Report of Independent Auditors

To the Plan Sponsor and Administrator of the

Baker Hostetler Cash Balance Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Baker Hostetler Cash Balance Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits (in liquidation) for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As further discussed in Note 2 to the financial statements, management of Baker & Hostetler LLP, the Plan’s Sponsor, approved an amendment to the Plan on May 27, 2021 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America , the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis for the years ended December 31, 2022 and 2021. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Hostetler Cash Balance Plan

Notes to Financial Statements

1. Significant Accounting Policies

Investment Valuation and Income Recognition

The assets of the Baker Hostetler Cash Balance Plan (“Plan”) are held in Trust by Fidelity Management Trust Company (“Trustee”). The Trust assets are recorded at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 6 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Basis of Accounting

The financial statements of the Plan as of and for the years ended December 31, 2022 and 2021 are prepared under the liquidation basis of accounting due to Baker & Hostetler LLP’s (“Firm”) decision to terminate the Plan. See Note 2 for more information about Firm’s decision to terminate the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) are those estimated future periodic payments that are attributable, under the Plan’s provisions, to services rendered by employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on various plan benefit formulas, as defined in the plan document, depending upon the date of retirement, death or termination of employment. The accumulated plan benefits for active employees are based on current formulas as defined in the plan document. Benefits payable under all circumstances (i.e., retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Notes to Financial Statements

1. Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Firm, as provided in the Plan document. Expenses that are paid directly by the Firm are excluded from these financial statements. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than through a direct payment.

2. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

The Plan is a noncontributory defined benefit plan which covers eligible partners of the Firm. Prior to January 1, 2016, a partner must have been an Equity Partner, as defined, to be eligible for participation. Effective January 1, 2016, a partner must have a capital account in the Firm equal to or greater than \$66,000 to be eligible for participation. The Plan provides benefits primarily based on the employee's length of service while a participant in the Plan and the amount of a participant's partner capital on January 1 of each year of participation. Eligible partners become Plan participants on the January 1 or July 1 following the date they have completed two (2) years of service with the Firm and are age twenty-one or older. Participants are immediately vested in benefits earned.

Under the Plan provisions, amounts are credited by the Firm to the participants' hypothetical accounts. The accounts are allocated contribution and interest credits. The contribution credits are allocated based on the participant's age and partner capital on January 1 of each year of participation. Participants' hypothetical cash balance accounts also receive interest credits at the end of every year. The amount of the interest credit is based on the actual investment return of the Plan's aggregate assets, except that the interest credit is limited to 7.5% for any plan year. Also, effective January 1, 2015, each participant is guaranteed that, at the time their benefit is paid (or commences), their account will not be less than the sum of all their contribution credits with a 3% cumulative annual investment return.

The Plan's funding policy is for the Firm to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2022, the Firm made no contributions to the Plan. During 2021, the Firm made contributions of \$3,022,560. The Firm's contributions for 2021 exceeded the minimum funding requirements of ERISA.

Baker Hostetler Cash Balance Plan

Notes to Financial Statements

2. Description of the Plan (continued)

On May 27, 2021, management of the Firm approved an amendment to the Plan to freeze benefit accruals and participation and to terminate the Plan effective June 30, 2021. All participants have the option of rolling their balance into the Firm's 401(k) plan, rolling their balance into an IRA account, purchasing an annuity contract, or receiving a lump sum distribution. As Plan assets are expected to be sufficient to satisfy all benefits under the Plan, management believes that all benefits will be paid out before the end of the 2023 plan year.

3. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The Firm has chosen to disclose actuarial present value of accumulated plan benefits based on a beginning-of-year benefit information date.

The actuarial present value of accumulated plan benefits is as follows:

	January 1,		
	2023	2022	2021
	(in Liquidation)	(in Liquidation)	(Ongoing)
Vested benefits:			
Active participants	\$ 8,363	\$ 34,904,434	\$ 43,321,055
Terminated participants	-	769,518	643,328
Total actuarial present value of accumulated plan benefits	<u>\$ 8,363</u>	<u>\$ 35,673,952</u>	<u>\$ 43,964,383</u>

Baker Hostetler Cash Balance Plan

Notes to Financial Statements

3. Accumulated Plan Benefits (continued)

The changes in the actuarial present value of accumulated plan benefits are as follows:

	Years Ended January 1,		
	2023	2022	2021
	(in Liquidation)	(in Liquidation)	(Ongoing)
Actuarial present value of accumulated plan			
benefits at beginning of prior year	\$ 35,673,952	\$ 43,964,383	\$ 38,441,696
Increase (decrease) during the year attributable to:			
Benefits accumulated	-	4,272,702	8,842,713
Increase for interest due to decrease in			
discount period	555,733	1,446,487	2,658,917
Benefits paid	<u>(36,221,322)</u>	<u>(14,009,620)</u>	<u>(5,978,943)</u>
Actuarial present value of accumulated plan			
benefits at beginning of current year	<u>\$ 8,363</u>	<u>\$ 35,673,952</u>	<u>\$ 43,964,383</u>

The accrued pension benefits as of the valuation date were determined by the actuary based on the cash balance account, which represents the settlement liability as of the valuation date.

4. Income Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Firm by a letter dated April 4, 2017, that the Plan (as restated January 1, 2015) and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Additionally, on July 14, 2022, the Firm received a favorable determination letter from the IRS related to the termination of the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Baker Hostetler Cash Balance Plan

Notes to Financial Statements

5. Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Dividends and interest receivable
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest income
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Baker Hostetler Cash Balance Plan

Notes to Financial Statements

6. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,728,971	\$ -	\$ -	\$ 1,728,971

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,879,863	\$ -	\$ -	\$ 41,879,863

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

At December 31, 2022 100% of the Plan's investments were invested in the Fidelity Government Money Market. Additionally, at December 31, 2021 approximately 24%, 21% and 20% of the Plan's investments were invested in the Dodge & Cox Income Fund, the Metropolitan West Total Return Bond Fund, and the TCW Core Fixed-Income Fund, respectively.

Baker Hostetler Cash Balance Plan

Notes to Financial Statements

7. Risks and Uncertainties (continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
