INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements, referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WAKE FOREST BAPTIST MEDICAL CENTER 403(B) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF THE PLAN

General

The following brief description of the Wake Forest Baptist Medical Center 403(b) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Wake Forest Baptist Medical Center (the "Plan Sponsor") established the Plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Plan Sponsor, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire and may begin to make deferrals to the Plan immediately. Permissible employees are eligible for employer contributions if they have completed three months of service. The Pension Committee of the Board of Trustees of the Plan Sponsor controls and manages the operation and administration of the Plan. TIAA, Variable Annuity Life Insurance Company (VALIC), Massachusetts Mutual Life Insurance Company (MMLIC), State Street Bank and Trust Company (SSBT) and Transamerica Financial Life Insurance Company (TFLIC), serve as the custodians of the Plan. Transamerica serves as the record keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute pretax and/or Roth post-tax annual compensation, as defined in the Plan document, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. All employees are required to make contributions of 2% of their compensation on a pre-tax basis and may make additional pre-tax or after-tax contributions, up to certain IRS limits. The Plan provides for "safe harbor" dollar for dollar matching contributions up to 4% of each employee's compensation, and a non-elective employer contribution equal to 2% of each employee's compensation up to the Social Security Wage Base ("SSWB"), plus 5% of the amount above the SSWB but less than the IRS salary limit. An additional 1% employer retirement contribution will be made if the Plan Sponsor meets its annual fiscal year and operating margin. This potential 1% additional contribution will be made in October after the close of each June 30th fiscal year end if the Plan Sponsor's financial performance goals are met for that year. The non-elective contribution will be made on behalf of all eligible employees, including employees who do not make elective contributions to the Plan. In addition, some Plan Sponsor employees will be grandfathered with additional employer contributions made to the Plan. During 2021, the Plan was amended to change the period in which the discretionary match described above will be made. In conjunction with the Plan Sponsor changing its fiscal year-end to December 31st, as of January 1, 2022, the discretionary contribution will be made after the close of each December 31st year end if the Plan Sponsor's performance goals are met for that year.

WAKE FOREST BAPTIST MEDICAL CENTER 403(B) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions, and Plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and benefit payments, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a variety of mutual funds, insurance company general accounts and a pooled separate account (group annuity contract) as investment options.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon, except for the non-matching, non-elective employer contribution. Participants become 100% vested after three years of service. If less than three years of service is completed then none of this amount is vested.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$429,926 and \$958,368, respectively. These accounts will be used to reduce future employer contributions. Also, in 2022, employer contributions were reduced by \$1,666,485 from forfeited nonvested accounts.

Notes Receivable from Participants

The Plan allows two types of loans. They are participant loans and plan loans. Participant loans occur when the participant borrows directly from their own account. In this case the loans are shown on the statement of net assets available for benefits as notes receivable from participants. Plan loans occur when the participant borrows funds from the custodian. In this case the funds are loaned from the custodian and a corresponding amount is reserved, or held in collateral, from the participant's account, and included in investments in the statement of net assets available for benefits. In either case participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance.

WAKE FOREST BAPTIST MEDICAL CENTER 403(B) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants (Continued)

Participant loans - The notes bear interest rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid directly by the participant to the record keeper over a period not to exceed five years, unless the loan proceeds are applied to the purchase of the principal residence of the participant. In such case, the loan may be repaid over fifteen years. In the case of default, the loan is not deemed distributed until the occurrence of a distributable event, as defined in the Plan document. Deemed loans not distributed total \$6,753,934 and \$6,815,764 at December 31, 2022 and 2021, respectively. At December 31, 2022, outstanding notes bore interest rates ranging from 3.25% to 7.50% and mature through December 2037.

Plan loans - The notes bear interest rates which are commensurate with local prevailing rates as determined by the Plan administrator. The participant does not have the right to take distributions from that portion of the account until the loan is repaid. As the loan is repaid corresponding amounts are made available for use in the participant's account. If a participant defaults, the account is distributed and treated as a deemed distribution. At December 31, 2022 and 2021, the total loans secured by plan assets were \$1,140,985 and \$1,683,001, respectively. These loans have interest rates ranging from 4.00% to 6.85% and mature through May 2029.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59 1/2 years.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review of Subsequent Events

The Plan has evaluated its subsequent events (events occurring after December 31, 2022) through the date of this report, which represents the date the financial statements were available to be issued and determined that all significant events and disclosures are included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

WAKE FOREST BAPTIST MEDICAL CENTER 403(B) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Reinvested dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor, as provided by the Plan document. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and benefit payments) are charged directly to the participant's account.

