INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Sika Corporation 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sika Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sika Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sika Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sika Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sika Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sika Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following brief description of the Sika Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Sika Corporation (the Company) who have ninety days of service, as defined, except for leased employees, residents of Puerto Rico, part-time or temporary or seasonal employees scheduled to work less than 1,000 hours. Employees of United Food and Commercial Workers Local 655 will be excluded from Roth and Roth rollover contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 401(k) of the Internal Revenue Code (the Code).

Emseal Joint Systems Ltd. was purchased by the Company, effective December 19, 2017. On January 1, 2021, the Emseal Joint Systems LTD. 401(k) Savings Plan merged into the Plan. Approximately \$4.8 million of assets were transferred into the Plan as a result of this merger.

Parex USA was purchased by the Company, effective December 31, 2019. On January 1, 2021, the Parex USA 401(k) Savings Plan merged into the Plan. Approximately \$16.8 million of assets were transferred into the Plan as a result of this merger.

Effective April 1, 2022, Empower Annuity Insurance Company of America (EAICA), formerly known as Great-West Life & Annuity Insurance Company, the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc. Prudential Retirement Insurance and Annuity Company; Prudential Bank & Trust, FSB; Global Portiolio Strategies, Inc.; TBG Insurance Services Corporation; MC Insurance Agency Services, LLC; and Mullin TBG Insurance Agency Services, LLC. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Contributions

A participant may elect to enter into a salary deferral agreement with the Company in an amount ranging from 1% to 25% of compensation, as defined, for the contribution period.

1. Description of the Plan (continued)

The Company also contributes out of net profits, as defined, an amount equal to 100% of the participant contribution, up to a maximum of 5% of participant compensation, as defined. Should there be insufficient net profits for such Company contributions, the amount of such contribution will be reduced to the amount that can be made from the Company's profits. The Company made a 100% contribution out of net profits for the years ended December 31, 2022 and 2021. The Company may also make a discretionary additional contribution under the Plan not to exceed the Company's net profits. The Company made \$54,715 of discretionary additional contributions for the 2022 plan year in 2023, and \$54,264 of discretionary additional contributions for the 2021 plan year in 2022. The Company performs a true-up, after the close of each plan year, which consists of funding the Company match to participants who have contributed at least 5% of pre-tax dollars to the Plan and have not received the full \$1 for \$1 up to the 5% Company match. In 2022, the true-up consisted of \$576,310 in Company match, and in 2021, the true-up consisted of \$508,041. These amounts have been included as receivables in the statements of changes in net assets available for benefits.

The Company will match \$0.50 of every \$1.00 contributed for certain Greenstreak union employees, up to the first 4% of eligible pay. Eligibility for Company match is the first day of the quarter following the employees' one year anniversary.

A participant may elect to make voluntary post-tax contributions of up to 10% of compensation, as defined. Such post-tax contributions may not be eligible for a tax deduction under Section 219 of the Code.

Upon termination of employment and withdrawal from the Plan, the non-vested portion of a participant's account will be forfeited. The forfeiture balance will be used to reduce future employer contributions, pay plan expenses, or be allocated to participants. During the years ended December 31, 2022 and 2021, \$229,295 and \$198,998, respectively, of participant forfeitures were used to offset the respective Plan year's employer contributions and Plan expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were \$43,799 and \$95,255, respectively.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Separate participants' accounts are maintained by EAICA on behalf of each participant. Each participant's account is credited with the salary deferral, non-discretionary Company and post-tax participant contributions, and an allocation of: (a) discretionary Company contributions, if any, and (b) plan earnings or losses.

Each participant has the right to designate what percentage of the contributions is to be invested into any investment option offered by the Plan in any combination of the guaranteed income investment contract or various mutual funds.

Each participant has the option to change the investment elections daily, and the amount of the salary deferral contribution may be changed monthly on the first day of each month.

Vesting

All employee contributions and the earnings thereon are fully vested. Vesting in all employer contributions is based on years of service. A participant shall vest 25% in his or her employer contributions account for each year of vesting service earned by such employee. Vesting for former participants in the Sika Sarnafil, Inc. Savings & Investment Plan, the Western Textile Products 401(k) Plan, the Propex Plan, and the Axson Plan is based on a schedule and fully vested after six years. The employees aged between 55-65 at the time of transition are 100% vested.

