Plan Administrator
Carley Foundry, Inc. 401(k) Retirement Plan and Trust
Blaine, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Carley Foundry, Inc. 401(k) Retirement Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carley Foundry, Inc. 401(k) Retirement Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carley Foundry, Inc. 401(k) Retirement Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carley Foundry, Inc. 401(k) Retirement Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Carley Foundry, Inc. 401(k) Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carley Foundry, Inc. 401(k) Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matter — Supplemental Schedule Required by ERISA (Continued)

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARLEY FOUNDRY, INC. 401(K) RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. Plan Description and Summary of Significant Accounting Policies

The following description of Carley Foundry, Inc. 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a 401(k) salary reduction plan which was established on January 1, 1994. The Plan was last amended and restated effective April 1, 2020. The Plan covers substantially all employees of Carley Foundry, Inc. (the Company) who have one year of service and have attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's operations for the 2020 plan year were amended to adopt the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Each year, participants may contribute (on a pre-tax or after-tax basis) up to the maximum percentage allowable not to exceed the limits of Internal Revenue Service (IRS) Code Section 401(k), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes a provision for automatic salary deferrals. Absent an election otherwise, upon qualification to participate in the Plan, 3% of each eligible participant's compensation is contributed to the Plan as an employee deferral.

The Company may contribute to the Plan discretionary matching and/or nonelective contributions. Matching contributions are determined quarterly and may be a percentage of compensation or a fixed dollar amount. In addition, each year the Company may contribute a nonelective contribution to the Plan. Participants are always eligible to share in matching contributions, regardless of service completed during the plan year. A participant will be entitled to employer nonelective contributions if employed on the last day of the plan year or credited with at least 501 hours of service during the plan year. These conditions are waived upon death, disability or reaching normal retirement age. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant deferrals, employer matching contributions, nonelective contributions (if any) and an allocation of Plan earnings and expenses. Allocations of plan earnings are based on the valuation of the investments (participant-directed) held in each participant's account. Participant's accounts are valued on a daily basis. The benefit the participant is entitled to is the benefit that can be provided from the participant's account.

CARLEY FOUNDRY, INC. 401(K) RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years for general purpose loans or five to fifteen years for loans for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate of 1% over the Wall Street Journal Prime Rate of interest at the time of the loan. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest rates on all loans outstanding as of December 31, 2022 ranged from 4.25% to 8%. Principal and interest is paid ratably through payroll deductions.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law in response to the COVID-19 pandemic. In accordance with the CARES Act, the Plan allowed participants to borrow up to \$100,000 from their account balance for loans made from March 27, 2020 through September 22, 2020. Participants were also able to delay loan repayments due between March 27, 2020 and December 31, 2020 for up to one year. The Plan was not amended for these changes since it is not required to be amended until the year ended December 31, 2025. Management intends to amend the Plan for this change prior to that date.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's nonelective and matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested in their account after 6 years of service, upon reaching age 62 ½, upon death or upon permanent disability. The vesting schedule for the nonelective and matching portions of their accounts is based on a six year graded vesting schedule as follows:

<u>Full Years of Employment</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

CARLEY FOUNDRY, INC. 401(K) RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Upon termination of employment, death, disability or reaching normal retirement age, participants may receive the value of the participant's vested interest in their account balance. If the participant's vested account balance exceeds \$5,000, the participant may elect to take a lump-sum distribution or roll over the distribution to an IRA or a qualified plan of a new employer. If the participant's account balance is between \$1,000 and \$5,000, the participant's balance will be paid in the form of a direct rollover to an IRA if no other election is made by the participant. Participant balances that are less than \$1,000 will be paid to the participant in the form of a lump-sum distribution.

The Plan allows for in-service distributions of all contributions at the age of 59 ½ and for hardship withdrawals of elective deferrals, rollover contributions, matching contributions and nonelective contributions.

Benefit payments are recorded upon distribution to participants.

In accordance with the CARES Act, the Plan allowed participants to take a coronavirus-related distribution from their retirement plan prior to December 31, 2020, of up to \$100,000. These distributions may be repaid to the plan over a three-year period. The Plan also allowed suspension of 2020 required minimum distributions. The Plan was not amended for these changes since it is not required to be amended until the year ended December 31, 2025. Management intends to amend the Plan for these change prior to that date.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statement of changes in net assets available for benefits.