NOTE C: FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares as reported by the funds. The registered investment companies held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The registered investment companies held by the Plan are considered to be actively traded.

The fair value of the pooled separate account, which represents the TIAA Real Estate Account Fund, is based on the fund's daily unit value. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion.

Level 3 Fair Value Measurements

The TIAA Traditional Annuity holdings within the RA and RC contracts (fully described in Note D) have liquidity restrictions and are non-benefit responsive. Accordingly, they are presented in the financial statements at fair value. This account, including fair value measurement, is more fully described in Note D. However, due to the contractual nature of the account, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs which meets the description of level 3 measurement.

NOTES TO FINANCIAL STATEMENTS

NOTE D: INVESTMENT AND ANNUITY CONTRACTS WITH INSURANCE COMPANIES

TIAA Traditional

The TIAA Traditional Annuity is a fixed-rate annuity contract. Contributions buy a contractual or guaranteed amount of future benefits for the investing participant. The contracts guarantee principal and a minimum interest rate (currently between 1.0% - 3.0% during the accumulation phase), and provide the opportunity for additional amounts in excess of the guaranteed rate. Allocations to the TIAA Traditional Annuity are backed by TIAA's claims-paying ability. Any additional amounts, when declared by the TIAA Board of Trustees, remain in effect for the declaration year, which begins each March 1, and are not guaranteed for future years.

The TIAA Traditional Annuity holdings within the Retirement Annuity (RA) and Retirement Choice (RC) contracts have liquidity restrictions and are non-benefit responsive. The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over a period of 10 annual installments. Participant withdrawals and transfers within the RC contract must be taken in 84 monthly installments, except that a lump-sum distribution is available, if permitted under the plan, in the 120-day period following termination of employment, subject to a 2.50% surrender charge. The TIAA Traditional Annuity holdings within the Group Supplemental Retirement Annuity (GSRA) and Supplemental Retirement Annuity (SRA) contracts contain no liquidity restrictions and are fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

New York Life Insurance Company Guaranteed Interest Account (NYLIC)

The Plan has a fully benefit-responsive group annuity contract with NYLIC. NYLIC maintains the contributions in its general account. The Plan's contract investment balance is credited with earnings based upon contractually determined interest rates, dividends (if any) and charged for plan withdrawals and administrative expenses. NYLIC establishes an effective interest rate semiannually. In no event will such effective annual interest rate, minus the deductions for expenses, be less than the minimum interest rate as defined by the contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's guaranteed interest contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. These conditions are defined in Section 1.5 (Payments to the Contract Holders), Section 1.6 (Transfer to Other Funding Media) and Section 1.7 (Limitations on Withdrawals and Transfers) of the contract and includes events initiated by the plan sponsor including, but not limited to, total or partial plan termination, mergers, spinoffs, layoffs, early retirement incentive programs, and sales or closing of all or part of the plan sponsor's operations.

NOTES TO FINANCIAL STATEMENTS

NOTE D: INVESTMENT AND ANNUITY CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

New York Life Insurance Company Guaranteed Interest Account (NYLIC) (Continued)

The contract specifies the circumstances under which the issuer may terminate the contract with a written notice to the contract holder at least 30 days but not more than 60 days prior to the intended termination date. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

VALIC Fixed Interest Option

The Plan has a traditional fully benefit-responsive guaranteed investment contract with VALIC. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on an annual basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE F: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. It is the opinion of the Plan sponsor that the Plan has no uncertain tax positions that would be subject to change upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax filings are generally subject to examination for three years after they are filed.

NOTE G: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor may choose to terminate the Plan subject to the provisions of ERISA and the Plan document.

NOTE H: RISKS AND UNCERTAINTIES

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements and schedules.

NOTE I: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of guaranteed investment contracts, pooled separate accounts and mutual funds managed by TIAA, VALIC, MMLIC, TFLIC, and SSBT. These groups are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest and are denoted as such on the Supplemental Schedule of Assets Held at End of Year.