Payment of Benefits

Upon retirement or termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account, or specific installments over a period of time, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Death and Disability Benefits

Upon the death or total and permanent disability of a participant prior to his or her retirement date, all amounts credited to such participant's combined account shall become fully vested. Payment of death or disability benefits may be in the form of a lump-sum amount equal to the value of his or her account or periodic installment amounts, as defined.

Notes Receivable From Participants

The Plan administrator may approve loans to participants upon completion of one year of participation in the Plan, as defined. Such loans are restricted to a minimum of \$1,000, and a maximum of the lesser of \$50,000, or one half of the amount vested in the participant's account balance, as defined. Loans are repaid, generally over five years, with comparable prevailing interest rates. As of December 31, 2022, interest rates ranged from 4.25% to 8.25%.

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Withdrawals

A participant may apply for a hardship withdrawal subject to certain restrictions. Participants who are age 59 1/2 or older may withdraw funds from their account at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Mutual funds and pooled separate accounts are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See further discussion in Fair Value Measurements.

The Guaranteed Income Fund (the Fund) is a fully benefit responsive, insurance company-issued, general account-backed evergreen group annuity product, in which a fair value adjustment would not apply at the time of discontinuance and, accordingly, is valued at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and are guaranteed for a specific period of time. The Fund is not a traditional guaranteed investment contract and, therefore, there are no known cash flows to be discounted.

The Fund declares interest rates in advance for six-month periods. In determining the rate of interest to be guaranteed for the upcoming six-month period, EAICA considers the projected investment earnings, the current interest environment, its investment expense, and a profit and risk component for the six-month period. The Fund does not have maturity dates or penalties for early withdrawals. Generally, there are no events which would limit the ability to transact or terminate.

Fair Value Measurements

In accordance with Accounting Standards Codification 820, *Fair Value Measurements*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment, and are based on the best available information, some of which may be internally developed.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2022, as described below.

The methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides the fair value hierarchy of the Plan's investments carried at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds ^(a)	<u>\$ 170,207,855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 170,207,855</u>
Investment measured at NAV				
Pooled separate accounts ^(b)				<u>33,075,533</u>
Total investments at fair value				<u>\$ 203,283,388</u>

^(a) Mutual fund accounts are valued at quoted market prices of shares held by the Plan.

^(b) Pooled separate accounts are valued at net asset value, which has a readily determinable fair value.

2. Summary of Significant Accounting Policies (continued)

The following table provides the fair value hierarchy of the Plan's investments carried at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds ^(a)	<u>\$ 209,772,876</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 209,772,876</u>
Investment measured at NAV				
Pooled separate accounts ^(b)				<u>43,275,952</u>
Total investments at fair value				<u>\$ 253,048,828</u>

^(a) Mutual fund accounts are valued at quoted market prices of shares held by the Plan.

^(b) Pooled separate accounts are valued at net asset value, which has a readily determinable fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in these financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Contributions

Salary deferral contributions made by the Company and participant contributions are recorded when paid, based upon compensation, as defined, to Plan participants during the Plan year. Discretionary additional Company contributions are recorded when declared.

Administrative Expenses

All administrative expenses of the Plan are paid by the Company, except for certain fees that are attributable to a participant's account, which are deducted from that participant's account.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts from 2021 financial statements have been reclassified in order to conform to the 2022 presentation. Investments have been reclassified to classify amounts reported at fair value and amounts reported at contract value as described in Note 2.

3. Information Certified by Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Empower Annuity Insurance Company and Prudential Bank & Trust (the "Trustees"), have certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and interest income from notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustees, except for comparing such information with information reported in the financial statements.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Income Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated December 4, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the Plan will be

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trusts are tax-exempt.

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

7. Party-in-Interest Transactions

The Plan invests in certain investments managed by the Trustees of the Plan. Transaction in such investments and notes receivable from participants qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after the date of the financial statements through October 11, 2023, which is the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events require recognition or disclosure in these financial statements, other than as described below.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

American Hydrotech Inc. was purchased by Sika Corporation effective July 20, 2021. On January 3, 2023, the American Hydrotech Inc. 401(k) Savings Plan merged into the Plan. Approximately \$11.2 million of assets were transferred into the Plan as a result of this merger.