Forfeited Accounts

Terminated participants forfeit their non-vested balance upon the earlier of the receipt of their vested benefits or after incurring five consecutive one-year breaks in service. Forfeitures are used by the employer to reduce nonelective contributions, matching contributions, or administrative expenses of the Plan. For the years ended December 31, 2022 and 2021, forfeitures totaled \$38,341 and \$11,480, respectively. Forfeitures in the amount of \$124,411 were used to reduce employer contributions during the year ended December 31, 2022. No forfeitures were used to pay plan expenses during the year ended December 31, 2022. No forfeitures were used to reduce employer contributions or to pay plan expenses during the year ended December 31, 2021.

As of December 31, 2022 and 2021, forfeited non-vested amounts totaling \$50 and \$46,834, respectively, were available to reduce future employer nonelective contributions, matching contributions, or administrative expenses of the Plan.

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

All purchases and sales of securities have been recorded on a trade-date basis. Income is recorded as earned. Dividends are recorded on the ex-dividend date. The increase or decrease in the fair value of investments represents the net difference between the current value of securities held at the beginning of the year or cost of securities purchased during the year and the current value of securities held at the end of the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, the date the financial statements were available to be issued.

2. Certification of Investments

The Board of Directors has appointed Capital Bank and Trust (Capital) as trustee of the Plan's assets. The Plan Sponsor has elected to invest the assets of the Plan by means of an investment program offered by Capital. Capital has supplied the plan administrator with certifications as to the completeness and accuracy of total assets of the Plan invested by the trustee aggregating \$14,734,066 and \$17,646,244 as of December 31, 2022 and 2021, respectively, and the related investment income (loss) of (\$2,834,832) and \$2,933,392 (including other income and interest on notes receivable from participants) for the years then ended, respectively. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedule of the Plan based on such certifications from the trustee.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Certification of Investments (Continued)

Under the terms of the trustee agreement, the trustee has non-discretionary authority over Plan assets and maintains investment funds on behalf of the Plan. The trustee has been granted the authority to make purchases and sales of the investments at the direction of the Company and plan participants and maintains records of all individual participant transactions, participant accounts and transactions for the Plan as a whole.

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables reflect the Plan's investments within the fair value hierarchy at December 31, 2022 and 2021:

As of December 31, 2022				
	Assets Measured at Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual Funds	\$ 14,077,421	\$ 14,077,421	\$ -	\$ -

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. Plan Tax Status

The Company adopted a nonstandardized 401(k) Profit Sharing Plan and Trust which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The nonstandardized 401(k) Profit Sharing Plan and Trust has been amended since receiving its determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2022, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2022, and the Plan's federal tax returns generally remain open for the last three years.

6. Concentration Risk

Individual investments representing 20% or more of the total investments subject the Plan to potential concentration risk. As of December 31, 2022 and 2021, investments over the 20% threshold were as follows:

	2022	2021
Vanguard 500 Index Admiral Fund	\$ 5,370,917	\$6,854,746

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Risk and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-interest Transactions

Certain plan investments are managed by Capital Bank and Trust (Capital). Capital is the trustee of the Plan's assets and, therefore, these investment transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

The Plan issues loans to participants, which are secured by the participant account balances. These qualify as party-in-interest transactions but are permitted under ERISA regulations. Additionally, certain employees of the Company provide certain accounting and administrative services to the Plan for which no fee is charged. These transactions are also permitted under ERISA regulations.

9. Reconciliation of Financial Statements to Form 5500

The financial statements are prepared on the full accrual basis of accounting whereas on the Form 5500 certain accruals are not recorded. The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2022 and 2021:

	2022	2021
Total change in net assets per the Financial Statements	\$ (2,912,178)	\$ 1,863,960
Change in employer contribution receivable	-	55,027
Change in excess contributions payable	-	(1,523)
Total change in net assets per the Form 5500	<u>\$ (2,912,178)</u>	<u>\$ 1,917,464</u>
