Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Talbert Building Supply 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, serviced, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Talbert Building Supply 401(k) Plan and Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A. DESCRIPTION OF THE PLAN

The following description of Talbert Building Supply, Inc. (the “Company”) 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description or Plan document for a more complete description of the Plan’s provisions.

1. General. The Plan is a defined contribution plan covering all eligible employees of the Company, beginning one year from their date of hire. The Plan Administrative Committee of the Company controls and manages the operation and administration of the Plan. LT Trust Company (“LT”) served as the custodian and third-party administrator of the Plan from January 1, 2022 through March 4, 2022; American Trust (“American”) served from March 5, 2022 through December 31, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
2. Contributions. Each year, participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Code (“IRC”) limitations. The limit for 2022 is \$20,500, with an additional “catch-up contribution” of \$6,500, allowed for participants who have attained age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. For the year ended December 31, 2022, the Company matched 100% of up to 4% of all eligible employees’ compensation, as defined by the Plan. No additional contributions were made for the year ended December 31, 2022.
3. Participant accounts. Each participant’s account is credited with the participant’s contributions and the Company’s contributions, if any, as well as allocations of Plan earnings (losses). Participant accounts are charged with benefit payments and allocations of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.
5. Notes receivable from participants. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant’s vested account balance. Loan terms range from one to five years or a reasonable time determined at the time of the loan for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest at rates equal to the prime rate published in the Wall Street Journal on the 14th day of each month, plus 1%. Principal and interest are paid ratably through payroll deductions.

Page 2 of 7

A. DESCRIPTION OF THE PLAN (CONTINUED)

6. Investment options. Upon enrollment in the Plan, a participant may direct contributions to their account in any combination of investment options, which include interest-bearing cash and mutual funds. Participants may change their investment options daily.
7. Payment of benefits. Upon termination of service due to death, disability, or retirement, a participant whose account exceeds \$5,000 may elect either to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of not more than your assumed life expectancy, or partial withdrawals as provided by the Plan. If the participant's balance does not exceed \$5,000, the vested account balance will only be distributed as a lump-sum payment. Participants may also request a hardship distribution from their vested contributions plus actual earnings thereon. The participant must be currently employed with the Company and qualify for a hardship distribution under the Internal Revenue Service ("IRS") guidelines.
8. Forfeitures. Forfeited nonvested accounts are used to reduce employer matching contributions. During 2022, there were no forfeitures from nonvested accounts used to reduce employer matching contributions. There were unused forfeited nonvested accounts of \$3 at December 31, 2022 and 2021.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting. The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
2. Estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates and assumptions.
3. Investment valuation and income recognition. Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. the exit price). See Note D for discussion of fair value measurements. The Plan's Investment Committee determines the Plan's valuation policies, utilizing information provided by the investment advisor and LT Trust/American Trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TALBERT BUILDING SUPPLY 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Page 3 of 7

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recognized using the interest method. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan provides an allowance for doubtful accounts equal to the estimated losses that are expected to be incurred in their collection. No allowance is deemed necessary for notes receivable from participants at December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
5. Benefits. Benefits are recorded when paid.
6. Administrative expenses. The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Additionally, certain expenses of the Plan, primarily audit and regulatory compliance fees, are paid directly by the Company. As a result, those expenses paid by the Company are not included in the Plan's financial statements. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the funds' prospectuses. All such fees are charged directly against the funds' investment performance and thus are not separately disclosed in the accompanying financial statements. These fees are included in net depreciation in fair value of investments.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that was obtained from data that has been prepared and certified as complete and accurate by LT Trust/American Trust Company.

D. FAIR VALUE OF ASSETS

Investments are presented in the financial statements at fair value determined in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 820 (“ASC 820”), *Fair Value Measurement*.

ASC 820 permits reporting entities, as a practical expedient, to estimate the fair value of their investments in certain entities that calculate net asset value (“NAV”) per share, by using NAV if the net asset value per share of the investment is calculated in a manner consistent with the measurement principles of FASB ASC Topic 946, *Financial Services-Investment Companies*, as of the reporting entity’s measurement date.

U.S. GAAP establishes a framework for measuring fair value that includes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted, unadjusted prices in active markets for identical assets that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Pricing inputs are unobservable and include situations where there is little, if any, market activity for the investment. Fair value for these investments is determined using valuation methodologies that consider a range of factors including, but not limited to, the price at which the investment was acquired, the nature of the investment, local market conditions, trading values on public exchanges for comparable securities, current and projected operating performance and financing transactions subsequent to the acquisition of the investment. The inputs into the determination of fair value require significant management judgment. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

Investments in interest-bearing cash funds measured using net asset value (“NAV”) as a practical expedient are not categorized within the fair value hierarchy. These funds are composed primarily of fully benefit-responsive investments that are valued at the NAV of units of the collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The value represents the amount the participants would expect to receive if they were to liquidate these holdings, excluding any redemption charges which may apply.

D. FAIR VALUE OF ASSETS (CONTINUED)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2022 and 2021, to measure asset values at NAV or on a recurring basis.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2022 and 2021:

Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	\$ 4,390,770	\$ -	\$ -

Investments using NAV as a practical expedient	54,646

Less employer contributions receivable at December 31, 2022	<u>(6,122)</u>
Decrease in net assets available for benefits per Form 5500	<u>\$ (653,684)</u>

F. TAX STATUS

The Plan is relying on the IRS approval of the non-standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by a letter dated August 30, 2001, that the prototype plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition or disclosure through October 12, 2023, the date that the financial statements were available to be issued. Management did not identify any events that occurred subsequent to year-end that require disclosure in the financial statements.
