INDEPENDENT AUDITOR'S REPORT

SMRT, Inc. Investment Committee
SMRT, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SMRT, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SMRT, Inc. Investment Committee
SMRT, Inc. 401(k) Profit Sharing Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the SMRT, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by SMRT, Inc. (the Company). Employees are eligible for participation in the Plan after obtaining the age of twenty-one years old and completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 75% of their eligible compensation, as defined, to the Plan subject to certain Internal Revenue Code (the Code) limitations. In addition, participant contributions may consist of rollovers from other qualified retirement plans.

The Company is required to make safe-harbor non-elective contributions equal to 3% of eligible compensation, as defined.

The Company may elect to make discretionary matching and profit sharing contributions. A profit sharing contribution of \$500,000 was declared during 2022.

All participant and Company contributions are invested at the direction of each participant in any of the available investment options.

Vesting

Participants are immediately vested in their contributions and safe-harbor non-elective employer contributions plus actual earnings thereon. Participants become vested in all other employer contributions based on a graded vesting schedule over a period of one to three years.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participants' account and bear fixed interest at local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are recorded at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Record-keeping, plan administration, investment advisor and audit fees are paid by the Plan. The Company pays most other administrative costs.

Subsequent Events

Management has considered transactions or events occurring through October 12, 2023, which is the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Fair Value Measurement

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There were no changes in methodology used at December 31, 2022 and 2021.

Mutual funds and money market fund: Valued based on quoted market prices of shares held by the Plan at year-end.

Collective trust: Valued at net asset value (NAV) of units held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value and is excluded from the fair value hierarchy. The NAV is based on the fair value of the underlying investments in the collective trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SMRT, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Mutual funds	\$21,025,570	\$ -	\$ -	\$ 21,025,570
Money market fund	<u>105,196</u>	<u>-</u>	<u>-</u>	<u>105,196</u>
	<u>\$21,130,766</u>	<u>\$ -</u>	<u>\$ -</u>	<u>21,130,766</u>
Collective trust, at NAV				<u>483,789</u>
Total investments at fair value				<u>\$ 21,614,555</u>
 <u>2021</u>				
Mutual funds	\$26,405,953	\$ -	\$ -	\$ 26,405,953
Money market fund	<u>158,691</u>	<u>-</u>	<u>-</u>	<u>158,691</u>
	<u>\$26,564,644</u>	<u>\$ -</u>	<u>\$ -</u>	<u>26,564,644</u>
Collective trust, at NAV				<u>270,857</u>
Total investments at fair value				<u>\$ 26,835,501</u>

The investment in the collective trust, The Advisor Stable Value Fund (the Fund), is managed by Fidelity Management Trust Company (Fidelity) as a commingled pool, seeking to preserve principal while earning a level of interest income consistent with principal preservation. The Fund strives to maintain a stable net asset value of \$1 per share although there is no guarantee it will be able to do so. The Fund yield will fluctuate.

The Fund is invested in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds. Under the terms of the contracts, the assets are invested in fixed income securities, including U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and money market funds.

The collective trust is redeemable monthly. The terms of the collective trust prohibit the Plan from making a direct exchange from this fund to a competing fund. Instead, the Plan must first exchange the funds to a non-competing fund for 90 days.

4. **Tax Status**

The Plan is part of a prototype plan designed by Fidelity, the trustee. The Internal Revenue Service has determined and informed the trustee by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the determination. However, the plan administrator believes that the Plan continues to be operated in compliance with the applicable requirements of the Code.

5. Information Certified by the Trustee

The Plan's investments, notes receivable from participants and related investment transactions and interest from notes receivable were obtained by management and agreed to or derived from the information certified by Fidelity, trustee, as complete and accurate. This information is included in the following areas:

Statements of Net Assets Available for Benefits
Statement of Changes in Net Assets Available for Benefits
Note 3 in the Notes to Financial Statements
Supplementary Schedule – Schedule of Assets (Held at End of Year)

6. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity which serves as the trustee to the Plan. Therefore, transactions with Fidelity qualify as party-in-interest transactions. Fidelity reimbursed the Plan for the fees and expenses associated with services provided to the Plan through revenue credits and the net amount credited back to the Plan through administrative expenses was \$22,619 for the year ended December 31, 2022.

Additionally, investment advisor fees of \$28,000, third-party administrator fees of \$6,444 and audit fees of \$8,344 were paid by the Plan during 2022 and are included in administrative expenses.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants become fully vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
