INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Harleysville Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Harleysville Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from John Hancock Trust Company LLC as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Opinion (Continued)**

- The information in the accompanying financial statements related to assets held by and certified to by John Hancock Trust Company LLC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by John Hancock Trust Company LLC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HARLEYSVILLE BANK 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Harleysville Bank 401(k) Plan (the “Plan”) for employees of Harleysville Bank (the “Bank” and “Plan Sponsor”) is provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan covering the employees of the Bank. The Plan includes a 401(k) before-tax savings feature, which permits participants to defer compensation under Section 401(k) of the Internal Revenue Code. The Plan also contains a Roth 401(k) after-tax savings feature. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The retirement committee and trustees of the Plan are responsible for oversight of the Plan and determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions

There are several types of contributions that can be added to a participant’s account: an employee salary deferral contribution, Roth 401(k) contribution, an employer matching contribution, an employer discretionary safe harbor contribution, and an employer discretionary profit-sharing contribution. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. These contributions are considered rollover contributions.

Participants may elect to contribute, through the 401(k) feature, up to 100 percent of their base salaries of each period, to the maximum amount permitted by the Internal Revenue Code. Participants may change their deferral election up to four times during a plan year.

The employer makes a matching contribution equal to 100 percent of salary deferral and/or Roth 401(k) contributions that do not exceed 3 percent of eligible compensation each payroll period. The Bank makes an additional safe harbor contribution of 3 percent of eligible compensation. Each year, the Bank, at the sole discretion of its Board of Directors, determines the amount of the employer profit sharing contribution. For 2022 and 2021, the profit-sharing contribution was 3 percent of eligible compensation.

The participants may direct their accounts into various investment options. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with an allocation of various contributions and Plan earnings (including realized and unrealized appreciation or depreciation of Plan assets). Allocations of the employer safe harbor, matching, and profit-sharing contributions are based on the participant’s eligible compensation, while allocations of Plan earnings are based on participant’s account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their salary reduction contributions, Roth 401(k) contributions, rollover contributions, and employer safe harbor contributions plus actual earnings thereon. Participants vesting in the Bank's employer discretionary matching contribution and employer discretionary profit-sharing contribution portion of their accounts is based on years of service. A year of service is defined as a Plan year in which a participant is credited with at least 1,000 hours of service. A participant is 0 percent vested up to three years of service and becomes 100 percent vested after three years of service. In the event of retirement, death, or total disability, the participant becomes 100 percent vested, regardless of years of service.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, distributions will be paid as soon as administratively possible in a lump-sum payment. Upon termination of service, other than retirement, disability, or death, a participant will receive a single lump-sum payment if the total of the participant's vested account balance does not exceed \$5,000. If the vested account balance exceeds \$5,000, the participant may elect to have the vested account balance distributed as soon as administratively feasible. If a participant withdraws due to death, the installment period, if elected, may not exceed five years.

Notes Receivable from Participants

Loans are available to participants of the Plan and are subject to approval by the Plan Administrator. The minimum loan amount is \$1,000. Loans may not exceed \$50,000 or one-half of a participant's vested account balance. Loans bear interest on the unpaid principal and must be repaid within five years, unless the loan is used to acquire a principal residence, then the Plan Administrator may permit a longer repayment term. Interest is payable at a rate equal to 1 percent above the prime rate. Principal and interest are paid through weekly payroll deductions. Loans may be requested for hardship purposes only.

Administrative Costs

Administrative expenses of the Plan relating to investment management are paid by the Plan. Fees relating to accounting, recordkeeping, and miscellaneous administrative expenses are paid by the Plan's Sponsor.

Forfeited Accounts

When certain Plan participants terminate, the forfeited accounts will be allocated to pay any administrative expenses or reduce employer contributions. As of December 31, 2022 and 2021, the Plan had \$16,074 and \$4,882, respectively, in unallocated forfeitures. During 2022, the Plan did not use any unallocated forfeitures to pay administrative expenses or reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting principles followed by the Plan and the methods of applying these principles conform to U.S. generally accepted accounting principles (GAAP).