On May 2, 2023 Sika Corporation acquired Master Builders Solutions Construction Systems US, LLC, which is the plan sponsor of Master Builders Solutions US LLC Bargaining Unit Savings Plan and Master Builders Solutions Construction Systems US, LLC Retirement Savings Plan (the Plans). The Plans are expected to be merged into the Sika Corporation 401(k) Savings Plan in January 2025.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Sika Corporation 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sika Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sika Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sika Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sika Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sika Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sika Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following brief description of the Sika Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Sika Corporation (the Company) who have ninety days of service, as defined, except for leased employees, residents of Puerto Rico, part-time or temporary or seasonal employees scheduled to work less than 1,000 hours. Employees of United Food and Commercial Workers Local 655 will be excluded from Roth and Roth rollover contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 401(k) of the Internal Revenue Code (the Code).

Emseal Joint Systems Ltd. was purchased by the Company, effective December 19, 2017. On January 1, 2021, the Emseal Joint Systems LTD. 401(k) Savings Plan merged into the Plan. Approximately \$4.8 million of assets were transferred into the Plan as a result of this merger.

Parex USA was purchased by the Company, effective December 31, 2019. On January 1, 2021, the Parex USA 401(k) Savings Plan merged into the Plan. Approximately \$16.8 million of assets were transferred into the Plan as a result of this merger.

Effective April 1, 2022, Empower Annuity Insurance Company of America (EAICA), formerly known as Great-West Life & Annuity Insurance Company, the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc. Prudential Retirement Insurance and Annuity Company; Prudential Bank & Trust, FSB; Global Portiolio Strategies, Inc.; TBG Insurance Services Corporation; MC Insurance Agency Services, LLC; and Mullin TBG Insurance Agency Services, LLC. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Notes to Financial Statements (continued)

Contributions

A participant may elect to enter into a salary deferral agreement with the Company in an amount ranging from 1% to 25% of compensation, as defined, for the contribution period.

1. Description of the Plan (continued)

The Company also contributes out of net profits, as defined, an amount equal to 100% of the participant contribution, up to a maximum of 5% of participant compensation, as defined. Should there be insufficient net profits for such Company contributions, the amount of such contribution will be reduced to the amount that can be made from the Company's profits. The Company made a 100% contribution out of net profits for the years ended December 31, 2022 and 2021. The Company may also make a discretionary additional contribution under the Plan not to exceed the Company's net profits. The Company made \$54,715 of discretionary additional contributions for the 2022 plan year in 2023, and \$54,264 of discretionary additional contributions for the 2021 plan year in 2022. The Company performs a true-up, after the close of each plan year, which consists of funding the Company match to participants who have contributed at least 5% of pre-tax dollars to the Plan and have not received the full \$1 for \$1 up to the 5% Company match. In 2022, the true-up consisted of \$576,310 in Company match, and in 2021, the true-up consisted of \$508,041. These amounts have been included as receivables in the statements of changes in net assets available for benefits.

The Company will match \$0.50 of every \$1.00 contributed for certain Greenstreak union employees, up to the first 4% of eligible pay. Eligibility for Company match is the first day of the quarter following the employees' one year anniversary.

A participant may elect to make voluntary post-tax contributions of up to 10% of compensation, as defined. Such post-tax contributions may not be eligible for a tax deduction under Section 219 of the Code.

Upon termination of employment and withdrawal from the Plan, the non-vested portion of a participant's account will be forfeited. The forfeiture balance will be used to reduce future employer contributions, pay plan expenses, or be allocated to participants. During the years ended December 31, 2022 and 2021, \$229,295 and \$198,998, respectively, of participant forfeitures were used to offset the respective Plan year's employer contributions and Plan expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were \$43,799 and \$95,255, respectively.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Separate participants' accounts are maintained by EAICA on behalf of each participant. Each participant's account is credited with the salary deferral, non-discretionary Company and post-tax participant contributions, and an allocation of: (a) discretionary Company contributions, if any, and (b) plan earnings or losses.

Each participant has the right to designate what percentage of the contributions is to be invested into any investment option offered by the Plan in any combination of the guaranteed income investment contract or various mutual funds.

Each participant has the option to change the investment elections daily, and the amount of the salary deferral contribution may be changed monthly on the first day of each month.

Vesting

All employee contributions and the earnings thereon are fully vested. Vesting in all employer contributions is based on years of service. A participant shall vest 25% in his or her employer contributions account for each year of vesting service earned by such employee. Vesting for former participants in the Sika Sarnafil, Inc. Savings & Investment Plan, the Western Textile Products 401(k) Plan, the Propex Plan, and the Axson Plan is based on a schedule and fully vested after six years. The employees aged between 55-65 at the time of transition are 100% vested.

