Retirement Plan Committee
Propel HR 401(k) Plan
Greenville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Propel HR 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Propel HR 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Propel HR 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Propel HR 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Propel HR 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Propel HR 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROPEL HR 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Description of Plan:

The following description of Propel HR 401(k) Plan (the "Plan") provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined contribution pension plan consisting of 54 and 43 participating employers at December 31, 2022 and 2021, collectively referred to as the "Sponsor". Propel PEO, Inc., one of the participating employers, functions as the lead sponsor ("Lead Sponsor") and is designated as the plan administrator on behalf of all participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all employees who have met age and length of service requirements specified by each participating employer and within limits prescribed by ERISA.

Contributions

Each year, participants may elect to defer a portion of their salary otherwise payable during that plan year and contribute that portion to the Plan. The deferred amount may not exceed the statutory limit set by the Internal Revenue Code. Participants may direct contributions to the Plan to be characterized as pre-tax, after-tax through the Roth 401(k) feature, or a combination of both. Participating employers may elect to make elective matching contributions based upon a percentage of the participant's deferred salary contributions. Participants may also contribute amounts representing distributions from other qualified retirement savings plans. Participating employers may elect to make additional contributions, the amount and timing of which are at their discretion.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer contributions and investment earnings. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Sponsor safe harbor contributions. The Plan's default vesting schedule for qualified matching, qualified non-elective contributions, and employer matching and profit-sharing contributions is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 or more years	100%

A participating employer may elect a vesting schedule other than the default schedule through their plan adoption agreement, provided that such vesting schedule is at least as liberal as the default schedule. Eligible choices include 100% immediate vesting and a 3-year cliff vesting schedule that provides for 0% vesting until the participant has been credited with three years of service, at which time the participant is 100% vested.

Unallocated Plan Balances

Forfeitures

Non-vested funds forfeited by terminating participants are used to reduce future matching contributions of the Sponsor. At December 31, 2022 and 2021, forfeited non-vested balances totaled \$46,173 and \$41,005. Forfeitures of \$3,151 and \$4,128 were used to reduce Sponsor contributions during the years ended December 31, 2022 and 2021.

Plan Expense Reimbursement Account

During 2021, the Sponsor established a Plan Expense Reimbursement Account ("PERA"). Participants are charged an annual fee of 0.10%, assessed quarterly, which is transferred to the PERA to pay eligible Plan expenses. During the years ended December 31, 2022 and 2021, the Plan assessed participant fees of \$25,014 and \$13,307 which were transferred to the PERA, with \$22,300 and \$3,478 of such fees used to pay Plan expenses during those years. The balance of the PERA at December 31, 2022 and 2021 is \$12,837 and \$9,829.

Investments and Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of 40 investment options:

Notes Receivable from Participants

Each participating employer may elect to allow participants to borrow from their account a minimum of \$1,000 and a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Repayment terms must not exceed five years, or 15 years if the loan is used to acquire the participant's principal residence. Loans are secured by 50% of the vested portion of the account balance and bear interest at the prime rate plus 1% when the loan is processed. Loans are measured at unpaid principal plus accrued but unpaid interest. When a participant loan becomes delinquent and is not cured, resulting in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. The Plan reports deemed distributions as distributions from the Plan's asset balance.

Benefit Payments

Benefit payments are recorded when paid.

Hardship Withdrawals

Under certain conditions as defined in the plan document, participants may make in-service withdrawals of all or a portion of their contributions.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by participants through the Plan or by the Lead Sponsor.

Other Liabilities

As a result of non-discrimination testing performed subsequent to year end, the Plan may be required to return contributions to certain participants. At December 31, 2022 and 2021, such amounts are recorded as liabilities of \$5,556 and \$1,594 and were remitted to participants in the subsequent year within the statutorily allowed time period.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of registered investment companies includes the Plan's net realized and unrealized gains and losses from registered investment companies.

Benefit Payments

Retirement, death, disability and other payments to beneficiaries are recorded when paid. The Plan provides various options for payment of vested benefits, including lump sum, periodic installments, or combinations thereof.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 855, *Subsequent Events*, management has performed a review of the Plan's subsequent events and transactions through October 9, 2023, which is the date the financial statements were available for issue.

3. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy which prioritizes the inputs used to measure fair value. FASB ASC 820 requires an entity to maximize the use of observable inputs when measuring fair value. The following provides a description of the three levels of inputs that may be used to measure fair value under FASB ASC 820.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology are quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active, or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3 - Inputs to the valuation methodology are unobservable inputs based upon management's best estimate of inputs market participants could use in pricing the asset or liability at the measurement date, including assumptions about risk.

The following is a description of the investments and valuation methodology used for assets measured at fair value:

Shares of registered investment companies: These public investment securities are valued using their net asset value ("NAV"). The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Investments as measured at fair value on a recurring basis by input type consist of the following at December 31, 2022:

	Fair Value Measurements Using Input Type			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 26,715,966	\$ -0-	\$ -0-	\$ 26,715,966

Investments as measured at fair value on a recurring basis by input type consist of the following at December 31, 2021:

	Fair Value Measurements Using Input Type			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ <u>27,634,874</u>	\$ <u>-0-</u>	\$ <u>-0-</u>	\$ <u>27,634,874</u>

4. Plan Termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

5. Tax Status:

The Plan is based on a volume submitter plan which obtained its latest determination letter effective March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has subsequently been amended in order to meet legal requirements or Plan goals. However, the plan administrator believes the Plan was designed and operated in accordance with the applicable requirements of the Internal Revenue Code, and that the Plan was qualified and the related trust was tax-exempt at all times during the years ended December 31, 2022 and 2021.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan in its annual Form 5500 informational tax filing. The Plan records a liability for uncertain tax positions when it is more likely than not that a tax position would not be sustained by a taxing authority upon examination by the taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Net Assets Available for Benefits:

Net assets available for benefits include amounts allocated to the accounts of participants terminating employment with the Sponsor prior to year-end, but which had not been distributed from the Plan as of year-end. At December 31, 2022 and 2021, the undistributed vested account balances of terminated participants total \$4,058,300 and \$2,647,856.

7. Transfers To/From the Plan:

Transfers to the Plan and transfers from the Plan represent participant accounts attributable to participating employers entering or leaving the Plan and transferring balances from or to another qualified retirement plan during the year.

8. Party-In-Interest/Prohibited Transactions:

Certain registered investment companies in which plan assets are invested are held and managed by an entity related to the Plan's custodian. Transactions conducted with these funds qualify as exempt party-in-interest transactions. In addition, the custodian and the third-party administrator may charge participant accounts for fees, as authorized by the Plan, and the Sponsor directs a participant fee to the PERA account to pay qualified Plan expenses as described in Note 1, which also qualify as exempt party-in-interest transactions.

The Sponsor is a party-in-interest to the Plan, and the Sponsor's employer contributions to the Plan qualify as exempt party-in-interest transactions.

Members of the Lead Sponsor's Retirement Plan Committee, which represents the Plan's governance, are also participants in the Plan. Certain employees of the Lead Sponsor, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Participants in the Plan are permitted to borrow funds from their vested account balance as described in Note 1. These transactions qualify as exempt party-in-interest transactions.

9. Information Provided by the Custodian:

The following information included in the accompanying financial statements and supplemental information as of and for the years ended December 31, 2022 and 2021, was provided by and certified as complete and accurate by Fidelity Personal Trust Company, FSB, the custodian:

- Interest-bearing cash
- Investments in registered investment companies at fair value
- Interest and dividend income
- Net appreciation (depreciation) in investment value

10. Risks and Uncertainties:

Market Risk

The Plan's participants invest in various types of instruments which are more fully described above. These instruments are subject to various risks, such as interest rate and credit risks, and overall market volatility. Due to the level of risk associated with certain instruments, it is reasonably possible that changes in the values of these instruments will occur in the near term, and such changes could materially affect participant account balances and the amounts reported in the financial statements.

Plan management believes the Plan's exposure to concentrations of the above described risks is further mitigated by the diversification of investments across the participant-directed fund elections. Investment decisions are made, and the resulting risks are borne, exclusively by the plan participant who made such decisions.
