To the Board of Trustees and Participants of
Eastern Smiles 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eastern Smiles 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Eastern Smiles 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eastern Smiles 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eastern Smiles 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Eastern Smiles 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eastern Smiles 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of Eastern Smiles 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code ("IRC") and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Eastern Smiles Opco, LLC (the "Company") and their beneficiaries funds for retirement.

Eligibility

Employees become eligible participants in the Plan upon satisfaction of the Plan eligibility requirements and entry date. An employee will be eligible to participate in the Plan upon the attainment of 18 years of age and 3 months of service. The Plan entry date is the first day of the month coinciding with or next following the date eligibility is satisfied. Nonresident aliens and leased employees are excluded from participating in the Plan.

Contributions

Employee

Eligible participants may contribute employee contributions through payroll deductions, up to amounts determined annually by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time or may increase or decrease his/her level of participation on the first day of each payroll period. Employees are automatically enrolled at a 3% deferral rate unless they opt out.

Employer

The Company may contribute a discretionary matching contribution equal to a uniform percentage of eligible employee contributions. Each year, the Company will determine the amount of the discretionary matching percentage.

The Company may contribute a discretionary profit-sharing contribution in an amount determined by the Company. Profit-sharing contributions shall be allocated to each eligible participant pursuant to the Plan document.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investment options with varying investment objectives. Each participant's account is credited with the participant's pre-tax and post-tax contributions, rollovers, the employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, fees, if applicable, and any forfeitures. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
The employer's contributions are 100% vested after the completion of three years of continuous service based upon the following schedule:

Years of Service	Vested Percentage
Less than 3	0%
More than 3	100%

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each 12 months of continuous service. A participant is always 100% vested in his/her own deferred salary contribution to the Plan, but with respect to the employer contributions, any unvested portion of his/her account shall be forfeited at termination. Participants become 100% vested upon attainment of retirement age, death, and total and permanent disability.

Distributions and Withdrawals
Prior to age 59-1/2, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawals can only be taken on employee contributions. After attaining age 59-1/2, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as lump-sum distribution, his/her participant contributions, and earnings thereon and vested Company contributions and earnings thereon.

Notes Receivable From Participants
The Plan allows a loan to be extended to a participant for financial hardship or financial needs. Only one loan may be outstanding at any time. Principal and interest are paid ratably through bi-weekly payroll deductions. All loan payments of principal and interest are credited to the participant's account. The maximum a participant may borrow, including the outstanding balance of existing Plan loans, is 50% of his/her vested account balance, excluding non-elective employer contributions, not to exceed $50,000. The loans bear interest at a rates ranging from 4.25% to 8.00%, with maturity dates through 2027.

Forfeited Accounts
Forfeited accounts are retained in the Plan to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. There was no forfeiture account balance at December 31, 2022 and no forfeitures were utilized during the year.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accounting records of the Plan are maintained on the accrual basis of accounting.

Valuation of Investments and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest and dividend income is recorded on the accrual basis. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Use of Estimates
The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties
The Plan's assets are invested in various investments. Investments, in general, are exposed to various risks, such as credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the financial statements.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments and are not readily determinable.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The accounting topic on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 4,301,455	$ 4,301,455	$ -	$ -

	2021			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 3,920,572	$ 3,920,572	$ -	$ -

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Voya Retirement Insurance Annuity Company ("Voya"). The insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of changes in net assets available for benefits at contract value as reported to the Plan by the insurance company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the group annuity contract was $252,646 and $97,052 as of December 31, 2022 and 2021, respectively.

Certain events may limit the Plan's ability to transact at contract value with Voya. Such events include, but may not be limited to, the following: (a) the complete or partial termination of the Plan or (b) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including removal of a group of employees from Plan coverage as a result of sale or liquidation of a subsidiary or division as a result of group layoffs or early retirements programs. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the custodian, Voya Retirement Insurance Annuity Company. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022.

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022 and the following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was prepared from reports certified by the custodian:

	2022	2021
Investments, at fair value	$ 4,301,455	$ 3,920,572
Investment, at contract value	$ 252,646	$ 97,052
Notes receivable from participants	$ 34,008	$ 3,043
Net depreciation in fair value of investments	$ (769,851)	
Interest and dividends	$ 584	

6. TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. INCOME TAX STATUS

The Company adopted a volume submitter profit-sharing plan with CODA ("Prototype Plan"), whose sponsor received an opinion letter from the IRS dated June 30, 2020, stating that the Prototype Plan is acceptable under Section 401 of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Voya. Voya is the custodian as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for account maintenance amounted to $55,410 for the year ended December 31, 2022 which are included in administrative expenses.

9. DELAYED DEPOSITS OF EMPLOYEE CONTRIBUTIONS

U.S. Department of Labor regulations require that salary deferrals to a defined contribution plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month immediately following the month in which the contribution is either withheld or received by the employer. Certain deposits of employee withholding from 2022 were delayed and were not made as soon as they could be reasonably segregated. Such delayed deposits totaled $2,270. The Plan took corrective actions in 2023 relating to the delayed deposits, which consisted of restoring the lost earnings to participants.

10. EXCESS CONTRIBUTIONS

The Plan failed the IRC 401(k) Actual Deferral Percentage compliance test of employee contributions for the years ended December 31, 2022. The Plan corrected the failures by returning the excess contributions to affected employees in the following year. As of December 31, 2022, the excess contributions payable were $5,460.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of October 12, 2023, which is the date the financial statements were available to be released. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.