Payment of Benefits

Upon retirement or termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account, or specific installments over a period of time, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Death and Disability Benefits

Upon the death or total and permanent disability of a participant prior to his or her retirement date, all amounts credited to such participant's combined account shall become fully vested. Payment of death or disability benefits may be in the form of a lump-sum amount equal to the value of his or her account or periodic installment amounts, as defined.

Notes Receivable From Participants

The Plan administrator may approve loans to participants upon completion of one year of participation in the Plan, as defined. Such loans are restricted to a minimum of \$1,000, and a maximum of the lesser of \$50,000, or one half of the amount vested in the participant's account balance, as defined. Loans are repaid, generally over five years, with comparable prevailing interest rates. As of December 31, 2022, interest rates ranged from 4.25% to 8.25%.

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Withdrawals

A participant may apply for a hardship withdrawal subject to certain restrictions. Participants who are age 59 1/2 or older may withdraw funds from their account at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Mutual funds and pooled separate accounts are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See further discussion in Fair Value Measurements.

The Guaranteed Income Fund (the Fund) is a fully benefit responsive, insurance company-issued, general account-backed evergreen group annuity product, in which a fair value adjustment would not apply at the time of discontinuance and, accordingly, is valued at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and are guaranteed for a specific period of time. The Fund is not a traditional guaranteed investment contract and, therefore, there are no known cash flows to be discounted.

The Fund declares interest rates in advance for six-month periods. In determining the rate of interest to be guaranteed for the upcoming six-month period, EAICA considers the projected investment earnings, the current interest environment, its investment expense, and a profit and risk component for the six-month period. The Fund does not have maturity dates or penalties for early withdrawals. Generally, there are no events which would limit the ability to transact or terminate.

Fair Value Measurements

In accordance with Accounting Standards Codification 820, *Fair Value Measurements*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment, and are based on the best available information, some of which may be internally developed.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2022, as described below.

The methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides the fair value hierarchy of the Plan's investments carried at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds ^(a)	<u>\$ 170,207,855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 170,207,855</u>
Investment measured at NAV				
Pooled separate accounts ^(b)				<u>33,075,533</u>
Total investments at fair value				<u>\$ 203,283,388</u>

^(a) Mutual fund accounts are valued at quoted market prices of shares held by the Plan.

^(b) Pooled separate accounts are valued at net asset value, which has a readily determinable fair value.

2. Summary of Significant Accounting Policies (continued)

The following table provides the fair value hierarchy of the Plan's investments carried at fair value as of December 31, 2021:

Total investments at fair value				<u>\$ 253,048,828</u>

^(a) Mutual fund accounts are valued at quoted market prices of shares held by the Plan.

^(b) Pooled separate accounts are valued at net asset value, which has a readily determinable fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in these financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Contributions

Salary deferral contributions made by the Company and participant contributions are recorded when paid, based upon compensation, as defined, to Plan participants during the Plan year. Discretionary additional Company contributions are recorded when declared.

Administrative Expenses

All administrative expenses of the Plan are paid by the Company, except for certain fees that are attributable to a participant's account, which are deducted from that participant's account.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts from 2021 financial statements have been reclassified in order to conform to the 2022 presentation. Investments have been reclassified to classify amounts reported at fair value and amounts reported at contract value as described in Note 2.

3. Information Certified by Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Empower Annuity Insurance Company and Prudential Bank & Trust (the "Trustees"), have certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and interest income from notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustees, except for comparing such information with information reported in the financial statements.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Income Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated December 4, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the Plan will be

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trusts are tax-exempt.

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

7. Party-in-Interest Transactions

The Plan invests in certain investments managed by the Trustees of the Plan. Transaction in such investments and notes receivable from participants qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after the date of the financial statements through October 11, 2023, which is the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events require recognition or disclosure in these financial statements, other than as described below.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

American Hydrotech Inc. was purchased by Sika Corporation effective July 20, 2021. On January 3, 2023, the American Hydrotech Inc. 401(k) Savings Plan merged into the Plan. Approximately \$11.2 million of assets were transferred into the Plan as a result of this merger.

