Independent Auditor's Report

To the Plan Administrator
Barnes Crossing Auto Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Barnes Crossing Auto Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Barnes Crossing Auto Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year then ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Barnes Crossing Auto Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Barnes Crossing Auto Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Barnes Crossing Auto Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Barnes Crossing Auto Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2022 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1. Description of Plan

The following brief description of the Barnes Crossing Auto Group 401(k) Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more detailed information.

General: The Plan is a defined contribution plan covering all employees of Barnes Crossing Auto, LLC; MOJ, LLC; TOFNC RR, LLC; HOC, LLC; FLOC, LLC; BCEC, LLC; VOFLC, LLC; TOFS, LLC; JMIT, LLC; BCASS, LLC; BCCBG, LLC; BCAF, LLC; BCK, LLC; and Barnes Crossing Auto Sales and Service of Starkville, LLC (collectively, the "Participating Employers") who have attained age 21 and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan was established January 1, 2022, for the benefit of the employees of the Participating Employers.

Administration: Barnes Crossing Auto, LLC ("Company"), the Plan Sponsor, controls and manages the operation and administration of the Plan.

Contributions: Each year, participants may contribute an amount up to 100 percent of compensation, as defined in the Plan, in the form of elective deferrals subject to limitations defined in the Internal Revenue Code. Participants may also elect to roll over any amounts from other qualified retirement plans. Catch-up contributions are allowed for those participants who attain age 50 by the end of the year. The Company may make matching contributions equal to a discretionary percentage or amount, to be determined annually by the Company, of the participants' 401(k) elective deferrals. The Company may also make a non-elective contribution that is contributed pro rata as a uniform percentage of compensation. For the year ending December 31, 2022, the Company made matching contributions of \$508,985. No non-elective contributions were made for the year ending December 31, 2022.

As of January 1, 2022, Plan management elected for the Plan to adopt a 401(k) Safe Harbor design for the plan. The Company will now provide fully vested qualified matching contributions (QMAC) for all eligible employees. The formula for calculating the QMAC is 100% of salary deferral contributions up to 4% of pay.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1. Description of Plan, Continued

Vesting: Participants are immediately 100 percent vested in their voluntary contributions, Company safe harbor matching contributions, and plus actual earnings thereon. Vesting of Company non-elective contributions is based on years of service. Company non-elective contributions are subject to a graded vesting schedule as follows: two years of service: 20%, three years of service: 40%, four years of service: 60%, five years of service: 80%, and six years of service: 100%.

Investment Options: All Plan investments are participant-directed. Participants can choose between multiple investment funds and can direct investment among the multiple funds. The investment alternatives differ in the level of potential investment earnings and risk. Participants may change their investment direction and existing investment mix at any time.

Payment of Benefits: Upon termination of service, death, disability, and retirement (age 65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of a lump sum payment. If the participant's vested interest in his or her account is greater than \$1,000 but less than \$5,000, the Plan Administrator is able to roll over his or her vested interest to an individual retirement plan. If greater than \$5,000, the participant can leave the account under the Plan. In-service distributions are available for employees age 59 1/2 or older and for qualifying hardships.

Forfeited Accounts: At December 31, 2022, forfeited nonvested accounts totaled \$-0-. These accounts will be used to reduce future employer contributions or to pay administrative expenses. For the year ending December 31, 2022, \$-0- was used to pay administrative expenses while \$-0- was used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting and Income Recognition: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for further discussions on fair value.

401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2. Summary of Significant Accounting Policies, Continued

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses: The Plan Sponsor provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the Plan Sponsor and include audit, accounting and legal fees. Administrative expenses directly allocable to individual participant-directed accounts are paid from the participant's account.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Subsequent Events - The Plan has evaluated the need for disclosures and/or adjustments resulting from subsequent events through October 12, 2023, the date the financial statements were available to be issued. This evaluation did not result in any subsequent events that necessitated adjustments.

Note 3. Investments

During the Plan years ended December 31, 2022, the Plan's investments including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by \$62,928 in 2022.

Note 4. Information Certified by the Trustee (Unaudited)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by the Trustee of the Plan, and furnished to the Plan Administrator. The Trustee is Ascensus Trust Company. The Plan Administrator has obtained a certification from the Trustee that such information is complete and accurate:

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data or correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be relevant observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Note 5. Fair Value Measurements, Continued

Interest bearing cash accounts and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<i>Assets at Fair Value as of December 31, 2022</i>			
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Cash - interest bearing	\$ 11,332	\$ -	\$ -	\$ 11,332
Mutual funds	1,076,823			1,076,823
Investments at fair value	<u>\$ 1,088,155</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,088,155</u>

Note 6. Tax Status

The Ascensus LLC prototype non-standardized profit sharing plan with cash or deferred arrangement (CODA) was adopted by the Company and obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype non-standardized profit sharing plan with CODA, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Plan management adopted a Safe Harbor design for the Plan, which means that the Plan automatically complies with the nondiscrimination requirements of Internal Revenue Code Section 401. The Plan has been amended since receiving the determination letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the Internal Revenue Code. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be a sustained upon examination. The Plan is subject to audits by tax authorities; however, there are currently no audits in progress for any tax periods.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by First Horizon Advisor, the Plan's investment advisors. The Vanguard Group, Inc serves as the Plan's recordkeeper. These transactions qualify as party in interest transactions. Fees paid by the Plan for recordkeeping and investment advisor services amounted to \$11,551 and \$3,042, respectively for the year ended December 31, 2022.

Note 10. Prohibited Transactions

During the year ended December 31, 2022, the Plan Sponsor failed to remit participant contributions totaling \$101,021 within the period described by Department of Labor (DOL) regulations. The Plan Sponsor has corrected the issue outside the DOL Voluntary Correction Program (VCP), and has remitted the lost earnings as well. The Plan Sponsor estimated the amount of correction payments due to the Plan and determined that the amount is immaterial for accrual.
