Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements

Note 1: Description of Plan

The following description of the AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, as most recently amended effective January 1, 2021, covering all eligible employees of AIDS Foundation of Chicago (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Company who are not covered by a union agreement, are not a leased employee and are not a nonresident alien; who have attained the age of 21; and have completed three months of service, as defined by the Plan, are eligible to participate in the Plan. Employees are eligible to participate in employee deferral, Company safe harbor, and the Company discretionary profit sharing portions of the Plan, effective on the first day of the next Plan quarter upon satisfying the eligibility requirements.

Contributions

Participants may contribute a percentage of annual compensation, as defined by the Plan, up to the Internal Revenue Service (IRS) limits and can defer into both pre-tax and Roth after-tax options. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Company contributes a safe harbor contribution of 3% and elected to make a discretionary profit sharing contribution of 2%, of eligible compensation, as defined by the Plan, to each participant. Company safe harbor and discretionary profit sharing contributions to the Plan for the year ended December 31, 2022, were \$417,814.

Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers several investment options under an investment contract with Lincoln National Life Insurance Company.

AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Company safe harbor contribution, and the Company's discretionary profit sharing contribution, if any, and allocations of the Plan's investment earnings or losses. Participant accounts are reduced by withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their elective deferrals and Company safe harbor contributions, plus actual earnings thereon. Participants vest in the Company discretionary profit sharing contributions credited to their accounts at a rate of 33% per year, becoming fully vested after three years.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$728 and \$6,468, respectively. Forfeitures can be used to reduce Company contributions or to pay Plan administrative expenses. During 2022, no amounts were used to reduce Company contributions and \$10,838 was used to pay Plan administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability, the attainment of age 59½, or for any other reason, a participant or their beneficiaries may elect to receive benefits in the form of a lump-sum payment equal to the value of the participant's vested interest in his or her account or installment payments, as defined in the Plan.

The Plan also allows hardship withdrawals, if certain criteria are met, subject to the terms of the Plan document.

Notes Receivable from Participants

Participants may obtain loans from their fund accounts based on individual account balances not to exceed the lesser of \$50,000 or one-half of their vested balance less any loan balance, as defined. The minimum loan amount allowed is \$1,000. A loan is secured by the balance in the participant's account. Interest is charged at the prevailing Prime rate as of the date of the loan, plus 1%. Interest rates on notes outstanding at December 31, 2022, ranged from 4.25% to 8.50%. Principal and interest amounts are paid ratably through payroll deductions.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan invests in a group annuity contract with Lincoln National Life Insurance Company ("Lincoln"). The contract consists of pooled separate accounts and a stable value account from which participants of the Plan choose for investment of their account balance. Participants hold units of participation in the individual pooled separate accounts or stable value account in which their account balances are invested.

The Plan's investments in the pooled separate accounts under the group annuity contract are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 4 for discussion of fair value measurements.

The Plan's investment in the stable value account under the group annuity contract with Lincoln is stated at contract value. Contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated to Plan participants based on their respective account balances and are included in net investment loss.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, and interest for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Lincoln National Life Insurance Company, the Custodian of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: The pooled separate accounts are valued at the net asset value (NAV) per unit, provided by the issuer of the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value. The NAV per unit is based on the fair value of the underlying investments owned by the pooled separate accounts, minus its liabilities, and divided by the number of shares outstanding.

AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

As the investments in the Plan valued at fair value are all measured using NAV as a practical expedient, none of the investments are required to be included in the fair value tables. Therefore, these tables have been omitted.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

<i>December 31</i>	Fair Value 2022	Fair Value 2021	Redemption Frequency (If Currently Eligible)	Unfunded Commitment	Redemption Notice Period
Units of Pooled Separate Accounts:					
Investment Funds:					
Asset allocation funds (a)	\$ 3,747,707	\$ 4,499,964	Daily	N/A	None
Fixed income funds (b)	44,380	52,515	Daily	N/A	None
Equity funds (c)	586,546	738,472	Daily	N/A	None
Balanced funds (d)	99,652	99,158	Daily	N/A	None
Total	\$ 4,478,285	\$ 5,390,109			

- (a) Asset allocation funds are designed to seek returns based on the risk tolerance of the individual investor.
- (b) Fixed income funds are seeking income or growth of income, with less emphasis on capital appreciation.
- (c) Equity funds include large, mid, and small cap growth and income funds both domestic and international and seek to provide opportunities for capital appreciation while providing a diverse mix of options for participant asset allocation preferences.
- (d) Balanced funds seek to balance growth of principal and current income by investing in a combination of stocks and bonds.

Note 5: Stable Value Account under Group Annuity Contract with Lincoln National Life Insurance Company

The Plan invests in a Stable Value Account under the group annuity contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract will continue in-force until terminated by either the Plan or the Plan's trustee. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Stable Value Account is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements

Note 5: Stable Value Account under Group Annuity Contract with Lincoln National Life Insurance Company (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate as shown on the contract specifications. The average credited rate for the Stable Value Account was 1.94% and 1.96% for the years ended December 31, 2022 and 2021, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer including Plan termination and other events as specified in the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

Note 6: Party-In-Interest Transactions

The Plan holds investments managed by the Plan's Custodian, Lincoln National Life Insurance Company, and therefore, transactions with respect to these investments are considered party-in-interest transactions. The Plan also pays fees to certain service providers for administration services provided to the Plan. Fees incurred and paid by the Plan for investment management and administration services were \$34,561 for the year ended December 31, 2022.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company discretionary profit sharing contributions.

Note 8: Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust, as amended January 1, 2021, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Company and the Plan Administrator believe that the Plan is qualified and the related trust is tax-exempt, and therefore no provision for income taxes has been included in the Plan's financial statements.

AIDS Foundation of Chicago Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements

Note 9: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Plan is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Plan's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Plan. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the Plan year ended December 31, 2021, totaling \$45,826, were remitted both outside the 15-day requirement as well as within the 15-day requirement but not at the earliest day reasonably segregated. These transactions constitute a prohibited transaction as defined by ERISA. During 2022, these transactions were fully corrected under the Voluntary Fiduciary Correction Program.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