On May 2, 2023 Sika Corporation acquired Master Builders Solutions Construction Systems US, LLC, which is the plan sponsor of Master Builders Solutions US LLC Bargaining Unit Savings Plan and Master Builders Solutions Construction Systems US, LLC Retirement Savings Plan (the Plans). The Plans are expected to be merged into the Sika Corporation 401(k) Savings Plan in January 2025.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Sika Corporation 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sika Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sika Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sika Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sika Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sika Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sika Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following brief description of the Sika Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Sika Corporation (the Company) who have ninety days of service, as defined, except for leased employees, residents of Puerto Rico, part-time or temporary or seasonal employees scheduled to work less than 1,000 hours. Employees of United Food and Commercial Workers Local 655 will be excluded from Roth and Roth rollover contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 401(k) of the Internal Revenue Code (the Code).

Emseal Joint Systems Ltd. was purchased by the Company, effective December 19, 2017. On January 1, 2021, the Emseal Joint Systems LTD. 401(k) Savings Plan merged into the Plan. Approximately \$4.8 million of assets were transferred into the Plan as a result of this merger.

Parex USA was purchased by the Company, effective December 31, 2019. On January 1, 2021, the Parex USA 401(k) Savings Plan merged into the Plan. Approximately \$16.8 million of assets were transferred into the Plan as a result of this merger.

Effective April 1, 2022, Empower Annuity Insurance Company of America (EAICA), formerly known as Great-West Life & Annuity Insurance Company, the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc. Prudential Retirement Insurance and Annuity Company; Prudential Bank & Trust, FSB; Global Portiolio Strategies, Inc.; TBG Insurance Services Corporation; MC Insurance Agency Services, LLC; and Mullin TBG Insurance Agency Services, LLC. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

Contributions

A participant may elect to enter into a salary deferral agreement with the Company in an amount ranging from 1% to 25% of compensation, as defined, for the contribution period.

1. Description of the Plan (continued)

The Company also contributes out of net profits, as defined, an amount equal to 100% of the participant contribution, up to a maximum of 5% of participant compensation, as defined. Should there be insufficient net profits for such Company contributions, the amount of such contribution will be reduced to the amount that can be made from the Company's profits. The Company made a 100% contribution out of net profits for the years ended December 31, 2022 and 2021. The Company may also make a discretionary additional contribution under the Plan not to exceed the Company's net profits. The Company made \$54,715 of discretionary additional contributions for the 2022 plan year in 2023, and \$54,264 of discretionary additional contributions for the 2021 plan year in 2022. The Company performs a true-up, after the close of each plan year, which consists of funding the Company match to participants who have contributed at least 5% of pre-tax dollars to the Plan and have not received the full \$1 for \$1 up to the 5% Company match. In 2022, the true-up consisted of \$576,310 in Company match, and in 2021, the true-up consisted of \$508,041. These amounts have been included as receivables in the statements of changes in net assets available for benefits.

The Company will match \$0.50 of every \$1.00 contributed for certain Greenstreak union employees, up to the first 4% of eligible pay. Eligibility for Company match is the first day of the quarter following the employees' one year anniversary.

A participant may elect to make voluntary post-tax contributions of up to 10% of compensation, as defined. Such post-tax contributions may not be eligible for a tax deduction under Section 219 of the Code.

Upon termination of employment and withdrawal from the Plan, the non-vested portion of a participant's account will be forfeited. The forfeiture balance will be used to reduce future employer contributions, pay plan expenses, or be allocated to participants. During the years ended December 31, 2022 and 2021, \$229,295 and \$198,998, respectively, of participant forfeitures were used to offset the respective Plan year's employer contributions and Plan expenses. Unallocated forfeiture balances as of December 31, 2022 and 2021 were \$43,799 and \$95,255, respectively.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Separate participants' accounts are maintained by EAICA on behalf of each participant. Each participant's account is credited with the salary deferral, non-discretionary Company and post-tax participant contributions, and an allocation of: (a) discretionary Company contributions, if any, and (b) plan earnings or losses.

Each participant has the right to designate what percentage of the contributions is to be invested into any investment option offered by the Plan in any combination of the guaranteed income investment contract or various mutual funds.

Each participant has the option to change the investment elections daily, and the amount of the salary deferral contribution may be changed monthly on the first day of each month.

Vesting

All employee contributions and the earnings thereon are fully vested. Vesting in all employer contributions is based on years of service. A participant shall vest 25% in his or her employer contributions account for each year of vesting service earned by such employee. Vesting for former participants in the Sika Sarnafil, Inc. Savings & Investment Plan, the Western Textile Products 401(k) Plan, the Propex Plan, and the Axson Plan is based on a schedule and fully vested after six years. The employees aged between 55-65 at the time of transition are 100% vested.