A summary of the significant accounting and reporting policies applied in the presentation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net depreciation in fair value of investments includes investments purchased, sold, and held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Investment Fees

Net investment returns reflect certain fees paid by the investments' funds to their affiliated advisors, transfer agents, and others, as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investments earnings activity and, thus, are not separately identifiable as an expense.

Payment of Benefits

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements is in conformity with U.S. GAAP and requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3 – INVESTMENTS

The Plan Administrator has obtained certifications from John Hancock Trust Company LLC (the “Custodian”) that information provided to the Plan Administrator by the Custodian related to the Plan’s investments and common stock is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule.

The Custodian also certified the completeness and accuracy of \$2,159,717 of net depreciation in fair value of investments and \$267,232 of interest and dividends for the year ended December 31, 2022.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their accounts.

NOTE 5 – TAX STATUS

The Plan is operating under a prototype non-standardized 401(k) profit sharing plan sponsored by Valley Forge Pension Management, Inc. The prototype plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan’s advisors believe that the Plan is currently designed and operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax eliminations for years prior to 2019.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan’s investments consist of employer stock and receives dividends on shares held. At December 31, 2022 and 2021, the Plan held 441,998 and 461,850 shares of Harleysville Financial Corporation common stock, respectively. There were no dividends received on those shares in 2022. In addition, the Plan issues loans to participants that are secured by the balances in the participants’ accounts. Therefore, related transactions qualify as party-in-interest transactions. All other transactions, which may be considered party-in-interest transactions, relate to normal Plan management and administrative services and the related payment of fees. Expenses paid by the Plan Sponsor amounted to \$56,115 for the year ended December 31, 2022.

NOTE 7 – FAIR VALUE MEASUREMENTS

The following disclosures show the three broad levels of the hierarchal disclosure framework associated with the level of pricing observations utilized in measuring assets and liabilities at fair value.

- Level I: Quoted prices are available in active markets for identical assets or liabilities as of the reported date.
- Level II: Pricing inputs are other than the quoted prices in active markets, which are either directly or indirectly observable as of the reported date. The nature of these assets and liabilities includes items for which quoted prices are available but traded less frequently and items that are fair-valued using other financial instruments, the parameters of which can be directly observed.
- Level III: Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the use of observable market data when available.

The following tables present the assets reported on the Statement of Net Assets Available for Benefits at their fair value as of December 31, 2022 and 2021, by level within the fair value hierarchy.

		December 31, 2022

- (1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 7 – FAIR VALUE MEASUREMENTS (Continued)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used from December 31, 2021.

Harleysville Financial Corporation Common Stock

Valued at the closing price reported on the active market on which the individual securities are traded.

Money Markets

Valued at cost, which approximates fair value.

Mutual Funds

Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts

Valued at the NAV of shares held by the Plan at year-end, adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The net asset value per unit is determined by dividing the net assets by the number of units outstanding on the day of valuation. In accordance with the terms of the Plan of Trust, the net asset value of the fund is determined daily. Units are issued and redeemed daily, at the daily net asset value. Also, the net investment income and realized and unrealized gains on investments are not distributed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 – FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

NOTE 8 – FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments are defined as cash, evidence of ownership in an entity, or a contract that creates an obligation or right to receive or deliver cash or another financial instrument from/to a second entity on potentially favorable or unfavorable terms. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced liquidation or sale. If a quoted market price is available for a financial instrument, the estimated fair value would be calculated based upon the market price per trading unit of the instrument.

Investments in common stock, money markets, mutual funds, collective investment trusts, notes receivable from participants, and contributions receivable are considered financial instruments. At December 31, 2022 and 2021, the carrying amounts of these financial instruments approximate fair value.

NOTE 9 – SUBSEQUENT EVENTS

Management has reviewed events occurring through October 13, 2023, the date the financial statements were issued, and no subsequent events occurred requiring accrual or disclosure.
