INDEPENDENT AUDITOR'S REPORT

Trustees
WCM Industries, Inc. Employee Savings and Investment Plan
Colorado Springs, Colorado

Opinion

We have audited the accompanying financial statements of WCM Industries, Inc. Employee Savings and Investment Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, as identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the WCM Industries, Inc. Employee Savings and Investment Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of WCM Industries, Inc. ("Company") who elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Eligible employees include all employees except for leased employees. Employees who have attained the age of 18 are eligible to participate in the Plan. Employees who have completed 1,000 hours of service are eligible to receive employer non-elective contributions.

Contributions

Deferral contributions cannot exceed certain limits as set forth by the Internal Revenue Code ("IRC") ($20,500 and $19,500 in 2022 and 2021, respectively; $27,000 and $26,000 for employees age 50 or older in 2022 and 2021, respectively). The Internal Revenue Service ("IRS") adjusts this limitation each year as necessary for cost-of-living increases. Participants may change their contribution percentage throughout the year and may cease making contributions at any time.

The Company makes non-elective employer contributions on behalf of each eligible employee. The total non-elective employer contributions for 2022 and 2021 were $4,769,269 and $3,864,331, respectively. These amounts were allocated to each eligible participant's account, based on a pre-determined formula, on February 28, 2022 and 2021, respectively.

Rollover contributions transferred from other qualified retirement plans or from individual retirement accounts are accepted, as permitted by the Plan.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participant and employer contributions are 100% vested immediately upon contribution to the Plan.

Notes receivable from participants

Participants may borrow from their accounts in amounts from $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance less the highest outstanding balance of their Plan loans during the last 12 months. The notes are secured by the participant's account balance and bear a reasonable rate of interest. The term is a maximum of five years, unless the note is for the purchase of a primary residence. Participants may not have more than five notes outstanding at any time and cannot initiate more than two loans per year. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan agreement.

Payment of benefits

Upon attainment of normal retirement age, disability, death, or termination of employment, distributions may either be a single distribution of the entire vested balance or partial lump sum for balances greater than $1,000 or, if elected by the participant, periodic installments over any period not exceeding the remaining life expectancy of the participant and/or the participant's designated beneficiary. The participant's account is distributed to the participant or, in the event of death, to the participant's designated beneficiary. As of December 31, 2022 and 2021, there were no benefit claims payable.

Plan termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100% vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the only required measurement for fully benefit-responsive investment contracts. The contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The statements of net assets available for benefits present the contract value of the investment contracts at December 31, 2022 and 2021, with no adjustment of the fully benefit-responsive investment contracts to fair value.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Financial instruments

The Plan's financial instruments include investments, fully benefit-responsive investment contracts, notes receivable from participants, and contributions receivable. Investments are reported at fair value and fully benefit-responsive investment contracts are reported at contract value. The recorded values of notes receivable from participants approximate fair value as interest rates approximate market rates. All other financial instruments approximate fair values based on their short-term nature.

Tax status

The IRS has determined and informed the plan sponsor by a letter dated September 21, 2022, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

US GAAP requires plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Subsequent events

Management evaluated subsequent events through the date of the attached independent auditor's report, the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used between the years ended December 31, 2022 and 2021.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The categorization is based on the lowest level of input that is significant to the fair value measurement. This hierarchy consists of three levels:

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

The valuation methodologies used for assets measured at fair value are as follows:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Pooled separate accounts - Valued at the NAV of shares held by the Plan.

Common/collective trusts - Valued at the NAV of shares held by the Plan. The NAV is based on the fair value of the underlying investments.

Self-directed brokerage accounts - Valued at the closing price recorded on the active market on which the individually-owned securities are traded.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,905,353	$ -	$ -	$ 44,905,353
Pooled separate accounts	1,994,628	-	-	1,994,628
Self-directed brokerage accounts	1,343,914	-	-	1,343,914
	$ 48,243,895	$ -	$ -	48,243,895
Common/collective trusts*				15,190,383
Investments at fair value				$ 63,434,278

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 50,593,437	$ -	$ -	$ 50,593,437
Pooled separate accounts	1,353,773	-	-	1,353,773
Self-directed brokerage accounts	1,371,401	-	-	1,371,401
	$ 53,318,611	$ -	$ -	53,318,611
Common/collective trusts*				22,318,196
Investments at fair value				$ 75,636,807

See independent auditor's report.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

*Investments in common/collective trusts are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. INVESTMENT CONTRACTS

The investment contract is a traditional investment contract that is supported by the general assets of Lincoln Financial Group ("Lincoln") and does not have specific underlying assets to which it is assigned. The obligation to meet the guarantees provided under the contract is subject to the claims-paying ability of the contract issuer. Based upon the characteristics of the contract, the contract meets the definition of fully benefit-responsive investment contract. Events that limit the Plan's ability to execute transactions at contract value with the issuer include: any changes billed to the contract owner haven't been paid to Lincoln within 30 days, the Plan ceases to meet the requirements of the IRC for purchasers of this contract, at any time following the end of the third contract year, the contract owner's account balance is less than $15,000, at any time following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the contract owner's account balance is less than $50,000, the contract owner fails to furnish requested information and other documentation, Lincoln discovers any misrepresentation of material information, Lincoln discontinues offering this contract form to the public, or the Plan terminates its recordkeeping agreement with Lincoln. The plan administrator does not believe it is probable that any events which may limit the ability of the Plan to transact at contract value will occur.

The following table presents the contract value of each type of fully benefit-responsive investment contract as of December 31,:

	2022	2021
Traditional investment contract	$ 8,773,834	$ 6,571,543

See independent auditor's report.

5. PARTIES IN INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, or a person who owns 50% or more of such an employer or employee association or relatives of such persons. The Company and several participants, as a result of ownership and/or being officers or directors of the Company, are deemed to be parties in interest. The third-party administrator and trustees and plan auditors are also parties in interest. There were no prohibited transactions with parties in interest during the years ended December 31, 2022 or 2021.

6. RISKS AND UNCERTAINTIES

Investments in general are exposed to risks, including interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The notes receivable from participants are secured by the participants' account balances, and the plan administrator considers risk to be minimal since the loans are fully collateralized.