Payment of Benefits

Upon retirement or termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account, or specific installments over a period of time, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Death and Disability Benefits

Upon the death or total and permanent disability of a participant prior to his or her retirement date, all amounts credited to such participant's combined account shall become fully vested. Payment of death or disability benefits may be in the form of a lump-sum amount equal to the value of his or her account or periodic installment amounts, as defined.

Notes Receivable From Participants

The Plan administrator may approve loans to participants upon completion of one year of participation in the Plan, as defined. Such loans are restricted to a minimum of \$1,000, and a maximum of the lesser of \$50,000, or one half of the amount vested in the participant's account balance, as defined. Loans are repaid, generally over five years, with comparable prevailing interest rates. As of December 31, 2022, interest rates ranged from 4.25% to 8.25%.

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Withdrawals

A participant may apply for a hardship withdrawal subject to certain restrictions. Participants who are age 59 1/2 or older may withdraw funds from their account at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Mutual funds and pooled separate accounts are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See further discussion in Fair Value Measurements.

The Guaranteed Income Fund (the Fund) is a fully benefit responsive, insurance company-issued, general account-backed evergreen group annuity product, in which a fair value adjustment would not apply at the time of discontinuance and, accordingly, is valued at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and are guaranteed for a specific period of time. The Fund is not a traditional guaranteed investment contract and, therefore, there are no known cash flows to be discounted.

The Fund declares interest rates in advance for six-month periods. In determining the rate of interest to be guaranteed for the upcoming six-month period, EAICA considers the projected investment earnings, the current interest environment, its investment expense, and a profit and risk component for the six-month period. The Fund does not have maturity dates or penalties for early withdrawals. Generally, there are no events which would limit the ability to transact or terminate.

Fair Value Measurements

In accordance with Accounting Standards Codification 820, *Fair Value Measurements*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment, and are based on the best available information, some of which may be internally developed.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2022, as described below.

The methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides the fair value hierarchy of the Plan's investments carried at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds ^(a)	<u>\$ 170,207,855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 170,207,855</u>
Investment measured at NAV				
Pooled separate accounts ^(b)				<u>33,075,533</u>
Total investments at fair value				<u>\$ 203,283,388</u>

^(a) Mutual fund accounts are valued at quoted market prices of shares held by the Plan.

^(b) Pooled separate accounts are valued at net asset value, which has a readily determinable fair value.

^(a) Mutual fund accounts are valued at quoted market prices of shares held by the Plan.

^(b) Pooled separate accounts are valued at net asset value, which has a readily determinable fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in these financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Contributions

Salary deferral contributions made by the Company and participant contributions are recorded when paid, based upon compensation, as defined, to Plan participants during the Plan year. Discretionary additional Company contributions are recorded when declared.

Administrative Expenses

All administrative expenses of the Plan are paid by the Company, except for certain fees that are attributable to a participant's account, which are deducted from that participant's account.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts from 2021 financial statements have been reclassified in order to conform to the 2022 presentation. Investments have been reclassified to classify amounts reported at fair value and amounts reported at contract value as described in Note 2.

3. Information Certified by Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Empower Annuity Insurance Company and Prudential Bank & Trust (the "Trustees"), have certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and interest income from notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustees, except for comparing such information with information reported in the financial statements.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Income Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated December 4, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the Plan will be

considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trusts are tax-exempt.

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

7. Party-in-Interest Transactions

The Plan invests in certain investments managed by the Trustees of the Plan. Transaction in such investments and notes receivable from participants qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after the date of the financial statements through October 11, 2023, which is the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events require recognition or disclosure in these financial statements, other than as described below.

Sika Corporation 401(k) Savings Plan

Notes to Financial Statements (continued)

American Hydrotech Inc. was purchased by Sika Corporation effective July 20, 2021. On January 3, 2023, the American Hydrotech Inc. 401(k) Savings Plan merged into the Plan. Approximately \$11.2 million of assets were transferred into the Plan as a result of this merger.

On May 2, 2023 Sika Corporation acquired Master Builders Solutions Construction Systems US, LLC, which is the plan sponsor of Master Builders Solutions US LLC Bargaining Unit Savings Plan and Master Builders Solutions Construction Systems US, LLC Retirement Savings Plan (the Plans). The Plans are expected to be merged into the Sika Corporation 401(k) Savings Plan in January 2025.
