INDEPENDENT AUDITOR'S REPORT

To the Administration Committee
Industry Employees Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Industry Employees Incentive Savings Plan (IEISP), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ABC Company Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the Principal Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Industry Employees Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IEISP's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IEISP's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IEISP's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDUSTRY EMPLOYEES INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Industry Employees Incentive Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Industry Employees Incentive Savings Plan (the Plan), as amended, is a tax-qualified, single employer retirement plan. Employees are eligible to participate in the Plan on the one-year anniversary of their first hour of service to the company, excluding nonresident aliens and those employees whose retirement benefits are provided under a collective bargaining agreement. The participating employers include Dart Transportation Service, Dart Warehouse Corporation, Integrated Distribution System, Inc., Dart Equipment Corp., Dart International and Dedeaux Properties LLC (collectively, the Employers or Plan Administrators). The Employers have operations throughout the United States. The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan's Administration Committee oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administration Committee.

Contributions

Three general types of contributions are authorized under the plan document. First, employees may elect to defer a minimum of 3% of their compensation into the Plan subject to Internal Revenue Service (IRS) limitations. Second, Employer matching contributions equal to 100% of the participant's elective deferral, but limited to 3% of participating employees' compensation. Finally, at the discretion of their respective boards of directors, the individual employers may contribute a discretionary amount that is allocated proportionately based on relative participant compensation for that employer with respect to those employees who are eligible to share in the contribution for the plan year. The total discretionary match for 2022 was \$509,257.

Participant accounts

The participants are able to direct the investment of their entire account in various mutual funds selected by the Plan Administrators. If the participant does not provide their investment choices, their accounts will be invested in accordance with the default investment alternatives established under the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and discretionary contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a

Participant accounts, continued

participant is entitled is the benefit that can be provided from the participant's vested account. Prior to 1992, participants could request the trustee to purchase life insurance with a portion of their contributions. This option has not been available to the participants since then.

Notes receivable from participants

A Participant may borrow from his or her account an amount of not less than \$1,000 or in the aggregate more than the lesser of 25% of the participant's vested account balance or \$25,000. The loans are secured by up to 50% of the participant's vested account balance and bear interest at a rate of prime plus 1%. Loan terms generally range from one to five years. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

A participant may receive payments from the Plan under the following circumstances: termination, retirement, disability, death (in which case the payment is made to the participant's beneficiary), or a partial distribution as permitted by the Plan and/or required by the Internal Revenue Code (the Code).

Vesting

Participants are immediately vested in their participant-authorized contributions. Employer contributions are subject to a vesting schedule, which provides for vesting at a rate of 20% per year of service, after the completion of an employee's second year of service. The participant is fully vested after six years of service.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts were \$132,150 and \$43,556. These amounts are used as additional employer discretionary matching contributions allocated to eligible participant accounts. For the year ended December 31, 2022, no forfeitures were allocated to eligible participants.

B. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

**INDUSTRY EMPLOYEES INCENTIVE
SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

B. Summary of significant accounting policies, continued

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements accompanying notes and supplemental schedule.

Investment valuation

Investments are reported at fair value. Mutual funds traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Life insurance contracts purchased by the Plan are recorded based on the cash surrender value determined by the insurance carrier. Common/collective trusts are valued at net asset value as determined by the issuer based on the fair value of the underlying investments. The Galliard Stable Return fund, a common/collective trust, invested in fully benefit-responsive investment contracts that are recorded based on the contract value of underlying investments. The contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, approximates the fair value of these investment contracts at December 31, 2022. For the year ended December 31, 2022, the fair value was \$1,390,059, which was \$88,153 less than the contract value. An adjustment from contract value to fair value was made on the statement of net assets available for benefits at December 31, 2022. See note C for discussion of fair value measurements.

Notes receivable from participants

Notes receivable from participants are carried at their unpaid balance plus accrued but unpaid interest, as applicable.

INDUSTRY EMPLOYEES INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

B. Summary of significant accounting policies, continued

Excess Contributions Payable

Amounts payable to participants totaling \$93,796 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable as of December 31, 2022, with a corresponding corrective distribution expense. The Plan distributed the 2022 excess contributions prior to October 15, 2023. There were \$144,281 in excess participant contributions payable for the year ended December 31, 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Life insurance premiums are paid by the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of management's review of subsequent events

Subsequent events were evaluated through October 11, 2023, which is the date the financial statements were available to be issued.

C. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

**INDUSTRY EMPLOYEES INCENTIVE
SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

C. Fair Value Measurements, continued

Level 1 fair value measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 fair value measurements

The fair value of pooled, common and collective funds are valued using inputs other than quoted prices included within Level 1 that are either directly or indirectly observable for the asset. Inputs are observable but do not solely rely on quoted market prices to establish fair value.

The fair value of group life insurance policies are valued at the guaranteed cash value plus any refund value. The Settlement Dividend, available on some policies, is a settlement dividend payable upon termination of the policy. The Net Value is the sum of the Basic Value, the Dividend Value, and the Settlement Dividend, minus the Loan Principal and Loan Interest.

Level 3 fair value measurements

Unobservable inputs for the asset or liability.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value <u>As of December 31, 2022</u>

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Investment income	(6,336,432)	4,024,631

E. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds and common and collective trusts managed by the Principal Trust Company. Principal Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**INDUSTRY EMPLOYEES INCENTIVE
SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

G. Tax status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

H. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
