Independent Auditor's Report

Care Plus NJ, Inc. Union Plan Trustees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Care Plus NJ, Inc. Union Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Summary of Plan Provisions

The following brief description of the Care Plus NJ, Inc. Union Plan, (the "Plan") sponsored by Care Plus NJ, Inc., is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The 401(k) Profit Sharing Plan is a defined contribution plan covering all employees covered by a collective bargaining agreement of Care Plus NJ, Inc. (the "Organization"), who have reached the age of 21 and have completed one year of service consisting of 1,000 hours and are not nonresident aliens, are not employees covered under a collective bargaining agreement who were grandfathered through previous employment with the Mental Health Resource Center or the Fair Lawn Mental Health Center and who are not covered by a collective bargaining agreement. Eligible employees who contribute to the Plan are also eligible to receive an employer discretionary matching contribution and an employer non-elective contribution. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA") and all the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC").

As of June 1, 2021, the Plan assets were transferred and are currently held by Principal Trust Company and Principal Life Insurance Company, the current trustees and custodians of the Plan. The Plan assets were previously held by Voya Retirement Insurance and Annuity Company, the former trustee and custodian of the Plan. Organization contributions, participant elective deferrals, and participant accounts are also held by the custodian, who invests cash received and income from investments based on written instructions from the Organization and participants and makes distributions to participants. The Plan's trustees are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, subject to certain limitations as defined by the Plan and the IRC. As of July 1, 2021, participants may also make Roth 401(k) contributions into the Plan. The maximum participant deferral for the years ended December 31, 2022 and 2021 was \$20,500 and \$19,500, respectively. Participants age 50 and over are also eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan provides for a discretionary employer matching contribution. The Trustees determine the discretionary amount or percentage of participant contributions to match. For the years ended December 31, 2022 and 2021, the Organization matched 25% of participant contributions up to a maximum matching contribution of \$3,000.

The Plan provides for a non-elective contribution by the Organization. The contribution allocation will be pro rata in the ratio that each participant's compensation bears to the compensation of all eligible participants and will be allocated to participant accounts at the end of the Plan year. The Organization elected to not make a non-elective contribution for the years ended December 31, 2022 or 2021.

Years Ended December 31, 2022 and 2021

Note 1 - Description of the Plan - Continued

c. Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of; (a) the Organization's discretionary profit sharing and matching contributions, (b) the Plan's investment earnings (losses), net of investment expenses, and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are 100% vested immediately in their elective deferral amounts, rollover contributions, plus actual earnings thereon.

Vesting in the Organization's discretionary matching contributions and non-elective contributions is based on years of continuous service. A participant is 100% vested upon: (1) disability; (2) death; (3) normal retirement at age 65; or (4) termination of the Plan. If a participant's employment with the Organization is terminated before age 65 for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance. A participant shall have a vested and nonforfeitable interest in the employer's discretionary contribution portion of his or her account balance determined by the number of years of credited service as follows:

<u>Years of Credited Service</u>	<u>Vesting %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

e. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance, whichever is less. Participant notes are secured by the balance in the participant's accounts and bear interest in the range of 4.75% to 8.50%. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years unless the loan is used to purchase a principal residence. As of June 1, 2021, the Plan allows for two outstanding loans per participant. Prior to June 1, 2021, participants were only allowed one outstanding loan per participant.

Note 1 - Description of the Plan - Continued

f. Payment of Benefits

On termination of service, retirement, death, or total permanent disability, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Extended payments are available for death payments to the participant's beneficiary. For vested balances under \$1,000, if no other form of payment is elected, the vested balance is automatically paid as a lump sum distribution.

Prior to termination, a participant may withdraw their pretax contributions in the event of undue financial hardship. The Plan also provides for in-service distributions for participants who have attained age 59½.

g. Forfeited Accounts

A forfeiture is the nonvested portion of a participant's account which the participant loses upon termination of employment. Forfeitures are used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeitures of \$4,480 and \$12,114 were used to pay Plan expenses during the years ended December 31, 2022 and 2021, respectively. Forfeitures of \$2,905 and \$2,385 were used to reduce employer contributions during the years ended December 31, 2022 and 2021, respectively. Net assets available for benefits include \$1,680 and \$3,501 of forfeitures at December 31, 2022 and 2021, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting and Financial Statement Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for defined contribution plans.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

b. Estimates

The preparation of financial statements in conformity U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. The Plan's investments are stated at fair value except for its benefit-responsive investment contract which is valued at contract value (see Note 5).

Care Plus NJ, Inc. Union Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies - Continued

c. Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Loans treated as distributions totaled \$-0- for the years ended December 31, 2022 and 2021.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 9, 2023, the date the financial statements were available to be issued.

Note 3 - Information Certified and Provided by Plan Trustees (Unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Trust Company, Principal Life Insurance Company and Voya Retirement Insurance and Annuity Company, the custodians and trustees of the Plan during the years ended December 31, 2022 and 2021, as complete and accurate, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary schedule:

	December 31,	
	2022	2021
Pooled separate accounts	\$ 2,150,566	\$ 2,690,276
Group annuity contract	\$ 302,421	\$ 277,935
Mutual funds	\$ 354,237	\$ 430,195
	Years Ended December 31,	
	2022	2021
Investment income (loss)		
Net appreciation (depreciation) in fair value of investments	\$ (598,095)	\$ 457,583
Interest and dividends	\$ 9,432	\$ 53,789

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Care Plus NJ, Inc. Union Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 4 - Investments and Fair Value Measurements - Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair value of units of pooled separate accounts is primarily valued at NAV per share based on quoted market prices of underlying investments, except as otherwise noted.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 354,237	\$ -	\$ -	\$ 354,237
Investments measured at NAV (a)				2,150,566
Total investments at fair value				\$ 2,504,803

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 430,195	\$ -	\$ -	\$ 430,195
Investments measured at NAV (a)				2,690,276
Total investments at fair value				\$ 3,120,471

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Care Plus NJ, Inc. Union Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 4 - Investments and Fair Value Measurements - Continued

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 2,150,566	\$ 2,690,276	N/A	Daily	None

Note 5 - Guaranteed Investment Contract with Insurance Company

Principal Guaranteed Option

At December 31, 2022, the Plan had an investment in a fully benefit-responsive group annuity contract with Principal Life Insurance Company. Under the terms of the contract, the contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In the event that the Plan Sponsor terminates the contract and requests an immediate payout, the contract payout would be subject to a 5% termination fee. The Plan Administrator does not believe that the occurrence of any other such contract value events, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The crediting interest rate of the contract is based on a formula agreed upon with the issuer, as defined in the contract agreement, but cannot be less than zero. Such interest rates are reviewed and reset on a semi-annual basis. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers, and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contract.

The average yield based on actual earnings for this benefit-responsive contract was 1.075% for the year ended December 31, 2022. The crediting interest rate to participants was 1.15% as of December 31, 2022.

Care Plus NJ, Inc. Union Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 6 - Related Party and Party-In-Interest Transactions

The Organization paid expenses in connection with the administration of the Plan totaling \$25,368 and \$21,975 for the years ended December 31, 2022 and 2021, respectively.

Certain administrative functions are performed by employees of the Organization who do not receive compensation for such functions.

Certain Plan investments are managed by Principal Trust Company and Principal Life Insurance Company, the trustees and custodians of the Plan as of December 31, 2022 and 2021.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Plan has adopted a Prototype Non-Standardized Profit-Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service as of June 30, 2020. The Plan Administrator believes that the Plan, as designed, is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. The Plan is no longer subject to income tax examinations for years prior to 2019.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
