Independent Auditor's Report

Plan Administrator
AWS 401(k) Profit Sharing Plan
Fort Wayne, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AWS 401(k) Profit Sharing Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AWS 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of AWS 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AWS 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AWS 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the AWS 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan, which was established effective July 1, 2007 and restated effective January 1, 2015, is a defined contribution plan sponsored by A.W. Holdings, LLC (Company). The Plan covers substantially all full time eligible employees of the Company who have attained the age of 18 and have completed one year of service. The entry date for this Plan is the earlier of the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Charles Schwab Trust Company is the trustee of the Plan and Alerus Financial, N.A., is the custodian of the Plan.

Contributions

Participants may defer and contribute a percentage or dollar amount of their pre-tax or after tax (Roth) compensation, as defined by the Plan, not to exceed certain dollar limitations that are set by law. Participants age 50 or older may elect to defer and contribute additional amounts to the Plan up to a maximum that is set by law. Participants may also make rollover contributions of amounts representing distributions from other plans and certain Individual Retirement Accounts (IRA). Additionally, the Plan allows participants to change the amount of their contribution in accordance with the procedures the Company provides.

The Company may make a discretionary matching contribution equal to a uniform percentage of the amount of salary reduction each participant elects to defer, which percentage will be determined by the Company each year. For the years ended December 31, 2022 and 2021, the Company generally made a matching contribution to the Plan of 50% of the first 6% of compensation contributed by each participant, with the exception of certain employees who received 60% of the first 8% of compensation contributed by those participants. The Company may also make an additional nonelective contribution to the Plan. During the years ended December 31, 2022 and 2021, the Company made nonelective contributions of \$475,849 and \$636,585, respectively. Participants must complete a year of service and be employed at the end of the year to share in the nonelective contribution.

Participant Investment Account Options

The Plan allows participants to change their investment elections, with respect to the portion of their account subject to their investment direction, at any time. Currently, a participant may select from numerous diversified mutual funds and a money market fund.

AWS 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited or charged with allocations of (a) the participant's contributions, (b) the Company's matching and nonelective contributions, (c) investment gains or losses, and (d) plan expense. Plan earnings (losses) are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions, matching Company contributions, and Company nonelective contributions are invested at the direction of the participant in the investment options available to the Plan. A participant may change their investment options as permitted by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and the contributions, including rollover contributions, and investment earnings or losses thereon. Participants become vested in the discretionary matching and nonelective contributions provided by the Company, plus investment earnings or losses thereon, based on years of service. A participant's discretionary matching and nonelective contribution account is 100% vested after three years of credited service.

Payment of Benefits

Participants that are entitled to a distribution of more than \$5,000 may elect to receive a lump-sum payment of cash or in property, rollover the distribution to another retirement plan willing to accept the transfer or an IRA, or annual installments at least equal to the required minimum distribution amount. Separated participants with vested account balances not exceeding \$5,000 will receive lump-sum distributions as soon as possible following the event that entitles a participant to a distribution. Separated participants with vested account balances in excess of \$1,000 and less than or equal to \$5,000 that have not made an election will have their account rolled into an IRA. Terminated participants with vested account balances exceeding \$5,000 must consent to the distribution and may delay timing of the distribution, subject to minimum distribution rules required by law. The Plan also provides for certain hardship withdrawals and participant loans as described above. Distributions of benefits are recorded as withdrawals from the Plan and reduction of assets available for plan benefits in the period paid to the participant.

Notes Receivable From Participants

Participants may borrow approved amounts, not less than \$1,000, from their vested account balance up to the lesser of (a) \$50,000 reduced by the excess, if any, of a participant's highest balance of loans from the Plan during the 12-month period prior to the date of the loan over their current outstanding balance of loans on the date of the loan or (b) 50% of the vested account balance. A participant may have no more than two loans outstanding at a time and the term of the loan may not exceed five years. If a loan is for the purchase of a primary residence, the term will be 15 years. The loans are secured by the balance in the participant's vested account and bears interest at the prime rate plus 1%. The loan must provide at least quarterly payments under a level amortization schedule. For participants currently employed by the Company, the Plan requires the participant receiving a loan from the Plan to enter into a payroll deduction or Automated Clearing House (ACH) agreement to repay the loan.

Notes to Financial Statements

December 31, 2022 and 2021

Forfeited Accounts

There were no unallocated forfeitures at December 31, 2022 or December 31, 2021. Forfeitures may first be used to pay any administrative expenses, and any remaining forfeitures will be used to reduce Company contributions. Forfeitures used to pay administrative expenses during 2022 and 2021 were \$26,431 and \$27,005, respectively.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2022 and 2021

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Alerus Financial, N.A., formerly Alliance Benefit Group North Central States, Inc. This pre-approved plan document has been filed with the appropriate agency. The Plan has not been submitted to the Internal Revenue Service for an individual determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

In 2020, the Company adopted the CARES Act provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applied to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be reamortized over the remaining period of the loans, plus the suspension period. These temporary CARES Act provisions expired in 2020. The Plan was amended to reflect these changes in 2022.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

In 2020, the Plan Sponsor (Company) implemented the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020. These temporary CARES Act provisions expired in 2020. The Plan was amended to reflect these changes in 2022.

Administrative Expenses

The expenses of administering the Plan are paid from the Plan unless the Company elects to pay the expenses. The Company also provides certain accounting, recordkeeping, and administrative services for the Plan for which it receives no compensation.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through October 11, 2023, which is the date the financial statements were available to be issued.

Note 3: Certification by Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2022 and 2021
- Investment income and interest income on notes receivable on participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform procedures with respect to this certified investment information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

	Fair Value Measurements Using			Total
	Level 1	Level 2	Level 3	
December 31, 2022				
Money market fund	\$ 513,182	\$ -	\$ -	\$ 513,182
Mutual funds	23,458,900	-	-	23,458,900
Total assets at fair value	<u>\$ 23,972,082</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,972,082</u>
	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
December 31, 2021				
Money market fund	\$ 316,126	\$ -	\$ -	\$ 316,126
Mutual funds	24,943,824	-	-	24,943,824
Total assets at fair value	<u>\$ 25,259,950</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,259,950</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan had no Level 2 or Level 3 investments.

Mutual Funds

The fair values of mutual fund investments are determined by obtaining net asset value (NAV) of shares via quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Note 5: Transactions with Parties-in-Interest

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Fees paid by the Plan to Alerus Financial, N.A. the custodian, for investment management and other services amounted to \$161,848 and \$139,638 for the years ended December 31, 2022 and 2021, respectively.
