INDEPENDENT AUDITORS' REPORT

Plan Administrator and Board of Directors
First Bank Employee Stock Ownership Plan and Trust
McComb, Mississippi

We were engaged to audit the accompanying financial statements of First Bank Employee Stock Ownership Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to financial statements, as listed in the accompanying table of contents.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As discussed in Note M to the financial statements, investments amounting to \$3,771,541 and \$3,476,047 at December 31, 2021 and 2020, respectively, (29 percent of net assets available for benefits), are maintained in pooled separate accounts at an investment company, and the Plan is not provided with independent records of investments by the trust. We were unable to obtain sufficient appropriate audit evidence about the investment valuations determined by the trust through other auditing procedures. The effect on the financial statements of our not being able to measure the fair value of the securities is not determinable.

Qualified Opinion

In our opinion, except for the possible effects of the matter discussed in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of First Bank Employee Stock Ownership Plan and Trust as of December 31, 2021 and 2020, and the changes in its financial status for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE A - DESCRIPTION OF THE PLAN

The following description of First Bank (the Bank) Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

First Southwest Corporation is a holding company owning the majority shares of stock in First Bank. The Plan is a defined contribution plan sponsored by First Bank for the benefit of its employees who meet the eligibility requirements as defined by the Plan. The Plan consists of two sections, the 401(k) Plan and an Employee Stock Ownership Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Bank is the Plan sponsor and administrator. The Plan's recordkeeping functions are performed by Benefit Professionals, Inc., and Voya Retirement Insurance and Annuity Company.

First Southwest Corporation common stock represents employer securities on the Form 5500 as filed with the Department of Labor.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan subject to Internal Revenue Service (IRS) limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their 401(k) contributions into various investment options offered by the Plan. The Bank made a safe harbor non-elective contribution equal to 3% of the participants' compensation. This safe harbor non-elective contribution is immediately and fully vested. Additionally, the Bank may make a match contribution. This additional match is discretionary and is vested using the three-year vesting grade.

Participant Investment Account Options

The ESOP section of the Plan is non-participant directed. Employer contributions, including match and safe harbor non-elective, are non-participant directed. Employer contributions are invested by the Plan Sponsor in employer securities.

The participants direct the 401(k) portion of their contributions. Participants may direct the investment of their 401(k) contributions into various investment options offered by the Plan. The Plan offers the option to invest in pooled separate accounts, employer securities, and cash equivalents.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE A - DESCRIPTION OF THE PLAN (Continued)***Participant Accounts***

Each participant's account is credited with the participant's contributions and Bank contributions and an allocation of the Plan earnings (losses). Allocation of earnings (losses) and expenses are based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan provides for 100% vesting immediately for all employee contributions, safe harbor contributions and rollovers. Employee discretionary matching and profit sharing contributions are vested after three years of continuous service.

Payments of Benefits

Upon termination of service due to death, disability, retirement or termination of employment with the Bank, an employee or beneficiary will receive a lump-sum amount equal to the value of the vested interest in the employee's account.

Forfeited Accounts

At December 31, 2021 and 2020, there were no balances in the forfeiture account. Such balances, when available, will be used to reduce future employer contributions or reallocated to participants in the same manner as employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***Investment Valuation and Income Recognition***

Pooled separate accounts are valued at the net asset value of shares held by the Plan at year-end, as reported by Voya Retirement Insurance and Annuity Company. The Plan's investment in First Southwest Corporation common stock is valued at estimated fair value, as determined by an independent appraisal. Certificates of deposit and interest-bearing accounts are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***Fair Value Measurements*** (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy.

First Southwest Corporation Common Stock

First Southwest Corporation common stock's fair value is determined by an independent appraisal. The independent appraisal considers inputs such as general economic outlook, financial institution industry outlook, corporation history, corporation financial condition, the book value of corporation stock, corporation earnings and dividend capacity, sales of corporation stock and market prices of stock of other financial institutions whose stock is traded in a free and open market. This is classified within Level 3 of the valuation hierarchy.

