INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Accurate Background 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Accurate Background 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the 2022 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2022 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2022 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2022 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

INDEPENDENT AUDITORS' REPORT (CONTINUED)

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Accurate Background 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 25, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form

and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

ACCURATE BACKGROUND 401(K) PLAN

Notes to Financial Statements

1. Description of the Plan

The following description of the Accurate Background 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a cash deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”), covering substantially all employees of Accurate Background, Inc. (“Company”). The Plan was established for the purpose of providing retirement benefits for employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Fidelity Management Trust Company (“Fidelity” or the “Trustee”) is the appointed custodian of the Plan’s assets. Participants may direct their contributions into various investment options offered by the Plan. The Plan is administered by the Company. The Plan was adopted December 15, 1998 and has been amended at various times through December 31, 2022.

Effective January 1, 2015, the Company elected to match 100 percent of a participant’s salary deferral, up to a maximum deferral of 3 percent for the pay period. The Company has the right under the Plan to discontinue or modify its matching contributions at any time. In order to be eligible for matching contributions, a participant need not complete any service requirement.

Effective December 1, 2020 (“Merger Date”), the Career Builder Employment Screening LLC, 401(k) Plan (“CBES Plan”) was merged into the Plan. The CBES Plan was a cash deferred arrangement under Section 401(k) of the Code.

Effective January 1, 2021, the Plan was amended to reinstate a Safe Harbor Match at 4 percent.

Eligibility

Employees who have attained at least 18 years of age are eligible to enroll in the Plan on the first day of the month coinciding with or following the satisfaction of the age requirement. Employees can opt out of Plan enrollment at any time.

See accompanying independent auditors’ report.

ACCURATE BACKGROUND 401(K) PLAN

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Employees may elect to defer a percentage of their eligible compensation into the Plan. Compensation deferrals cannot exceed the maximum deferral, as determined by the Internal Revenue Service (IRS) each year. Such deferral limitation was \$20,500 and \$19,500 for 2022 and 2021, respectively, and employees who attained the age of 50 on or before December 31, 2022 and 2021 were eligible to make catch-up contributions of up to \$6,500 during each respective Plan year.

The Company may also make discretionary contributions to the Plan in such amounts as determined by resolution of the Board of Directors. There were no discretionary contributions for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Company contributions, (b) earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

Participants direct the investment of their individual contributions and Company's matching contributions in any one or more of the investment funds offered by the Plan. Participants may elect to change the investments of their contributions and any Company contributions, or to transfer all or part of their account balances, among the various investment funds in increments of one percent.

Vesting

Participant contributions are fully vested when made. Participants in the Plan receive vesting credit for the Company's discretionary contributions based upon years of service, beginning with the date of employment with the Company according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	30%
2	70%
3 or more	100%

See accompanying independent auditors' report.

ACCURATE BACKGROUND 401(K) PLAN

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Distributions and Payment of Benefits

The normal retirement age is 65. Upon the death, disability or retirement at or after normal retirement age of a participant who had not incurred a separation from service, their account is fully vested. A participant who incurs a termination of employment prior to normal retirement age is entitled to that portion of Plan benefits earned to date, with vesting based upon the years of service credited as of the date of termination. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an individual retirement account. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to pay administrative expenses or reduce Company contributions. During the years ended December 31, 2022 and 2021, \$0 and \$71,000, respectively, from forfeitures were used to reduce administrative expenses or employer contributions. At December 31, 2022 and 2021, the unallocated forfeiture balance was \$69,600 and \$46,200, respectively.

Plan Expenses

Administrative, audit, and recordkeeping fees are paid by the Company. Investment management fees are paid from the Plan's assets. During the years ended December 31, 2022 and 2021, the Company paid approximately \$14,500 and \$15,600, respectively, for such expenses.

See accompanying independent auditors' report.

ACCURATE BACKGROUND 401(K) PLAN

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable from Participants

Notes receivable from participants are secured by the participant's account balance and may not exceed the lesser of 50 percent of the participant's account balance or \$50,000 in the aggregate for any individual participant. Loan maturity is not to exceed five years, except in the case where the loan is used to acquire or construct the participant's principal residence, in which case loans may be extended up to 10 years.

The loans are secured by the balance in the participant's account and generally bear interest at annual rates varying with the prime interest rate plus one percent on the date the loan is processed. At December 31, 2022, the annual rate of all notes outstanding ranged between 4.25 percent through 7.25 percent. Principal and interest are paid ratably through payroll deductions. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021, respectively. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets and changes therein at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates are made in determining fair value of investments in registered investment companies. Actual results could differ from those estimates.

See accompanying independent auditors' report.

ACCURATE BACKGROUND 401(K) PLAN

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information obtained from the asset custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's net gains and losses on investments bought and sold, as well as held, during the year.

Investments in registered investment companies are valued at the quoted net asset value of the shares held by the Plan at year end. See Note 3 for discussion of fair value measurements.

Subsequent Events

The Plan's management evaluated subsequent events through October 10, 2023, the date the financial statements were ready to be issued.

3. Fair Value Measurements

The authoritative guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.

See accompanying independent auditors' report.

ACCURATE BACKGROUND 401(K) PLAN

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

- Level 2 — Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Registered investment companies may be redeemed on a daily basis, many with no redemption restrictions, and investments can be transferred once every thirty-days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into that originating investment until the thirty-day period has expired. New contributions are allowed during this time period.

There was no transfer of investments between Level 1 and 2 inputs during the years ended December 31, 2022 and 2021, respectively.

As of December 31, 2022 and 2021, the Plan held investments as follows:

December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 25,770,347	\$ -	\$ -	\$ 25,770,347
	<u>\$ 25,770,347</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,770,347</u>
December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 29,677,877	\$ -	\$ -	\$ 29,677,877
	<u>\$ 29,677,877</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,677,877</u>

See accompanying independent auditors' report.

4. Information Certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to investment information certified as complete and accurate by Fidelity, except for comparing such information certified by the trustee to the information included in the Plan's financial statements and supplemental schedule.

5. Party-in-Interest Transactions

Certain of the Plan's investments are invested in funds offered by Fidelity. Therefore, transactions involving these investments qualify as permitted party-in-interest. The Plan made direct payments to Fidelity for administrative services of \$0 and \$37,358 for the years ended December 31, 2022 and 2021, respectively. Notes receivable from participants also qualify as permitted party-in-interest transactions.

The Company, as the sponsor of the Plan, paid certain administrative expenses of the Plan during each of the years ended December 31, 2022 and 2021.

6. Tax Status

The Plan adopted a volume submitter defined contribution retirement plan (the "Volume Submitter Plan") developed by Fidelity Management & Research Company ("FMR") (an affiliate of the Trustee). The Internal Revenue Service (IRS) has determined and informed FMR by a letter dated June 30, 2020 that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

See accompanying independent auditors' report.
