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the registered investment companies (mutual funds). Registered companies investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered companies investments held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The pooled separate accounts are comprised primarily of shares of mutual funds that are traded on an active market. The pooled separate accounts may be redeemed by participants daily at NAV with no advanced redemption notice required. There are no unfunded commitments.

Common collective trust funds: Valued at the NAV of units of the individual funds. The NAV, as provided by the trustees of the invested funds, is used as a practical expedient to estimate fair value and is calculated daily by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All collective investment trust funds have daily redemption frequencies at NAV with no redemption notice periods, and file annual reports on Form 5500 as direct filing entities. There are no capital commitments related to any of the Plan's collective investment trust funds.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured at Net Asset Value per Share Practical Expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022:

	Net Asset Value	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 1,031,731	N/A	Daily	None
Common collective trust investments fund	\$ 160,911	N/A	Daily	None

December 31, 2021:

	Net Asset Value	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 1,179,415	N/A	Daily	None
Common collective trust investments fund	\$ 103,659	N/A	Daily	None

Note 4: Investments at Contract Value

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance company. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Interest income on the Contract is calculated and credited daily based on fixed interest rates. Interest rates are reset on a semiannual basis. The average crediting interest rate, net of expenses, ranged from 1.55% to 1.75% and from 1.55% to 1.60% during 2022 and 2021, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) the decision by the Plan Sponsor to withdraw all assets from the contract and reinvest in another investment vehicle, (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (4) the delivery of any communication to Plan participants designed to influence the participant not to invest in the fund, (5) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement applicable to the Plan. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5: Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and additional information was obtained from the data that has been prepared and certified to be complete and accurate by Principal Life Insurance Company as of December 31, 2022 and 2021:

Note 6: Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or relatives of such persons.

Certain Plan investments are pooled separate accounts, common collective investment trust funds, and a guaranteed investment contract managed by Principal during the year ended December 31, 2022 and 2021. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2022.

In addition, certain participants have outstanding loans with the Plan as of December 31, 2022 and 2021. These transactions qualify as party-in-interest transactions.

The Plan paid an administrative fees of \$54,705 to Principal for the year ended December 31, 2022.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 8: Income Tax Status

On June 30, 2020 the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and that the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
