Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determine it is permissible in the circumstances, has elected to have the audits of Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022, and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that the audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain and understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant account estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust's plan are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with generally accepted auditing standards. For more information included in the supplemental schedules that agreed to or is derived from certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) **Description of Plan**

The following description of the Mid-Jefferson Extended Care Hospital 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective January 1, 2012 by Mid-Jefferson Extended Care Hospital. All employees, excluding union members, nonresident aliens, and leased employees, who have completed one year of service and reached the age of 21 are eligible to make elective deferrals to the Plan. Eligible employees participating in the Plan are also eligible for matching contributions by the employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Amendments – The Plan was amended effective October 1, 2018 to provide for employer matching contributions of 50% of employee salary deferrals up to 4% of the employees' compensation. The Plan was also amended effective October 18, 2018 to exclude bonuses from the definition of eligible compensation.

Contributions - Participants may elect to contribute a percentage of their pre-tax annual compensation as defined in the Plan. Participants' annual contributions are limited to 100% of their compensation up to the maximum allowed by law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company is required to match 50% of the eligible employees' contributions up to 4% of the employees' compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts - Each plan participant's account is credited with an allocation of (a) the employee's salary reduction, (b) employer matching contributions, (c) plan earnings and losses, and (d) charged with an allocation of administrative expenses. Allocations are based on the participant earnings, account balances, or specific participants transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures – The Plan defines the conditions under which a forfeiture will occur as the earlier of (1) the last day of the Plan Year in which the former participant incurs five consecutive one year breaks in service or (2) the distribution of the entire vested portion of the participant's account. Forfeited non-vested contributions may be allocated as employer matching. During the 2022 and 2021 plan year, $3,945 and $5,166, respectively, of non-vested forfeitures were used as employer contributions.

(1) **Description of Plan (continued)**

Vesting - Participants are fully vested in their employee contributions plus actual earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Full vesting occurs after six years of credited service, at retirement (normal retirement age is sixty-five years), disability, or death. In the event of plan termination, participants will become 100% vested in their accounts.

(2) **Summary of Accounting Policies**

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Participant Loans – Participants can borrow from their account a minimum of $1,000; up to 50% of their vested balance. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest owed on these loans is charged at 2% above the prime rate. Interest income on these loans is recognized based on the terms of the loan agreement.

Investment Valuation and Income Recognition - Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Accounting Policies (continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant will receive a lump sum or installment amount equal to the vested value of his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in the account as a lump-sum distribution. Participants, who are at least age 59 and ½, may elect to receive in-service distributions. Benefits are recorded when paid.

Operating Expenses - Expenses of maintaining the Plan are paid by the Plan to the extent they are not paid by the company. Expenses that are paid by the Plan sponsor are not included in these financial statements. Fees related to participant loans are charged directly to the applicable participant's account.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review – Subsequent events were evaluated through October 9, 2023, which is the date the financial statements were available to be issued.

(3) Fair Value Measurements

The Plan's investments are reported at fair value, according to quoted market prices in an active market, in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair Value Measurements (continued)

Fair value measurement accounting establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 consist of inputs which are observable for the asset or liability, either directly or indirectly, from other than quoted market prices included in Level 1. Level 3 inputs are unobservable and the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Assets at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	730,383	0	0	730,383
Total mutual funds	730,383	0	0	730,383
Total investments at fair value	$730,383	0	0	$730,383

See independent auditor's report.

(4) Information Certified by the Trustee (unaudited)

At December 31, 2022, Nationwide Financial Services, Inc., the Trustee, held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Vanguard Wellesley Income Fund Admiral Shares	26,030	3.56
Totals	$ 730,383	100.00%

During 2022, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) had a net depreciation in value of $152,251.

See independent auditor's report.

(5) Tax Status

The Internal Revenue Service has determined and informed the Trustee, by a letter dated March 31, 2014, that the Billings and Company, Inc. prototype plan document and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter to incorporate recent pension law changes. However, the Plan administrator, trustee and tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

(6) Correction of Excess Contributions

The Plan administrator identified excess participant contributions through ADP/ACP testing for Plan Years 2022 and 2021. The excess contributions of $15,428 for 2022 and $51,863 for 2021 were accrued and subsequently refunded to participants accordingly.

(7) Plan Termination

Although they have not expressed any intentions to do so, the employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Participants Terminated with a Remaining Balance

Net assets available for benefits at December 31, 2022, include $77,039 allocated to the accounts of persons who as of or prior to that date had withdrawn from participating in the earnings and operations of the Plan.

(10) Subsequent events

The Plan evaluated subsequent events through October 9, 2023, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