Cash Equivalents

These investments are public investment vehicles using \$1 for the NAV. The money market funds are classified within Level 1 of the valuation hierarchy.

Certificates of Deposit

Certificates of deposit are investments issued by First Bank, with varying maturity dates and interest rates, and are valued at cost, with approximate market. These are classified within Level 2 of the valuation hierarchy.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Subsequent Events**

Management has evaluated the effect of subsequent events on these financial statements through November 30, 2022, the date the financial statements were available to be issued. There has been significant fluctuation in market value of assets resulting in depreciation to net assets from the date of the financial statements to the issue date of the report. See Note H – Risks and Uncertainties for further information.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE D - GUARANTEED INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts in the amounts of \$2,200,399 and \$2,154,950 at December 31, 2021 and 2020, respectively, that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment. The contract issuer, Voya Retirement Insurance and Annuity Company, is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a monthly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Voya Retirement Insurance and Annuity Company. Examples of such events include the following:

1. Plan termination or merger.
2. Plan amendments or operation of the Plan in a manner which is unacceptable to issuer.
3. The Plan fails to qualify or becomes disqualified under Code Section 401(a).
4. Total amount of contributions received in the preceding 12 months is less than \$25,000.
5. The sum of all Participant Annuity Account Values falls below \$25,000.
6. Premature termination of the contract.

The Plan considers that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer(s) and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE E - PLAN TERMINATION

Although it has not expressed an intention to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE F - TAX STATUS

The IRS has determined and informed the Bank by a letter dated June 26, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. As of December 31, 2021, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is required to file a Form 5500 annually with the Internal Revenue Service and its tax returns for the year 2019 and subsequent years remain subject to examination by tax authorities.

NOTE G - ADMINISTRATIVE EXPENSES

Certain administrative and investment management expenses are paid by the Plan unless otherwise paid by the Plan sponsor. Investment-related expenses are included in the net appreciation (depreciation) of fair value of investments.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

NOTE I - PARTY-IN-INTEREST TRANSACTIONS

Related party and party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan and certain others. Certain administrative expenses of the Plan have been paid by the Plan sponsor. These expenses amounted to \$26,041 and \$49,055 during 2021 and 2020, respectively.

Certain plan investments are shares of pooled separate accounts managed by Voya Retirement Insurance and Annuity Company. Certain Plan investments are shares of First Southwest Corporation common stock of the Holding Company; in addition, certificates of deposit are investments managed by First Bank. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE I - PARTY-IN-INTEREST TRANSACTIONS (Continued)

NOTE J - PUT OPTIONS

Under federal income tax regulations, the employer stock is held by the Plan and its participants. The Plan stock is not readily tradable on an established market, nor is it subject to trading limitations. The Plan contains a put option, which is a right to demand that the Company buy shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE K - VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is allowed to vote any allocated share for which instructions have not been given by a participant and is required to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

NOTE L - COVID-19

Due to the ongoing effects of COVID-19, the Bank could be adversely impacted by the Coronavirus Disease 2019 (“COVID-19”). While any disruption is currently expected to be temporary, there is considerable uncertainty around the duration and its impacts on the Bank’s current and future customers, employees and vendors. Therefore, the extent to which COVID-19 may impact the Bank’s financial condition or results of operations cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed. The CARES Act has certain provisions that impact retirement plans regarding distributions, loans, and required minimum distributions. The Plan has notified Plan participants of the CARES Act, and will operate the Plan in compliance with the CARES Act provisions.

NOTE M - BASIS FOR QUALIFIED OPINION

\$3,771,541 and \$3,476,047, as of December 31, 2021 and 2020, respectively, of the total assets are Pooled Separate Accounts and Guaranteed Investment Contracts held at Voya Retirement Insurance and Annuity Company (Voya) representing 29 percent of the net assets available for benefits at both dates. Although the auditors were able to confirm the existence of the assets held at Voya, they were unable to obtain sufficient, appropriate audit evidence to support the valuation of the Voya Investments held by the Plan at December 31, 2021 and 2020.
